Free Skating Assured To Children

Park Board Asks Voluntary Fee From Adults

The youth of Arlington Heights have won a victory for free skating at Recreation Park. It was an easy victory and the Park and village boards were happy to capitulate.

After the public announcement two weeks ago that due to the expense, the park board had found it necessary to establish a skating fee of ten cents, the young people began to go elsewhere for their skating.

Parents became alarmed over reports of molestation occuring when children went to out-of-way places seeking ice. The park board found it difficult to secure fencing to encircle their pond and phone calls began to be received by the village. Under such a barrage the park board decided to make the skating fee voluntary. No effort will be made to collect from the children.

Geo. Glow explained the situation Monday night to the members of the village board who promptly agreed to cooperate by making no charge for the water. However, expense of supervision, maintenance and light are still to be met thru voluntary fees, announcement of which appears in an adjoining column.

The pond will be reconditioned each night that the weather permits and if freezing weather stays Arlington Heights young people are going to have a lot of good skating at the supervised pond.

Man Who Built 'Black Sox' Team To Speak At Men's Club

Clarence Rowland, one of the real old-timers in baseball who are still active will be the principle speaker at the next monthly dinner of the Arlington Heights Presbyterian Men's Club next Tuesday, at 6:30 p. m. in the church dining room.

Rowland is now chief of scouts for the Chicago Cubs and is recognized as one of the best judges of young baseball players in the business.

As manager of the Chicago White Sox, he built the team which earned the name "Black Sox" in the World Series of 1919--a team which many followers of the sport believe was one of the best teams of all time.

As player, manager, club owner, and scout Rowland has been in baseball for 38 years, and hence has an unusual knowledge of the game and of players from the old-timers to the present crop.

Those wishing to hear of his experience may make reservations by phoning 1395-J by this Saturday.

BAKE SALE

Don't forget to attend the bake sale given by the Lutheran Ladies Aid at Landmeier's hardware store Saturday at 1 o'clock.

Notice To Skaters—

Weather conditions permitting, skating will continue at Recreation park. There is no compulsory fee; however if you feel that it is worth a dime for the fun and benefit derived, your donation will be gratefully appreciated and applied toward the cost of maintaining and supervising the rink.

We would appreciate public cooperation in keeping off the pond when the ice is not in good skating condition.

Memory Still Wanders As Garage Employee Makes Identification

BULLETIN

Caylor was bound over to grand jury Wednesday afternoon on evidence submitted by his victims of Park Ridge and Skokie.

Chief Wittenburg of Mt. Prospect police department, has been doing a bit of sleuthing the past week that has identified Oriel Caylor, Web City, Iowa, with the gang that recently entered homes in Park Ridge and Skokie and came to grief when they attempted to gain entrance January 14 to the home of Mr. and Mrs. Sistler, George Street, Mt. Prospect.

Caylor, who is in custody of the states attorney's office still insists that he does not know what it is all about. He claims that the last thing he remembers was on January 11 at Joplin, Missouri, when he had a few drinks.

Identified by an employee of Purnell and Wilson, Des Plaines Ford Dealers, who made repairs to the bandit's car brought no admission from the prisoner.

Part of the loot discovered in the car by Art Gosch, Mt. Prospect police officer has been returned to owners in Park Ridge and Skokie, who identified their property.

Mt. Prospect police have received word from Rochelle police that the 1927 Reo car bearing Mt. Prospect sticker and owned by J. T. Duerkof, DesPlaines, had been abandoned in that town where the bandit evidently picked up a 1941 Ford coach. The Duerkof car disappeared from Mt. Prospect about the time that the local police were hunting for the other two members of the gang, a man and a woman.

Officer Gosch captured Caylor who was one of two men attempting to enter the Sistler home. After the capture, Gosch gave chase to a suspicious appearing car in the vicinity, driven by a woman who when the chase became hot, abandoned the car with its load of guns, radios, watches and other loot.

George Schimming On Health Tour To Southland

George Schimming, the popular Lions Club member is in the southland. After several severe attacks he finally admitted that the doctors were right and he needed a rest. Mrs. Schimming and their daughter Jan, went along with him to see that he really rests. His nephew Barney Moehling and his niece, Miss Della Meyer, are supposed to be the chauffeurs for the new Chevrolet.

They left Sunday morning to be gone two weeks, according to George. Mrs. George says it will be three weeks before they return.

Arlington Boy Makes Good In California

James L. Chapman whose boyhood was spent in Arlington Heights and who graduated from the Arlington Heights high school in 1924 has made good in California in his chosen profession as an attorney. Following his high school work here, he went to California, where he was employed in a bank. He later returned to enter Northwestern university, from which he passed the state bar examination in 1936.

The Santa Barbara News-Press tells the story of the service that James has given to his adopted state and the recognition that is being accorded to him:

James Lincoln Chapman was appointed Monday as deputy district attorney of Santa Barbara County to succeed Lawrence M. Parma, newly named justice of the peace.

The new member of the District Atorney Heckendorf's staff is 34 years old, and has been practicing law in Santa Barbara for the past three years, during which he has handled a wide variety of civil and criminal cases and has argued labor and taxation cases before the federal courts and the board of tax appeals. Recently he has also been connected with the county welfare department.

Chapman received both his undergraduate and his legal education at Northwestern university, being graduated with high honors. His experience in lines other than law includes banking, contracting and surveying.

In civic affairs, Chapman has membership in the Chamber of Commerce, Kiwanis club, and Noventa Toastmasters, serving recently as president of the latter group. He has also taken active part in Community Chest campaigns and the boys' work program of the Y.M.C.A., and directed the speakers' bureau for the 1940 Christmas Seal sale.

"Mr. Chapman is known to me as a capable, hard worker" Heckendorf said as Chapman was sworn in by County Clerk Lewis Monday. "He has done fine work here and elsewhere, and I know he will be able to carry on the responsibilities of his new job."

The new deputy district attorney is married and has a five-year old daughter. His home is at 2433 Chapala street.

Fisherman Flentie Does Not Get a Nibble From Aldermen

Mayor Flentie may or may not be a good fisherman, but the bait that he threw to the aldermen Monday night to settle the police radio question did not get a nibble. It is still unfinished business. The aldermen are evidently of the same opinion still and neither side would make the motion that would give Mayor Flentie the opportunity to cast the deciding vote that would dispose of that $900 radio fund.

Only routine matters were before the village board of trustees Monday evening. The treasurer reported receipt of $20,600 from the sale of the well bonds, which amount has been placed in a special fund. Expenses of the issue, including advertising and ordinance fees and legal expenses were ordered paid.

Sale of additional $2,500 in tax anticipation warrants was authorized, which will be used to pay in full all outstanding bills against the municipality as of Jan. 1, 1941.

The treasurer's office recently received a check for $1637.47, representing the payment of 2 per cent of gas revenue due the village for the period Jan. 1, 1940 to Dec. 31, 1940.

Notice was received from the county zoning commission for a public hearing in the Arlington Heights village hall at 9 p. m., Jan. 23, to consider the reclassification of Lot 25 in Arlington Heights Gardens, on Rand road, from 20,000 sq. ft. residential to farming classification.

Speak Your Piece

The fate of the United States in the present conflict is unknown, but it is still a democracy and every citizen has the same right as President Roosevelt to "speak his piece."

The members of congress and the senate are in a position to give effective voice to YOUR opinion -- if they know what that opinion is.

We, the common people should not sit idly by and "let George do it." We should not trust to luck that America will be kept out of the conflict. We will be as quick to blame Roosevelt as we are Hitler if this country enters the war. Perhaps we should blame ourselves, for doing nothing about it.

Some say that Roosevelt is heading for a dictatorship. If Congress permits it, you and your neighbor will be partly to blame unless you have spoken your piece to your representatives at the nation's capital.

Before this day is over, write to the following -- all of them if possible.

SENATORS ---

Wayland Brooks (R)
Scott W. Lucas (D)

REPRESENTATIVES --

Representatives at large, William G. Stratton (R), Stephen A. Day (R).
Leonard W. Schuetz (D), if in seventh district.
George A. Paddock (R), if in tenth district.
Chauncey W. Reed (R), if in eleventh district.

Communications intended for senators should be directed to the Senate office building, and for congressmen to the House

Tuberculin Test at Arlington High School Feb. 5

Is 'Safety First' Health Measure To Protect Pupils

Under the sponsorship of the Arlington Heights Health committee and the Tuberculosis Institute of Chicago and Cook county, students of the Arlington Heights high school will participate in the second annual tuberculin testing survey which is to be given on Wednesday, February 5th.

Dr. J. Sanford Kruglick, assistant medical director of the institute will conduct the tests with the assistance of Mrs. Adele Pino, school nurse. The tests are given without charge to all those desiring them, but no child will be tested unless he has returned the consent slip signed by his parents, it was emphasized today by the institute.

The tuberculin test is the only sure way of finding out whether or not a person has been exposed to tuberculosis, the institute further pointed out. From the subsequent positive reactions which are followed by x-rays it can be noted if the germ has been safely walled within the body or if further medical attention is needed to fortify the body.

"Because tuberculosis is the leading cause of death between the ages of 15 to 45 years, we feel that these skin tests are of vital importance to every high school student," Mrs. Pino said. "We know that if tuberculosis can be detected in the early stages of infection, and especially during the susceptible 'teen' age years, later disaster from advanced cases of tuberculosis will be prevented; hence further spread of the infection can also be checked before others become needless targets for this disease."

Horath Service Station Suffers $1200 Damages As Car Knocks Out Pillar

Virgil Horath service station on the Northwest highway in Arlington Heights, was damaged to the extent of $1200 when a motorist lost control of his car on the icy road and crashed into a pillar at one end of the arch over the pumps last Thursday morning.

The brick pillar, 3 feet square, with a 9-foot wall, turned to confetti and the heavy roof sagged to within five feet of the ground, twisting the building and cracking it in several places.

Art Manheim, Chicago driver of the car, was on his way to Barrington and had no intention of stopping at Horath's. Skid marks showed that the car slid 66 feet before striking the station. Manheim was driving alone and was uninjured.

Former Arlington Heights Man Loses Speech

John Ladas, of Zephyr cafe, Des Plaines and formerly of Arlington Heights, apparently lost his speech last week. He was taken to the Palatine community hospital and returned home Tuesday after making some recovery. John had a lot to say to his customers about Greek victories in Europe which may be partly blamed for John's loss of voice. John says it is bad enough to lose his voice especially when there is so much that can be said about those fighting Greeks.

Open House For 50th Wedding Anniversary

Mr. and Mrs. Lincoln Crane will celebrate their Golden Wedding Anniversary, Tuesday, January 28, 1941 at their home at 616 N. Dunton ave., Arlington Hts.

Frineds and relatives are invited to call upon them througout the afternoon and evening.

Mr. and Mrs. Crane have resided in Arlington Heights since September, 1903, having moved here from Winterset, Iowa, at that time.

Barrington Town-Warming Starts Sunday

P.-T.A. Speakers Urge Recreational Program

Will Consider Plans For 1941 Scouting

Executive Board Of Scout Council To Meet At Des Plaines Jan. 27

The objectives and program for Scouting and Cubbing in the Northwest Suburban Council Boy Scouts of America will be presented and decided on at the January meeting of the Executive Board to be held next Monday evening, January 27 at 8 o'clock at the Des-Plaines Municipal building.

The folowing men have been appointed as chairmen of the Council Operating and Planning Committees for 1941:

Organization and Extension, T. M. Whitson, Park Ridge.
Advancement, Russell B. Griess, Park Ridge.
Camping and Activities, M. C. Rhodes, Park Ridge.
Health and Safety, David Whitelaw Jr., Park Ridge.
Finance, John L. Bell, Barrington.
Cubbing, W. F. Kratt, Park Ridge.

The members of the executive boards are as follows:

F. O. Proctor, C. V. Baker, W. A. Miles, T. F. Coleman of Arlington Heights; L. W. Kester and James E. Wax of Mount Prospect; R. S. Cutler, Paul Wertz, Randolph Brooks and D. A. Hamilton of Skokie; R. B. Leslie, H. F. Koelling, W. H. Colman, F. O. Potter, F. G. Smith, H. P. Dunsmore, A. D. Hamilton, R. B. Griess, W. F. Kratt, M. C. Rhodes, Maurice Saunders Jr., M. E. Sullivan, W. C. Strassheim, David Whitelaw Jr., T. M. Whitson of Park Ridge, Erich Schalk, J. R. Lawrence, C. S. Stewart, S. H. Rosenthal, V. J. Wiberg of Des Plaines; John L. Bell, H. H. Calkins, R. A. Granger, Noble J. Puffer of Barrington and Wm. Kehe of Palatine.

St. John's Church Holds Annual Meeting

The congregation of St. Johns Evangelical church of Arlington Heights held their annual business meeting on Sunday, January 19, at 2:30 p. m. in the church.

Despite the recent Biulding program involving an expenditure of $9,000.00, the income for current expenses has experienced a gradual increase during the past five years so financial assistance on the part of the various organizations has become almost negligible.

Mr. John Bencic of Mount Prospect presided at the meeting. The following men were elected to the Church Council for a term of three years:

Financial secretary, Mr. Dick Friedrichs, Jr.; Deacon, Mr. William Deering, Sr.; Trustee, Mr. Emil F. Baumgarten.

The Rev. R. J. Kalwitz, treasurer of benevolences revealed that the giving to the Larger Kingdom Service has experienced a 30 per cent increase in the amount of gifts over that of the previous.

The congregation looks forward to still greater achievements during the new year.

County Plans New Bridge At Des Plaines

The city of Des Plaines has a new bridge coming, but its citizens are not sure that they want it. County Commissioner Wm. Busse, in a letter addressed to alderman Sam Campagna, stated that bids will be asked in the spring for a three span steel bridge with a roadway of 44 feet and five feet of sidewalk on each side, over Des Plaines river at Thacker st. The estimated cost is $200,000 and will be paid for from the county's share of gas tax money.

There are three schools facing this street. Some people fear that the construction of the bridge is the first step to widening the street and making it a through highway with resultant danger to pedestrians.

Fire Chief Welcomes First Grandchild

If the boys of the Arlington Heights fire department had their way, they would have gotten out the fire truck Thursday to welcome the arrival of little Miss Mary Kathleen O'Connell, granddaughter of fire chief R. W. Jahn, but the chief said "no." "That granddaughter is not in the same class as Cary Grant," said the chief, "even if she will be a movie star some day."

The little miss arrived Jan. 10 at the St. Francis hospital, Evanston. Mary Kathleen is also the first great grandchild of Mrs. Fk. Jahn.

Village Fathers Ask Scarsdale Dads To Curb Indian Fighters

Arlington Heights police department has made no effort as yet to check up on the number of air guns that Santa Claus brought to the hopeful Americans who reside in Scarsdale, but the use of those rifles is costing the municipality a lot of money and considerable discomfort to residents of Scarsdale who can not understand why blackouts are so frequent.

The army of "Indian fighters" are not yet fully equipped with guns and some of the rank and file arm themselves with stones and bricks, which are just as effective weapons against ornamental street lights as air guns and cause a lot more damage.

A shot at the street lights can only break the glass but when a brick is hurled, the light and fixture are not only destroyed but a short electric circuit is often established that takes some time to remedy.

If Scarsdale dads desire uninterrupted street lighting service it is up to them to curb the warfare being waged by their young sons.

Arlington Ballroom Burns

Dog Awakens Occupant Who Escapes With Clothes and Whiskey

Arlington ballroom, Higgins and Arlington Heights roads, burned to the ground early Sunday morning. "Dad" Meyers, the tenant, had closed the bar room at one o'clock and gone to bed. He was awakened by his dog and found the ballroom filled with smoke. Meyers told the police that after hastily getting together a few personal belongings and a carton of whiskey and cigarettes, he had no time to phone for help.

Chief Frank Bierman of the Mt. Prospect rural fire company, received a phone call from Henry Taege, forest preserve custodian, about 3:30 o'clock.

Nine firemen answered the call, but found the ballroom so far gone that no attempt was made to use water. Bierman placed Mr. Meyers in his own car until the arrival of state police who took Meyers to Arlington Heights police station until later in the day when he was released.

Arlington Ballroom was originally built and is still owned by Louis Schnell, 82 years old, who resides with his daughter in Elgin.

277 Letters Lost In Arlington Heights

It is said that all good things come to an end. This is certainly true of the opportunity to help in the Christmas Seal campaign. Our village always responds well to appeals for funds to carry on a worthy cause and the response to the Seal sale this season is no exception to that rule; however, there are still 277 letters outstanding from which the committee have had no response.

Can it be possible that in this "City of Good Neighbors" there are 277 families who feel no urge to help protect the health of their community? The committee feels certain that these people are forgetful rather than disinterested.

Our files are still open for contributions for a limited time. The committee is very anxious to have a record response to their letters and ask all those who have not yet responded to the call to do so at once however small the contribution may be.

Christmas Seal Sale Committee.

Ruth Karstens Is "Old Self" Again

Miss Ruth Karstens, who is in Phoenix, Ariz., writes the Herald that she especially appreciates receiving the home newspaper each week. She also sends a message to her friends. Here it is:

"I greatly appreciate all the lovely cards that you folks from Arlington sent to me during my illness. I am now feeling my "old-self" again, and am looking forward to attending the world's championship rodeo, which will be held here in Phoenix, the beginning of next month."—Ruth Karstens.

Farmers To Meet At Field House

Due to the destruction of Arlington Ballroom by fire Saturday morning, the power farming entertainment given under the auspices of John F. Garlisch will be held at the Arlington Heights field house. Eight well-known radio entertainers will provide the entertainment. There is no admission charge. Page two of the supplement of this edition carries full details.

A recreational program for Arlington Heights may be the result of a very interesting program which was presented in a panel discussion at the meeting of the Parent-Teacher Association on Tuesday evening in the North school.

Present at the meeting were members of the park board, members of the village board and members of all school boards in the village.

The discussion was led by Mr. Marion Hogate, recreation chairman for the P.-T. A. and an athletic instructor at the high school. Other members who discussed the situation were Mrs. C. E. McWharter, Mrs. Paul Collins, Mr. Ray Hayes, also an athletic director in the local high school, Mr. W. Vanderbeek, principal of the north school, and Mr. Hogreve, a director of a neighborhood park in Chicago, and Mrs. Langenhauser, midwest council recreational director of P.-T. A.'s in Chicago.

The need of a program of directed recreation was emphasized; one that would develop self confidence in children through proficiency in handicraft, sports, and all lines of recreation where they can learn to excell.

Mr. Ray Hayes stated that "A good recreation program is that ounce of prevention that is worth more than a pound of cure, for achievement in skills makes for proficiency in work, teaches cooperation in use of public facilities and has a long range value in making democracy function as a way of living."

It was brought out that a recreation program should include all in the community who feel the need of the many forms of recreation. Arlington Heights is not lacking in equipment for recreation, for it has two parks, well equipped for most all forms of recreation, with a fine field house, swimming pool, skating pond, tennis courts, soft and hard baseball diamonds, toboggan slide, wading pool, horse shoe and croquet sets which have never been used, but the need is great for directed recreation and the funds with which to operate such a program.

The park board has done all in its power to provide a recreational program, but has operated in the red ever since the completion of the swimming pool, through the lack of community participation.

Mr. Harth through his experience in recreational programs in Chicago stated that facilities such as are ready for use in Arlington Heights, are never put to their full operating capacity unless there is directed recreation.

Out of the discussion arose the conclusion that Arlington Heights needs a recreation commission, composed of members from all social and civic groups in the village to meet and formulate plans for a recreational program for Arlington Heights.

Mr. George Volz, president of the local park board and a member of the executive committee of the Illinois State Park Association, told of the bill which is soon to be introduced into the Illinois legislature, allowing a levy of one mill to be used by park boards for recreation purposes alone. Mr. Volz states that when this bill is ready to be presented that all interested in seeing such a program in Arlington Heights should write to representatives from this district at Springfield, urging the passing of such a bill.

The passing of such a bill would make a recreation program in Arlington Heights a sure thing, with funds enough to operate a full time program.

Milburn Bros. Approve Foreclosure In Vacant Lots In Cumberland

Des Plaines Council at its meeting Monday evening started a procedure which should mean that Cumberland will enjoy a big building program this coming summer.

Some men, among them Milburn Brothers, construction company at Mt. Prospect, have purchased all the special assessment bonds on the vacant lots in Cumberland. They asked council on Monday evening to start foreclosure proceeding on these lots for the taxes. Council by resolution did this. This means that the lots will be placed up for auction and that when sold that way will clear up all special assessments and taxes on them at a reduction. By doing this the new company will be able to sell the lots at reasonable prices.

The trustees, headed by Oscar Milburn, have said that plans are now in the making for the erection of many new homes in that section of the city this coming summer if the tax question on the lots can be straightened out and the foreclosure method is the only way it can be done.

March 1, 1941, dating will be given on all new subscriptions for this paper ordered prior to Feb. 10th. The sooner you order the paper, the more you will receive for your subscription price.

Fire Chief Jahn's 1940 Report Show Cause of Fires

Defective Wiring Most Prevalent Cause Of Home Fires

Arlington Heights had eighteen fires during 1940. The department officially answered nineteen calls, one of which was a false alarm. Only one grass fire was entered on the records, for which a charge was made to the municipality. Other grass fires were extinguished by the chief and assistants by hand without calling out the department and no charge was made to the municipality.

Classification of the calls show that defective wiring can be blamed for many of the fires. The classification reported by Chief Jahn follows:

2 false alarms, 4 automobile fires, 2 chimney fires, 4 defective wiring, 1 grass fire, 1 factory fire, 1 miscellaneous, 2 hot water heater, 2 from unknown cause and 1 storm call.

Arlington Heights passed thru the year without any dangerous fires and only in one case was the damage so great that any quantity of household goods were damaged or lost. None of the firemen received injuries. The majority of the fires occured during the winter months. In January, 1940 there were six calls and in November four and one in December.

Arlington Heights fire department believes in fire prevention. The department went a step further this year and visited every school in the municipality where literature was distributed and short talks given. The literature included color books for the lower grades which impressed the little tots with the danger of fires.

In the one case where a family lost its household belongings, the firemen purchased second hand furniture in order that the family could again take up housekeeping.

The firemen keep in touch with the latest fire fighting methods by sending regular delegates to the monthly meetings of the suburban firemen and the state associations.

Even firemen like to have their fun and the improvised "leaping lena" the stunting Ford that was the invention of a few of the boys, was in great demand at neighboring fire picnics during the summer.

The general public had its opportunity to show their appreciation for the service the local fireladdies had given the community by their patronage of the two-day firemen picnic held at Recreation park in August.

Calls answered by the firemen during the year were:

Jan. 8, 511 S. Belmont, false alarm.
Jan. 10, 537 S. Vail, truck fire.
Jan. 15, 407 N. Dunton ave., chimney fire.
Jan. 21, automobile fire.
Jan. 21, automobile fire.
Jan. 30, Arlington Heights National Bank, cause unknown.
March 12, 908 N. Dunton, open wiring and short circuit.
April 2, 28 S. Dunton, short circuit on electric iron extension cord.
April 3, grass fire.
May 11, truck fire.
June 22, 10 W. Campbell, basement fire, apparently caused by water heater.
June 29, Rand & State rds., kerosene hot water heater.
Aug. 10, Thermal Tile Insulating Co., fire in drying chamber.
Aug. 17, 401 N. Pine ave., kitchen fire.
Nov. 11, South Mitchell st., chimney fire on roof, removed refuse.
Nov. 11, Mitchell and Campbell, tree on fire from electric wires.
Nov. 16, 504 S. Mitchell, cause of fire unknown, Wm. Ehret burned about hands and face.
Nov. 29, 412 N. Haddow, motor on electric pump shorted.
Dec. 23, 108 Dwyer st., chimney fire.

Lions Club Movie Nets $400 For Community Service

Record crowds turned out for the Arlington Lions Club movie, "We're In The Movies," Friday and Saturday evening, as some 2,600 adult and children tickets were sold, making it a profitable venture for the Lions' community service fund. A net profit of $400 was realized by the club. The money is set aside to be used solely for such projects as the milk fund and the eye glass fund.

Friday night 1400 people crowded into the high school gym. There was standing room only, fifteen minutes before curtain time. Five hundred school children attended an afternoon matinee.

Local scenes in color seemed to be appreciated most by those that attended. L. Griffith, as narrator for the silent film, added bits about those who happened to appear in front of the camera, and drew many laughs.

The appearance of the movie queens Friday night on the stage created much interest. Miss Lois Bokelman was crowned queen of the movies in recognition of her having won the contest that closed in an enthusiastic spurt of advance ticket sales the evening before.

Free Skating Assured To Children

Park Board Asks Voluntary Fee From Adults

The youth of Arlington Heights have won a victory for free skating at Recreation Park. It was an easy victory and the Park and village boards were happy to capitulate.

After the public announcement two weeks ago that due to the expense, the park board had found it necessary to establish a skating fee of ten cents, the young people began to go elsewhere for their skating.

Parents became alarmed over reports of molestation occuring when children went to out-of-way places seeking ice. The park board found it difficult to secure fencing to encircle their pond and phone calls began to be received by the village. Under such a barrage the park board decided to make the skating fee voluntary. No effort will be made to collect from the children.

Geo. Glow explained the situation Monday night to the members of the village board who promptly agreed to cooperate by making no charge for the water. However, expense of supervision, maintenance and light are still to be met thru voluntary fees, announcement of which appears in an adjoining column.

The pond will be reconditioned each night that the weather permits and if freezing weather stays Arlington Heights young people are going to have a lot of good skating at the supervised pond.

Man Who Built 'Black Sox' Team To Speak At Men's Club

Clarence Rowland, one of the real old-timers in baseball who are still active will be the principle speaker at the next monthly dinner of the Arlington Heights Presbyterian Men's Club next Tuesday, at 6:30 p. m. in the church dining room.

Rowland is now chief of scouts for the Chicago Cubs and is recognized as one of the best judges of young baseball players in the business.

As manager of the Chicago White Sox, he built the team which earned the name "Black Sox" in the World Series of 1919--a team which many followers of the sport believe was one of the best teams of all time.

As player, manager, club owner, and scout Rowland has been in baseball for 38 years, and hence has an unusual knowledge of the game and of players from the old-timers to the present crop.

Those wishing to hear of his experience may make reservations by phoning 1395-J by this Saturday.

BAKE SALE

Don't forget to attend the bake sale given by the Lutheran Ladies Aid at Landmeier's hardware store Saturday at 1 o'clock.

Notice To Skaters—

Weather conditions permitting, skating will continue at Recreation park. There is no compulsory fee; however if you feel that it is worth a dime for the fun and benefit derived, your donation will be gratefully appreciated and applied toward the cost of maintaining and supervising the rink.

We would appreciate public cooperation in keeping off the pond when the ice is not in good skating condition.

BULLETIN

Caylor was bound over to grand jury Wednesday afternoon on evidence submitted by his victims of Park Ridge and Skokie.

Chief Wittenburg of Mt. Prospect police department, has been doing a bit of sleuthing the past week that has identified Oriel Caylor, Web City, Iowa, with the gang that recently entered homes in Park Ridge and Skokie and came to grief when they attempted to gain entrance January 14 to the home of Mr. and Mrs. Sistler, George Street, Mt. Prospect.

Caylor, who is in custody of the states attorney's office still insists that he does not know what it is all about. He claims that the last thing he remembers was on January 11 at Joplin, Missouri, when he had a few drinks.

Identified by an employee of Purnell and Wilson, Des Plaines Ford Dealers, who made repairs to the bandit's car brought no admission from the prisoner.

Part of the loot discovered in the car by Art Gosch, Mt. Prospect police officer has been returned to owners in Park Ridge and Skokie, who identified their property.

Mt. Prospect police have received word from Rochelle police that the 1927 Reo car bearing Mt. Prospect sticker and owned by J. T. Duerkof, DesPlaines, had been abandoned in that town where the bandit evidently picked up a 1941 Ford coach. The Duerkof car disappeared from Mt. Prospect about the time that the local police were hunting for the other two members of the gang, a man and a woman.

Officer Gosch captured Caylor who was one of two men attempting to enter the Sistler home. After the capture, Gosch gave chase to a suspicious appearing car in the vicinity, driven by a woman who when the chase became hot, abandoned the car with its load of guns, radios, watches and other loot.

George Schimming On Health Tour To Southland

George Schimming, the popular Lions Club member is in the southland. After several severe attacks he finally admitted that the doctors were right and he needed a rest. Mrs. Schimming and their daughter Jan, went along with him to see that he really rests. His nephew Barney Moehling and his niece, Miss Della Meyer, are supposed to be the chauffeurs for the new Chevrolet.

They left Sunday morning to be gone two weeks, according to George. Mrs. George says it will be three weeks before they return.

Arlington Boy Makes Good In California

James L. Chapman whose boyhood was spent in Arlington Heights and who graduated from the Arlington Heights high school in 1924 has made good in California in his chosen profession as an attorney. Following his high school work here, he went to California, where he was employed in a bank. He later returned to enter Northwestern university, from which he passed the state bar examination in 1936.

The Santa Barbara News-Press tells the story of the service that James has given to his adopted state and the recognition that is being accorded to him:

James Lincoln Chapman was appointed Monday as deputy district attorney of Santa Barbara County to succeed Lawrence M. Parma, newly named justice of the peace.

The new member of the District Atorney Heckendorf's staff is 34 years old, and has been practicing law in Santa Barbara for the past three years, during which he has handled a wide variety of civil and criminal cases and has argued labor and taxation cases before the federal courts and the board of tax appeals. Recently he has also been connected with the county welfare department.

Chapman received both his undergraduate and his legal education at Northwestern university, being graduated with high honors. His experience in lines other than law includes banking, contracting and surveying.

In civic affairs, Chapman has membership in the Chamber of Commerce, Kiwanis club, and Noventa Toastmasters, serving recently as president of the latter group. He has also taken active part in Community Chest campaigns and the boys' work program of the Y.M.C.A., and directed the speakers' bureau for the 1940 Christmas Seal sale.

"Mr. Chapman is known to me as a capable, hard worker" Heckendorf said as Chapman was sworn in by County Clerk Lewis Monday. "He has done fine work here and elsewhere, and I know he will be able to carry on the responsibilities of his new job."

The new deputy district attorney is married and has a five-year old daughter. His home is at 2433 Chapala street.

Fisherman Flentie Does Not Get a Nibble From Aldermen

Mayor Flentie may or may not be a good fisherman, but the bait that he threw to the aldermen Monday night to settle the police radio question did not get a nibble. It is still unfinished business. The aldermen are evidently of the same opinion still and neither side would make the motion that would give Mayor Flentie the opportunity to cast the deciding vote that would dispose of that $900 radio fund.

Only routine matters were before the village board of trustees Monday evening. The treasurer reported receipt of $20,600 from the sale of the well bonds, which amount has been placed in a special fund. Expenses of the issue, including advertising and ordinance fees and legal expenses were ordered paid.

Sale of additional $2,500 in tax anticipation warrants was authorized, which will be used to pay in full all outstanding bills against the municipality as of Jan. 1, 1941.

The treasurer's office recently received a check for $1637.47, representing the payment of 2 per cent of gas revenue due the village for the period Jan. 1, 1940 to Dec. 31, 1940.

Notice was received from the county zoning commission for a public hearing in the Arlington Heights village hall at 9 p. m., Jan. 23, to consider the reclassification of Lot 25 in Arlington Heights Gardens, on Rand road, from 20,000 sq. ft. residential to farming classification.

Lions Club Movie Nets $400 For Community Service

Record crowds turned out for the Arlington Lions Club movie, "We're In The Movies," Friday and Saturday evening, as some 2,600 adult and children tickets were sold, making it a profitable venture for the Lions' community service fund. A net profit of $400 was realized by the club. The money is set aside to be used solely for such projects as the milk fund and the eye glass fund.

Friday night 1400 people crowded into the high school gym. There was standing room only, fifteen minutes before curtain time. Five hundred school children attended an afternoon matinee.

Local scenes in color seemed to be appreciated most by those that attended. L. Griffith, as narrator for the silent film, added bits about those who happened to appear in front of the camera, and drew many laughs.

The appearance of the movie queens Friday night on the stage created much interest. Miss Lois Bokelman was crowned queen of the movies in recognition of her having won the contest that closed in an enthusiastic spurt of advance ticket sales the evening before.

Speak Your Piece

The fate of the United States in the present conflict is unknown, but it is still a democracy and every citizen has the same right as President Roosevelt to "speak his piece."

The members of congress and the senate are in a position to give effective voice to YOUR opinion -- if they know what that opinion is.

We, the common people should not sit idly by and "let George do it." We should not trust to luck that America will be kept out of the conflict. We will be as quick to blame Roosevelt as we are Hitler if this country enters the war. Perhaps we should blame ourselves, for doing nothing about it.

Some say that Roosevelt is heading for a dictatorship. If Congress permits it, you and your neighbor will be partly to blame unless you have spoken your piece to your representatives at the nation's capital.

Before this day is over, write to the following -- all of them if possible.

SENATORS ----

Wayland Brooks (R)
Scott W. Lucas (D)

REPRESENTATIVES --

Representatives at large, William G. Stratton (R), Stephen A. Day (R).
Leonard W. Schuetz (D), if in seventh district.
George A. Paddock (R), if in tenth district.
Chauncey W. Reed (R), if in eleventh district.

Communications intended for senators should be directed to the Senate office building, and for congressmen to the House

Tuberculin Test at Arlington High School Feb. 5

Is 'Safety First' Health Measure To Protect Pupils

Under the sponsorship of the Arlington Heights Health committee and the Tuberculosis Institute of Chicago and Cook county, students of the Arlington Heights high school will participate in the second annual tuberculin testing survey which is to be given on Wednesday, February 5th.

Dr. J. Sanford Kruglick, assistant medical director of the institute will conduct the tests with the assistance of Mrs. Adele Pino, school nurse. The tests are given without charge to all those desiring them, but no child will be tested unless he has returned the consent slip signed by his parents, it was emphasized today by the institute.

The tuberculin test is the only sure way of finding out whether or not a person has been exposed to tuberculosis, the institute further pointed out. From the subsequent positive reactions which are followed by x-rays it can be noted if the germ has been safely walled within the body or if further medical attention is needed to fortify the body.

"Because tuberculosis is the leading cause of death between the ages of 15 to 45 years, we feel that these skin tests are of vital importance to every high school student," Mrs. Pino said. "We know that if tuberculosis can be detected in the early stages of infection, and especially during the susceptible 'teen' age years, later disaster from advanced cases of tuberculosis will be prevented; hence further spread of the infection can also be checked before others become needless targets for this disease."

Horath Service Station Suffers $1200 Damages As Car Knocks Out Pillar

Virgil Horath service station on the Northwest highway in Arlington Heights, was damaged to the extent of $1200 when a motorist lost control of his car on the icy road and crashed into a pillar at one end of the arch over the pumps last Thursday morning.

The brick pillar, 3 feet square, with a 9-foot wall, turned to confetti and the heavy roof sagged to within five feet of the ground, twisting the building and cracking it in several places.

Art Manheim, Chicago driver of the car, was on his way to Barrington and had no intention of stopping at Horath's. Skid marks showed that the car slid 66 feet before striking the station. Manheim was driving alone and was uninjured.

Former Arlington Heights Man Loses Speech

John Ladas, of Zephyr cafe, Des Plaines and formerly of Arlington Heights, apparently lost his speech last week. He was taken to the Palatine community hospital and returned home Tuesday after making some recovery. John had a lot to say to his customers about Greek victories in Europe which may be partly blamed for John's loss of voice. John says it is bad enough to lose his voice especially when there is so much that can be said about those fighting Greeks.

Open House For 50th Wedding Anniversary

Mr. and Mrs. Lincoln Crane will celebrate their Golden Wedding Anniversary, Tuesday, January 28, 1941 at their home at 616 N. Dunton ave., Arlington Hts.

Frineds and relatives are invited to call upon them througout the afternoon and evening.

Mr. and Mrs. Crane have resided in Arlington Heights since September, 1903, having moved here from Winterset, Iowa, at that time.

St. John's Church Holds Annual Meeting

The congregation of St. Johns Evangelical church of Arlington Heights held their annual business meeting on Sunday, January 19, at 2:30 p. m. in the church.

Despite the recent Biulding program involving an expenditure of $9,000.00, the income for current expenses has experienced a gradual increase during the past five years so financial assistance on the part of the various organizations has become almost negligible.

Mr. John Bencic of Mount Prospect presided at the meeting. The following men were elected to the Church Council for a term of three years:

Financial secretary, Mr. Dick Friedrichs, Jr.; Deacon, Mr. William Deering, Sr.; Trustee. Mr. Emil F. Baumgarten.

The Rev. R. J. Kalwitz, treasurer of benevolences revealed that the giving to the Larger Kingdom Service has experienced a 30 per cent increase in the amount of gifts over that of the previous.

The congregation looks forward to still greater achievements during the new year.

County Plans New Bridge At Des Plaines

The city of Des Plaines has a new bridge coming, but its citizens are not sure that they want it. County Commissioner Wm. Busse, in a letter addressed to alderman Sam Campagna, stated that bids will be asked in the spring for a three span steel bridge with a roadway of 44 feet and five feet of sidewalk on each side, over Des Plaines river at Thacker st. The estimated cost is $200,000 and will be paid for from the county's share of gas tax money.

There are three schools facing this street. Some people fear that the construction of the bridge is the first step to widening the street and making it a through highway with resultant danger to pedestrians.

Fire Chief Welcomes First Grandchild

If the boys of the Arlington Heights fire department had their way, they would have gotten out the fire truck Thursday to welcome the arrival of little Miss Mary Kathleen O'Connell, granddaughter of fire chief R. W. Jahn, but the chief said "no." "That granddaughter is not in the same class as Cary Grant," said the chief, "even if she will be a movie star some day."

The little miss arrived Jan. 10 at the St. Francis hospital, Evanston. Mary Kathleen is also the first great grandchild of Mrs. Fk. Jahn.

Village Fathers Ask Scarsdale Dads To Curb Indian Fighters

Arlington Heights police department has made no effort as yet to check up on the number of air guns that Santa Claus brought to the hopeful Americans who reside in Scarsdale, but the use of those rifles is costing the municipality a lot of money and considerable discomfort to residents of Scarsdale who can not understand why blackouts are so frequent.

The army of "Indian fighters" are not yet fully equipped with guns and some of the rank and file arm themselves with stones and bricks, which are just as effective weapons against ornamental street lights as air guns and cause a lot more damage.

A shot at the street lights can only break the glass but when a brick is hurled, the light and fixture are not only destroyed but a short electric circuit is often established that takes some time to remedy.

If Scarsdale dads desire uninterrupted street lighting service it is up to them to curb the warfare being waged by their young sons.

Arlington Ballroom Burns

Dog Awakens Occupant Who Escapes With Clothes and Whiskey

Arlington ballroom, Higgins and Arlington Heights roads, burned to the ground early Sunday morning. "Dad" Meyers, the tenant, had closed the bar room at one o'clock and gone to bed. He was awakened by his dog and found the ballroom filled with smoke. Meyers told the police that after hastily getting together a few personal belongings and a carton of whiskey and cigarettes, he had no time to phone for help.

Chief Frank Bierman of the Mt. Prospect rural fire company, received a phone call from Henry Taege, forest preserve custodian, about 3:30 o'clock.

Nine firemen answered the call, but found the ballroom so far gone that no attempt was made to use water. Bierman placed Mr. Meyers in his own car until the arrival of state police who took Meyers to Arlington Heights police station until later in the day when he was released.

Arlington Ballroom was originally built and is still owned by Louis Schnell, 82 years old, who resides with his daughter in Elgin.

277 Letters Lost In Arlington Heights

It is said that all good things come to an end. This is certainly true of the opportunity to help in the Christmas Seal campaign. Our village always responds well to appeals for funds to carry on a worthy cause and the response to the Seal sale this season is no exception to that rule; however, there are still 277 letters outstanding from which the committee have had no response.

Can it be possible that in this "City of Good Neighbors" there are 277 families who feel no urge to help protect the health of their community? The committee feels certain that these people are forgetful rather than disinterested.

Our files are still open for contributions for a limited time. The committee is very anxious to have a record response to their letters and ask all those who have not yet responded to the call to do so at once however small the contribution may be.

Christmas Seal Sale Committee.

Ruth Karstens Is "Old Self" Again

Miss Ruth Karstens, who is in Phoenix, Ariz., writes the Herald that she especially appreciates receiving the home newspaper each week. She also sends a message to her friends. Here it is:

"I greatly appreciate all the lovely cards that you folks from Arlington sent to me during my illness. I am now feeling my "old-self" again, and am looking forward to attending the world's championship rodeo, which will be held here in Phoenix, the beginning of next month."—Ruth Karstens.

Farmers To Meet At Field House

Due to the destruction of Arlington Ballroom by fire Saturday morning, the power farming entertainment given under the auspices of John F. Garlisch will be held at the Arlington Heights field house. Eight well-known radio entertainers will provide the entertainment. There is no admission charge. Page two of the supplement of this edition carries full details.

A recreational program for Arlington Heights may be the result of a very interesting program which was presented in a panel discussion at the meeting of the Parent-Teacher Association on Tuesday evening in the North school.

Present at the meeting were members of the park board, members of the village board and members of all school boards in the village.

The discussion was led by Mr. Marion Hogate, recreation chairman for the P.-T. A. and an athletic instructor at the high school. Other members who discussed the situation were Mrs. C. E. McWharter, Mrs. Paul Collins, Mr. Ray Hayes, also an athletic director in the local high school, Mr. W. Vanderbeek, principal of the north school, and Mr. Hogreve, a director of a neighborhood park in Chicago, and Mrs. Langenhauser, midwest council recreational director of P.-T. A.'s in Chicago.

The need of a program of directed recreation was emphasized; one that would develop self confidence in children through proficiency in handicraft, sports, and all lines of recreation where they can learn to excell.

Mr. Ray Hayes stated that "A good recreation program is that ounce of prevention that is worth more than a pound of cure, for achievement in skills makes for proficiency in work, teaches cooperation in use of public facilities and has a long range value in making democracy function as a way of living."

It was brought out that a recreation program should include all in the community who feel the need of the many forms of recreation. Arlington Heights is not lacking in equipment for recreation, for it has two parks, well equipped for most all forms of recreation, with a fine field house, swimming pool, skating pond, tennis courts, soft and hard baseball diamonds, toboggan slide, wading pool, horse shoe and croquet sets which have never been used, but the need is great for directed recreation and the funds with which to operate such a program.

The park board has done all in its power to provide a recreational program, but has operated in the red ever since the completion of the swimming pool, through the lack of community participation.

Mr. Harth through his experience in recreational programs in Chicago stated that facilities such as are ready for use in Arlington Heights, are never put to their full operating capacity unless there is directed recreation.

Out of the discussion arose the conclusion that Arlington Heights needs a recreation commission, composed of members from all social and civic groups in the village to meet and formulate plans for a recreational program for Arlington Heights.

Mr. George Volz, president of the local park board and a member of the executive committee of the Illinois State Park Association, told of the biil which is soon to be introduced into the Illinois legislature, allowing a levy of one mill to be used by park boards for recreation purposes alone. Mr. Volz states that when this bill is ready to be presented that all interested in seeing such a program in Arlington Heights should write to representatives from this district at Springfield, urging the passing of such a bill.

The passing of such a bill would make a recreation program in Arlington Heights a sure thing, with funds enough to operate a full time program.

Milburn Bros. Approve Foreclosure In Vacant Lots In Cumberland

Des Plaines Council at its meeting Monday evening started a procedure which should mean that Cumberland will enjoy a big building program this coming summer.

Some men, among them Milburn Brothers, construction company at Mt. Prospect, have purchased all the special assessment bonds on the vacant lots in Cumberland. They asked council on Monday evening to start foreclosure proceeding on these lots for the taxes. Council by resolution did this. This means that the lots will be placed up for auction and that when sold that way will clear up all special assessments and taxes on them at a reduction. By doing this the new company will be able to sell the lots at reasonable prices.

The trustees, headed by Oscar Milburn, have said that plans are now in the making for the erection of many new homes in that section of the city this coming summer if the tax question on the lots can be straightened out and the foreclosure method is the only way it can be done.

Fire Chief Jahn's 1940 Report Show Cause of Fires

Defective Wiring Most Prevalent Cause Of Home Fires

Arlington Heights had eighteen fires during 1940. The department officially answered nineteen calls, one of which was a false alarm. Only one grass fire was entered on the records, for which a charge was made to the municipality. Other grass fires were extinguished by the chief and assistants by hand without calling out the department and no charge was made to the municipality.

Classification of the calls show that defective wiring can be blamed for many of the fires. The classification reported by Chief Jahn follows:

2 false alarms, 4 automobile fires, 2 chimney fires, 4 defective wiring, 1 grass fire, 1 factory fire, 1 miscellaneous, 2 hot water heater, 2 from unknown cause and 1 storm call.

Arlington Heights passed thru the year without any dangerous fires and only in one case was the damage so great that any quantity of household goods were damaged or lost. None of the firemen received injuries. The majority of the fires occured during the winter months. In January, 1940 there were six calls and in November four and one in December.

Arlington Heights fire department believes in fire prevention. The department went a step further this year and visited every school in the municipality where literature was distributed and short talks given. The literature included color books for the lower grades which impressed the little tots with the danger of fires.

In the one case where a family lost its household belongings, the firemen purchased second hand furniture in order that the family could again take up housekeeping.

The firemen keep in touch with the latest fire fighting methods by sending regular delegates to the monthly meetings of the suburban firemen and the state associations.

Even firemen like to have their fun and the improvised "leaping lena" the stunting Ford that was the invention of a few of the boys, was in great demand at neighboring fire picnics during the summer.

The general public had its opportunity to show their appreciation for the service the local fireladdies had given the community by their patronage of the two-day firemen picnic held at Recreation park in August.

Calls answered by the firemen during the year were:

Jan. 8, 511 S. Belmont, false alarm.
Jan. 10, 537 S. Vail, truck fire.
Jan. 15, 407 N. Dunton ave., chimney fire.
Jan. 21, automobile fire.
Jan. 21, automobile fire.
Jan. 30, Arlington Heights National Bank, cause unknown.
March 12, 908 N. Dunton, open wiring and short circuit.
April 2, 28 S. Dunton, short circuit on electric iron extension cord.
April 3, grass fire.
May 11, truck fire.
June 22, 10 W. Campbell, basement fire, apparently caused by water heater.
June 29, Rand & State rds., kerosene hot water heater.
Aug. 10, Thermal Tile Insulating Co., fire in drying chamber.
Aug. 17, 401 N. Pine ave., kitchen fire.
Nov. 11, South Mitchell st., chimney fire on roof, removed refuse.
Nov. 11, Mitchell and Campbell, tree on fire from electric wires.
Nov. 16, 504 S. Mitchell, cause of fire unknown, Wm. Ehret burned about hands and face.
Nov. 29, 412 N. Haddow, motor on electric pump shorted.
Dec. 23, 108 Dwyer st., chimney fire.

March 1, 1941, dating will be given on all new subscriptions for this paper ordered prior to Feb. 10th. The sooner you order the paper, the more you will receive for your subscription price.

CHRISTIAN SCIENCE CHURCHES

"Life" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 19.
The Golden Text was, "I will give unto him that is athirst of the fountain of the water of life freely. He that overcometh shall inherit all things; and I will be his God, and he shall be my son" (Revelation 21:6, 7).
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things" (Acts 17:24, 25).
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life is Mind, the creator reflected in His creations. The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas. The Scriptures also declare that God is Spirit. Therefore in Spirit all is harmony, and there can be no discord; all is Life, and there is no death" (p. 331).

February First Is Social Hygiene Day

By C. W. Lussman
Of Sieburg Pharmacy

A significant advance in the cause of public health is the blaze of publicity accorded in recent years to the prevention and stamping out of Syphilis.
One device used to make the public conscious of this effort on the part of medical science is to set apart one day of the year as "Social Hygiene Day." February 1 is the day.
It may be well to use this day for the health check, a blood test, to allay in your mind any lurking suspicion that the taint of disease has been inherited or acquired. The finest heritage you can pass on to your children is perfect health.

WHEN CAULIFLOWER IS A GOOD BUY

Cauliflower is a good buy right now in a good many parts of the country. In fact, one middle-western newspaper is even offering prizes for the best cauliflower recipes submitted by its readers.
This started me thinking about my favorite cauliflower recipe . . . not that I meant to submit it . . . I simply found myself hungry for the taste of these tender delicately flavored flowerets enriched with browned butter sauce and crispy brown buttery crumbs. Doesn't that sound like a distinctive and different vegetable dish well-deserving of its swanky-sounding name . . . "Cauliflower Au Beurre"?

Hints On Cooking Strong-Flavored Vegetables

But before I give you the recipe, let's discuss the general principles of cooking this vegetable which has been referred to as "Cabbage with a College Education". For cauliflower does belong to the family of strong-flavored vegetables which includes cabbage, turnips, brussels sprouts and broccoli. All of them are ruined . . . both in color and flavor . . . by too long cooking. So to prevent the development of a strong unpleasant taste in all these vegetables, COOK UNCOVERED in a LARGE AMOUNT of BOILING WATER FOR THE SHORTEST POSSIBLE TIME! Cook JUST UNTIL TENDER!
Drain at once when done . . . and save the water to use in soups and sauces. Many minerals and vitamins are in that water. That's why it is too valuable to throw away.

Add Salt While Cooking

One to 1½ teaspoons of salt may be added to each quart of the water during the boiling period.

WHEN IT COMES TO CAULIFLOWER

In buying cauliflower, choose white heads with fresh green leaves. Turn your back on yellowish-looking heads with withered leaves.
Remove the leaves, cut off the stalk and **soak 30 minutes (head down)** in cold salted water. Separate into flowerets and cook 8 to 10 minutes. Or if you wish to cook your cauliflower whole . . . it will require 20 minutes.

Serve Cauliflower With—

Drain and serve with: **Melted Butter . . . White Sauce . . .** or **Hollandaise Sauce.** A whole cauliflower is delicious sprinkled with grated cheese and paprika and served on a hot platter.

CAULIFLOWER AU BEURRE

Place cooked cauliflower on a hot serving platter . . . with the floweret side up. Pour browned buttered crumbs over it. To make the crumbs . . . allow butter to brown delicately over low heat. Add fine dry bread crumbs, and stir until nicely browned.

What Goes With Cauliflower Au Beurre

The next question is . . . what sort of a menu shall we plan to include our Cauliflower Au Beurre? What goes well with cauliflower? Here are two suggestions:

FOR SUNDAY DINNER
Roast Pork — Apple Sauce — Gravy — Baked Sweet Potatoes
Cauliflower Au Beurre
Tray of Relishes
Rolls — Butter — Jelly
Prune Cream Pie
Coffee

QUICK TOP-OF-THE-STOVE SUPPER
Corned Beef Hash with Poached Eggs
Cauliflower Au Beurre
Dill Pickles — Celery — Carrot Sticks
Bread and Butter
Apricot Sauce — Cookies (whatever kind you have on hand)
Coffee or Tea

Unmarried Youths Do Not Have To Look For A Job

Looking towards future demands from defense production industries for young manpower, the National Youth Administration will continue to enroll northern Cook county young persons for the direct purpose of providing them with basic work experience, it was announced this week by Clarence A. Bolton, NYA director.
Francis Walsh and Edith Heilemann, NYA project superintendents, are accepting applications from out-of-school youth between the ages of 17 and 24 inclusive who want to prepare for jobs on the industrial front. The local NYA office is at 1033 Davis street Evanston.
Both boys and girls participating on the NYA program are given the opportunity of acquiring basic job experience and work habits that will make them valuable to the industrial world. Those filling applications take the places of youth who constantly leave the program for full time employment. All youthful citizens who are unmarried and meet the age requirements are eligible for the program—if they desire work.

Mrs. Edward Leicht, Jr., entertained a group of friends last Thursday evening. Mrs. Harold Shellberg received high honors in bridge.

Douglas Edward, infant son of Mr. and Mrs. Ed. Leicht, Jr., was christened in Sunday service at Bethany Evangelical church in Chicago. "When Children Pray," was the solo sung by Mrs. Viola Repp for this occasion of baptism.

Mr. and Mrs. Alfred Sander have a son born last week.

Mr. and Mrs. Jack Wiese are at home after a trip south, where they enjoyed a two-week's vacation.

Miss Anna Dietrich of N. Haddow ave., is a patient in St. Francis hospital, Evanston.

Mrs. Emma Vogel has sold her residence on North Highland ave. She will go to a new home in the spring, when E. Domkosky, the new owner, will take possession.

Mrs. F. J. Durni, who has been sick the past two weeks, is recovering in her home on S. Dunton ave.

Mr. and Mrs. Karl Militzer plan to move from N. Evergreen ave. to a new home on the south side of the village.

Mrs. W. F. Landmeier, W. Wing st., is a patient in St. Francis hospital.

Mr. and Mrs. Richard Stock, of Milwaukee, spent the week-end with her parents, Mr. and Mrs. Paul Hoffman.

Mrs. Emma Friese who has been ill in her home on W. Mueller st., the past week, was cheered by greetings from friends on her birthday, Jan. 21.

Miss Grace Buetler of Palatine spent the week-end with Arlington Heights relatives.

Mrs. Lena Scheirich is ill in her home on E. Fremont st.

Mr. Alvin Popp is convalescing after his recent critical illness.

Mrs. Josephine Sieburg has been visiting her aunt, Mrs. Graf, in Detroit several weeks.

Miss Jollie, who has been spending several weeks with her brother Mr. H. W. Jollie and friends, has returned to her home in South Dakota.

Mrs. W. C. Lussman, N. State rd., entertained the Sunshine club Wednesday afternoon. Everyone enjoyed the program and social cheer. A new member, Mrs. Arthur Dreschel, has taken the place of Mrs. Emma Dobbins, who resigned because she is busy with her new work.

January 17 a company of forty friends went to Kafka's Inn for a coming events party (surprise) for two of their number, Mrs. Wm. Curtis and Mrs. J. Pies, both thinking the surprise was for the other—A merry evening was spent with games, refreshments and showering Mrs. Curtis and Mrs. Pies with many charming gifts. A fine party almost as unique as a third term inaugural. Novelty is the spice of life.

Smith-Dawson Fives Beat Emerson "Y"

Last Thursday night Smith and Dawson teams won two basketball games from Emerson Y M C A of Evanston. The heavies won from their colored rivals 45 to 38. In the preliminary game Smith and Dawson lights won easily 47 to 27.

This Thursday there will be two games against Downers Grove. The first game starts at 8 o'clock at the Arlington high gym.

Racers Defeat Chinese-Star Team, 59-50

The Chinese basketball team from San Francisco brought a good fast brand of basketball to Arlington Heights Tuesday night.

The Racers were a little tall and too strong for the small boys, winning 59-50.

Putting on a better show than the Globe Trotters or Rens, they handled the ball with more speed and proved more deceptive. Blankenship and Campbell sparked for the Racers.

Next week the Racers play a team that defeated them on their home floor, Alemites from Woodstock. This is another of the Racers "offering" games and they ask to be supported.

Infantile Paralysis Fund Now Being Collected Here

Arlington Heights people have the opportunity the coming week to contribute to the infantile paralysis fund. Cans have been placed in a number of the business houses to receive the pennies, dimes and dollars. One half of the money collected remains in Cook county to aid local victims of the disease; the other half is set aside for continued research treatment study and development of Orthopedic centers.

Arlington Heights had direct evidence recently of the value of this work when one of the local young ladies returned to her home and is today able to walk and dance the same as any normal girl. Contributions last year totalled over $65.

The Cook County Chapter of the National Foundation for Infantile Paralysis is a permanent organization formed in 1938. It supplies direct and essential medical aid in curing or relieving the crippling effects of the disease among thousands of victims who have no other means of obtaining help. It has no political, racial or religious affiliation.

The need of this one organized defense against infantile paralysis is illustrated by hundreds of applications acted upon during 1940. Provided for these applicants were leg braces, wheel chairs and other appliances; orthopedic treatments, hospital care and operations.

Provided, too, was the use of iron lungs acquired by the chapter. These did yeoman service among the record number of fresh cases of the disease last year.

Your contribution — no matter how small—is both welcome and needed for the coming year's working fund.

List Contributors To Xmas Broadcasting, Decorating Fund

If you want to know to whom you can say "thank you" for the public broadcasting and decorations during the holiday season, here is the list of the contributors. Business firm or others, whose names do not appear here can still contribute to the fund and acknowledgement will be given in next week's publication, if remittance is made to the treasurer, Walter Krause or to Mr. Gronert at the bank. This year's collection was made in the expectation of establishing a permanent fund and additional contributions are needed to establish a nest egg for next year.

Auxiliary Notes

The American Legion Auxiliary met at the home of Mrs. Albert Russell on Tuesday afternoon. The dessert table was prettily decorated in honor of Mrs. J. C. Jones and Mrs. P. LeRoy May whose birthdays occured in January.

Due to the afternoon's work, Mrs. Rector and Mrs. St. John will have a sizeable pile of mending kits to take to Hines hospital when they go to work on Friday.

Mrs. J. Wisersky and Mrs. Rector will present the 1940 Layette on Friday. The auxiliary has now begun to assemble their 1941 Layette.

Mrs. Fitzpatrick announced that Mr. and Mrs. Allord of Prospect Heights are parents of a baby boy. Congratulations!

Prospect Heights Build New House Every Four Days

New Year Starts With 35 New Homes Under Construction

Prospect Heights again ranked first in the percentage of growth during 1940 and again was third in the number of new homes built during that period in all of the Northwest suburbs. This was a repetition of the record made by that community in 1939.

The year 1941 is off to a flying start with 35 new homes under construction right now.

These claims are not merely statements of Smith & Dawson. They are the figures released last week in a survey by Bell Savings, the authority on home building thruout the Chicago area.

During 1940 there were 95 new homes built in Prospect Heights, valued at $551,750. The previous year there were 108 homes erected with a value of $555,350.

Adjoining communities surpassing Prospect Heights are Park Ridge with 150 homes and Glenview with 114 new homes. These are older and much larger towns.

"Prospect Heights is a community entirely different than any other," stated C. A. Smith, in commenting on the achievements of the past and commenting on plans for the future."

The 1940 figures released by Bell Savings for adjoining communities are:

Arlington Heights	43	$369,645
Barrington-Biltmore	15	154,862
Crystal Lake	21	111,525
Des Plaines	97	517,773
Mt. Prospect	47	352,837
Palatine, area	44	342,310

An increased number of new homes is one of the ways in which the northwest side maintained its reputation as a fine residential district during 1940, recent survey figures show. It was estimated that home building in the city's northwest side totaled about 15% over that done in 1939. In nine major suburban areas, the increase amounted to more than 29%. In these suburbs 118 more new homes were built in 1940 than in 1939, at cost of more than one million dollars over the 1939 figures.

The year 1940 with new building in the Chicago region amounting to $59,102,492 reached a peak over fourteen times as high as the valley of 1933, the lowest year of the depression, in which new building of all kinds amounted to only $4,129,004.

The increase in building of all types in 1940 in the eighty-two communities reporting to this survey was 45 per cent, the total for 1939 having been $40,680,545. This increase was largely due to the tremendous volume of home building during 1940, which increased 43 per cent.

Home building in 1940 may also be compared with that of 1936 when the upturn began and when this survey started its records of home building in the suburban region. In that year 1,390 homes which cost $12,524,002 were reported, so that the number of homes built in 1940 more than quadrupled the 1936 output. In 1940 the average was down to $6,392.

Stay Away From Hollywood, Speaker Warns At Lions Dinner

Arlington Lions and their wives sat down to a delicious dinner served by the Hostess' Party Foods at a special ladies night meeting Tuesday evening. The dinner was prepared and served under the supervision of Sarah D. Kriebel, representing various manufacturers of food products.

The after dinner speaker, Erwin Deere, from the Hollywood Hays office, presented an insight into the movie industry from behind the camera.

His revealing talk was about the problems that confront the movie director, the cameraman, the editor, and the actor. He followed through the production of a movie from its inception to the end when it is "canned." Interesting anecdotes about some of the movie characters helped to make the movie industry more realistic to his listeners.

Mr. Deere said he was ready to throw cold water on the aspirations of anyone who wanted to go to Hollywood and try out his or her luck in getting along in the pictures. The odds against making a living there are so nigh that is almost futile to attempt it.

Hillside News

by LEONA GETNER

Just to remind you of the card and bunco party to be held on Saturday evening, Jan. 25, at Wilson school by the P. T. A. Tickets 35 cents.

The Hillside Community club met at the home of Mrs. Grossi, Mrs. Sargent, co-worker. The meeting was called to order by Mrs. Grossi, president. Plans were made to attend the Blackstone theatre to see "Life With Father," on Monday, Feb. 3. The afternoon was spent in playing cards, high honors going to Mesdames DeHart, Klehm and Getner, to be followed by refreshments.

A Stork shower was given for Mrs. Jim Pies and Mrs. Wm. Curtis on Friday, Jan. 17, at Ma Kafka's by Mesdames Kavoli, Klehm, Clark, and Wallor. Mrs. Pies and Curtis were pleasantly surprised as they thought they were attending a shower on each other. They received many beautiful and useful gifts, dainty refreshments were served.

Mr. Sargent and Billy Steiner have been on the sick list for the past week. We wish them a speedy recovery.

Mr. Gilbert and Harvey Klehm have just received word that their father is in a hospital in Berwyn, Pa., after having a stroke. Mr. Klehm Sr. is a very sick man and is constantly calling for his sons, so they have gone east to be with their father.

Congratulations to Harold De Hart who celebrated his birthday, Jan. 2.

Mr. and Mrs. Harold Grossi had dinner with Mr. and Mrs. D. J. Reardon at Chicago on Tuesday.

Mr. and Mrs. Delmar De Hart have just returned from Iowa where they were visiting home folks.

Mr. and Mrs. Gilbert Klehm attended the inauguration and the inaugural ball at the armory in Springfield.

Mrs. Virginia Davis and Mrs. Otto Runde of Des Plaines called on Mrs. Curtis on Wednesday.

Mrs. Bradbury and Mrs. Ray Barenbrugge attended the birthday party of Mrs. Whitmore of Chicago on Monday.

Mr. and Mrs. Funk were Saturday callers at the Robert Twiss home in Chicago on Saturday.

Mr. and Mrs. Nerverman spent the week-end visiting with their daughter, Virginia Miller at Evanston.

Mrs. Richard Boehme spent Sunday visiting with Mr. and Mrs. Lake of Long Grove.

Mrs. Ray Barenbrugge attended a meeting of the Sorority Delta Pau last week.

Jim Pies and Andy Wallor just returned from Potato Lake, Wis. on a business trip.

Louis Pohlman Elected President District 7, Pure Milk Association

Louis Pohlman of Palatine was elected president of district seven of the Pure Milk Association at the annual meeting of the group, held Monday in Grayslake.

Fred Popp of Lake Zurich was elected vice president, Charles Wray of Grayslake was chosen secretary - treasurer, and William Sawyer of Grayslake was named director.

Arlington Heights had direct evidence recently of the value of this work when one of the local young ladies returned to her home and is today able to walk and dance the same as any normal girl. Contributions last year totalled over $65.

The Cook County Chapter of the National Foundation for Infantile Paralysis is a permanent organization formed in 1938. It supplies direct and essential medical aid in curing or relieving the crippling effects of the disease among thousands of victims who have no other means of obtaining help. It has no political, racial or religious affiliation.

The need of this one organized defense against infantile paralysis is illustrated by hundreds of applications acted upon during 1940. Provided for these applicants were leg braces, wheel chairs and other appliances; orthopedic treatments, hospital care and operations.

Provided, too, was the use of iron lungs acquired by the chapter. These did yeoman service among the record number of fresh cases of the disease last year.

Your contribution — no matter how small—is both welcome and needed for the coming year's working fund.

List Contributors To Xmas Broadcasting, Decorating Fund

If you want to know to whom you can say "thank you" for the public broadcasting and decorations during the holiday season, here is the list of the contributors. Business firm or others, whose names do not appear here can still contribute to the fund and acknowledgement will be given in next week's publication, if remittance is made to the treasurer, Waltet Krause or to Mr. Gronert at the bank. This year's collection was made in the expectation of establishing a permanent fund and additional contributions are needed to establish a nest egg for next year.

Auxiliary Notes

The American Legion Auxiliary met at the home of Mrs. Albert Russell on Tuesday afternoon. The dessert table was prettily decorated in honor of Mrs. J. C. Jones and Mrs. P. LeRoy May whose birthdays occured in January.

Due to the afternoon's work, Mrs. Rector and Mrs. St. John will have a sizeable pile of mending kits to take to Hines hospital when they go to work on Friday.

Mrs. J. Wisersky and Mrs. Rector will present the 1940 Layette on Friday. The auxiliary has now begun to assemble their 1941 Layette.

Mrs. Fitzpatrick announced that Mr. and Mrs. Allord of Prospect Heights are parents of a baby boy. Congratulations!

Prospect Heights Build New House Every Four Days

New Year Starts With 35 New Homes Under Construction

Prospect Heights again ranked first in the percentage of growth during 1940 and again was third in the number of new homes built during that period in all of the Northwest suburbs. This was a repetition of the record made by that community in 1939.

The year 1941 is off to a flying start with 35 new homes under construction right now.

These claims are not merely statements of Smith & Dawson. They are the figures released last week in a survey by Bell Savings, the authority on home building thruout the Chicago area.

During 1940 there were 95 new homes built in Prospect Heights, valued at $551,750. The previous year there were 108 homes erected with a value of $555,350.

Adjoining communities surpassing Prospect Heights are Park Ridge with 150 homes and Glenview with 114 new homes. These are older and much larger towns.

"Prospect Heights is a community entirely different than any other," stated C. A. Smith, in commenting on the achievements of the past and commenting on plans for the future."

The 1940 figures released by Bell Savings for adjoining communities are:

Arlington Heights	43	$369,645
Barrington-Biltmore	15	154,862
Crystal Lake	21	111,525
Des Plaines	97	517,773
Mt. Prospect	47	352,837
Palatine, area	44	342,310

An increased number of new homes is one of the ways in which the northwest side maintained its reputation as a fine residential district during 1940, recent survey figures show. It was estimated that home building in the city's northwest side totaled about 15% over that done in 1939. In nine major suburban areas, the increase amounted to more than 29%. In these suburbs 118 more new homes were built in 1940 than in 1939, at cost of more than one million dollars over the 1939 figures.

The year 1940 with new building in the Chicago region amounting to $59,102,492 reached a peak over fourteen times as high as the valley of 1933, the lowest year of the depression, in which new building of all kinds amounted to only $4,129,004.

The increase in building of all types in 1940 in the eighty-two communities reporting to this survey was 45 per cent, the total for 1939 having been $40,680,545. This increase was largely due to the tremendous volume of home building during 1940, which increased 43 per cent.

Home building in 1940 may also be compared with that of 1936 when the upturn began and when this survey started its records of home building in the suburban region. In that year 1,390 homes which cost $12,524,002 were reported, so that the number of homes built in 1940 more than quadrupled the 1936 output. In 1940 the average was down to $6,392.

Stay Away From Hollywood, Speaker Warns At Lions Dinner

Arlington Lions and their wives sat down to a delicious dinner served by the Hostess' Party Foods at a special ladies night meeting Tuesday evening. The dinner was prepared and served under the supervision of Sarah D. Kriebel, representing various manufacturers of food products.

The after dinner speaker, Erwin Deere, from the Hollywood Hays office, presented an insight into the movie industry from behind the camera.

His revealing talk was about the problems that confront the movie director, the cameraman, the editor, and the actor. He followed through the production of a movie from its inception to the end when it is "canned." Interesting anecdotes about some of the movie characters helped to make the movie industry more realistic to his listeners.

Mr. Deere said he was ready to throw cold water on the aspirations of anyone who wanted to go to Hollywood and try out his or her luck in getting along in the pictures. The odds against making a living there are so nigh that is almost futile to attempt it.

Hillside News

by LEONA GETNER

Just to remind you of the card and bunco party to be held on Saturday evening, Jan. 25, at Wilson school by the P. T. A. Tickets 35 cents.

The Hillside Community club met at the home of Mrs. Grossi, Mrs. Sargent, co-worker. The meeting was called to order by Mrs. Grossi, president. Plans were made to attend the Blackstone theatre to see "Life With Father," on Monday, Feb. 3. The afternoon was spent in playing cards, high honors going to Mesdames DeHart, Klehm and Getner, to be followed by refreshments.

A Stork shower was given for Mrs. Jim Pies and Mrs. Wm. Curtis on Friday, Jan. 17, at Ma Kafka's by Mesdames Kavoli, Klehm, Clark, and Wallor. Mrs. Pies and Curtis were pleasantly surprised as they thought they were attending a shower on each other. They received many beautiful and useful gifts, dainty refreshments were served.

Mr. Sargent and Billy Steiner have been on the sick list for the past week. We wish them a speedy recovery.

Mr. Gilbert and Harvey Klehm have just received word that their father is in a hospital in Berwyn, Pa., after having a stroke. Mr. Klehm Sr. is a very sick man and is constantly calling for his sons, so they have gone east to be with their father.

Congratulations to Harold De Hart who celebrated his birthday, Jan. 2.

Mr. and Mrs. Harold Grossi had dinner with Mr. and Mrs. D. J. Reardon at Chicago on Tuesday.

Mr. and Mrs. Delmar De Hart have just returned from Iowa where they were visiting home folks.

Mr. and Mrs. Gilbert Klehm attended the inauguration and the inaugural ball at the armory in Springfield.

Mrs. Virginia Davis and Mrs. Otto Runde of Des Plaines called on Mrs. Curtis on Wednesday.

Mrs. Bradbury and Mrs. Ray Barenbrugge attended the birthday party of Mrs. Whitmore of Chicago on Monday.

Mr. and Mrs. Funk were Saturday callers at the Robert Twis home in Chicago on Saturday.

Mr. and Mrs. Nerverman spen the week-end visiting with thei daughter, Virginia Miller at Evanston.

Mrs. Richard Boehme spent Sunday visiting with Mr. and Mrs. Las ke of Long Grove.

Mrs. Ray Barenbrugge attende a meeting of the Sorority Delt Pau last week.

Jim Pies and Andy Wallor jus returned from Potato Lake, Wis on a business trip.

On 1 and 2 Lauterburg & Oehlers won all three games from Vail Tavern. The undertakers now lead by six games. Ray (Dynamite) Dieball was high man for the undertakers with a 577 series. Captain Szasz was high for Vail Tavern with 537 and won himself the $1.00 on a 224 game.

On 3 and 4 Gaare's Studebakers won all three games from Hartmann's shoes, Hartmann's lost nine straight games now. They're out for revenge next week. That's the inside dope from Captain Winkelman. Eddy Duenn and Dixie Kehe put on a good exhibition of bowling. Eddy getting a 650 series and Dixie 645. Dixie won the $1.00 on a 258 game. Eddy Duenn's 650 is second high series of the season. Manager Bud Peters was high for Hartmann's with a nice 629 series. Nice shootin' boys.

On 5 and 6 The Arlington Elevators took two games from Park View Tavern. The Elevators are now tied with Gaare's for second place. George (Pep) Thompson was high man for Park View with a nice 611 series. Pepper also won himself the $1.00 with a 235 game. Romo Becker the "Golf King" was high for the Elevators with a 542 series.

It looked like Kas Strobel and Jack Wiese were trying to beat Bill Milligan's 357 record.

P. S.:
Some people just won't quit bragging. Guess who?

40 Billionths of Ounce
Less than 40 billionths of an ounce of bismuth can be measured in biological material with the aid of a new chemical process, according to the American Chemical society.

Olds Drove Oldsmobile
R. E. Olds of Lansing, Mich., is credited with the manufacture and the operation of a three-wheel horseless carriage propelled by steam, in 1886.

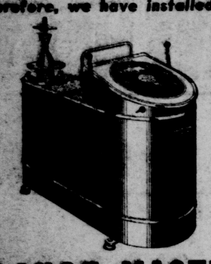

Over 40
Two out of three persons, killed by automobiles are over 40 years old and seven out of ten are men, according to a study of the American Automobile association.

Commutes by Plane
Galen Edward Elser commutes a total of 80 miles every day to attend music classes at Kent State university in Ohio—by airplane, according to the American magazine.

Grows Tooth at 70
George W. Dahman, 70, of Aransas Pass, Texas, had his baby teeth through all his years, and when he lost one recently, he quickly cut his first one.

WHEEL BALANCE IS IMPORTANT!

CAR MANUFACTURERS SAY:
"For economical and safe driving check all wheels for balance every 5000 miles." *Buick*—"Wheels should be checked for balance every time a tire is changed." *Ford*—"Wheel and tire balance is essential to the proper handling of the car." *Hudson*—"It is important that they be balanced while mounted on the wheel." *Oldsmobile*
Therefore, we have installed the

BALANCE-MASTER
the modern, accurate wheel balancer—to correct out of balance wheels which cause

1. Excessive body and chassis strains.
2. Shimmy and Tramp.
3. Uneven tire wear resulting in premature failure.
4. Increased gas consumption — decrease in average speed.
5. Abnormal wear of wheel bearings, bushings and king pins.
6. Wheel misalignment because of excessive vibration.
7. Rough riding and danger at high speed.

Wheels on all new cars should be kept in balance to prevent the resulting damage to the entire front end mechanism.

MONDAY NIGHT MAJOR

Lauterburg & Oehler	37	23	889
Gaare's Studebakers	31	29	908
Arlington Elevators	31	29	883
Hartmann Shoes	29	31	883
Park View Tavern	27	33	880
Vail Tavern	25	25	865

On 1 and 2 Lauterburg & Oehlers won all three games from Vail Tavern. The undertakers now lead by six games. Ray (Dynamite) Dieball was high man for the undertakers with a 577 series. Captain Szasz was high for Vail Tavern with 537 and won himself the $1.00 on a 224 game.

On 3 and 4 Gaare's Studebakers won all three games from Hartmann's shoes, Hartmann's lost nine straight games now. They're out for revenge next week. That's the inside dope from Captain Winkelman. Eddy Duenn and Dixie Kehe put on a good exhibition of bowling. Eddy getting a 650 series and Dixie 645. Dixie won the $1.00 on a 258 game. Eddy Duenn's 650 is second high series of the season. Manager Bud Peters was high for Hartmann's with a nice 629 series. Nice shootin' boys.

On 5 and 6 The Arlington Elevators took two games from Park View Tavern. The Elevators are now tied with Gaare's for second place. George (Pep) Thompson was high man for Park View with a nice 611 series. Pepper also won himself the $1.00 with a 235 game. Romo Becker the "Golf King" was high for the Elevators with a 542 series.

It looked like Kas Strobel and Jack Wiese were trying to beat Bill Milligan's 357 record.

P. S.:

Some people just won't quit bragging. Guess who?

WHEEL BALANCE *is* IMPORTANT!

CAR MANUFACTURERS SAY: "For economical and safe driving check all wheels for balance every 5000 miles," *Buick*—"Wheels should be checked for balance every time a tire is changed," *Ford*—"Wheel and tire balance is essential to the proper handling of the car." *Hudson*—"It is important that they be balanced while mounted on the wheel," *Oldsmobile* ***Therefore, we have installed the***

BALANCE-MASTER

the modern, accurate wheel balancer—to correct out of balance wheels which cause

1. Excessive body and chassis strains.
2. Shimmy and Tramp.
3. Uneven tire wear resulting in premature failure.
4. Increased gas consumption—decrease in average speed.
5. Abnormal wear of wheel bearings, bushings and king pins.
6. Wheel misalignment because of excessive vibration.
7. Rough riding and danger at high speed.

Wheels on all new cars should be kept in balance to prevent the resulting damage to the entire front end mechanism.

May 15, Mothers' and daughters' banquet.
July 12, Bakery sale.
October 4, Bake sale.
December 3, Afternoon coffee and bazaar, beginning 1 p. m.
December 18, Christmas party, 7:30 p. m.

P.-T. A. Card Party Tonight

It is still not too late to get tickets for the P.-T. A. card party which will be held tonight in the North school. Tickets are 35c each and the proceeds of the party will be used for the P.-T. A. budget. Table and door prizes will be awarded and refreshments will be served.

Arlington Local News

Mr. and Mrs. F. M. Walt are parents of a baby boy born on January 10. The baby weighed 7 lbs. and has been named Floyd Thomas.

Mrs. B. R. Donges of Stonegate was hostess to a group of friends for dessert and cards on Monday afternoon. High honors for the afternoon went to Mrs. Charles Scherf and Mrs. Jack Everett.

Mrs. Willis Hubbard entertained 8 guests at a one o'clock luncheon on Wednesday of last week. Bridge was the diversion of the afternoon, with Mrs. Marvin Tackett high for the game.

Mr. and Mrs. Wm. Mueller and Mr. and Mrs. Jack Grose went to Park Ridge on Sunday to be guests of Mr. and Mrs. Willis Mueller and to celebrate young Billy's sixth birthday. Mr. and Mrs. George Johnson of Park Ridge also were present at the family party.

Miss Anna Dittrich is a patient in the St. Francis hospital in Evanston.

Mrs. B. A. Noyes attended a reciprocity program in Wicker Park on Tuesday, as guest of the Wicker Park Woman's club.

Mrs. Godfrey of Stonegate entertained a group of friends for dessert and cards last Friday evening. Mrs. Charles Scherf was high for the evening.

Mr. and Mrs. Charles Lipps have gone south to Florida to spend the next few weeks, and are lucky to avoid the wintry weather of the past few days.

Mr. and Mrs. Arthur McElhose were Sunday guests of Mr. and Mrs. Reuben Middleborn in Chicago, where they helped celebrate four family birthdays. Miss Laura McElhose also was a guest of the Middleborns.

Mr. and Mrs. Paul Collins were hosts to their bridge club at a dinner party on Friday evening.

Mr. and Mrs. Alfred Sanders are parents of a baby boy born at Elmhurst hospital on January 14. The baby checked in at 6 lbs. 14 oz. and has been named Allan.

The B. T. B. club met for a supper party on Monday evening at the home of Irma Windheim.

Mrs. Alfred Jasper entertained a few friends at a one o'clock luncheon on Friday afternoon in honor of the birthday of Mrs. Albert Bauer. Following the luncheon which was complete with a birthday cake, the guests enjoyed a social afternoon. The party was also in the form of a farewell for Mrs. Chatlien who leaves soon for a visit with relatives on the west coast.

Torch Bearers Plan Trips

The girls who are working for the rank of Torch bearer are busily planning their summer trips. They have studied folders on all the National Parks and forest and chosen two to visit.

One is going by plane to California to visit Yosemite, then by Clipper plane to Hawaii.

Two are going to Yellowstone, one to Acadia, in Maine.

In order to pass the rank of Torchbearer they must plan the route to and from the park, with all expense figures as well as a list of what they expect to learn in nature lore and conservation.

Of course the trips may not be taken this summer, but who knows—at least they are ready to go at a moments notice, and half of the enjoyment of a trip is in planning it.

Wood Gatherers Have Pot-Luck Supper

The Wood Gatherers group enjoyed a pot-luck supper on Tuesday evening at the home of Patsy Collins.

Register For Homemaking Class Now

The Home making class sponsored by the local P.-T. A. will open February 4, in the North school at 1:15 p. m. and all those interested who did not register at P.-T. A meeting on Tuesday evening are asked to call the chairman, Mrs. Guy Baxter, for the class is limited to 25 members.

The class will be given help on all kinds of sewing, making bound button holes, making over garments for children and adults, the use of patterns, and help in crocheting and knitting.

The class will continue for six weeks, meeting on Tuesday afternoons from 1:15 to 3:30 and Thursday mornings from 9 a. m. to 11:30 a. m. and is open to any one in the community. A small registration fee of 25c is the only charge for the entire period.

Father-Son Banquet

The Friendly Circle of the St. John's Evangelical church are giving their annual Father and Son banquet on February 5th, when dinner will be served in the new diining room at 6:30 p. m.

A program will follow the banquet, with Rev. Robert C. Kienle the speaker for the evening. Music and other entertainment will also be included on the program. Arrangements for the banquet are in charge of Mrs. Clarence Othmer and tickets are on sale at 50c a plate.

Dorcas Aid Plan Birthday Luncheon On February 5th

The Dorcas Aid society of the St. Peter's Lutheran church are giving a birthday luncheon on the afternoon of Feb. 5. The luncheon will be served at one p. m. and tickets are 35c each. The luncheon will be followed by cards and other games. Tickets may be purchased from any member of the society. Mrs. Elbert Russell is president of this society.

In response to the notice of the wandering pie plates belonging to the Ladies of the St. John's church, which was published last week, one pie plate has found its rightful owner and once again has fulfilled its purpose in life. However the ladies still would like to use the remaining ones that have not found their way home and ask any person having one on their pantry shelf to please call Mrs. Bernie Runge, tel. 599-M, or to bring it to the St. John's church.

Red Cross Sewing At Different Hours

Red Cross War Relief Sewing hours at the Arlington Heights field house have been changed as follows:

Monday, 12 noon to 3:30 p. m.
Thursday 10 a. m. to 3:30 p. m.

Any and all ladies are welcome to come for any portion of this time, or preferred you may take garments to be made at your own home.

Knitting materials may be obtained at the field house on sewing days or at the home of the Red Cross production chairman, Mrs. Paul Carroll, 116 W. Eucled, any other day, or any evening.

"Interest in Red Cross production work has noticeably increased but it is assumed that there are many who simply are waiting to be asked personally," states Mrs. Carroll. "Won't you all promote your own group and come down. This is a community project and is open to all individuals and organizations."

Friendly Class Luncheon Next Week

The Friendly class of the Presbyterian church is sponsoring a luncheon on January 29th, which will be given by the Robert Oake Meat Packers Co. of Chicago. The luncheon will be served at one p. m. at 35c a plate and will be followed by a talk on meat, and an afternoon of cards. Any one desiring tickets may secure them by calling the president of the Friendly class, Mrs. Neimeyer, telephone 229-R. Table prizes will be awarded by the Robert Oake Co.

It is still not too late to get tickets for the P.-T. A. card party which will be held tonight in the North school. Tickets are 35c each and the proceeds of the party will be used for the P.-T. A. budget. Table and door prizes will be awarded and refreshments will be served.

Arlington Local News

Mr. and Mrs. F. M. Walt are parents of a baby boy born on January 10. The baby weighed 7 lbs. and has been named Floyd Thomas.

Mrs. B. R. Donges of Stonegate was hostess to a group of friends for dessert and cards on Monday afternoon. High honors for the afternoon went to Mrs. Charles Scherf and Mrs. Jack Everett.

Mrs. Willis Hubbard entertained 8 guests at a one o'clock luncheon on Wednesday of last week. Bridge was the diversion of the afternoon, with Mrs. Marvin Tackett high for the game.

Mr. and Mrs. Wm. Mueller and Mr. and Mrs. Jack Grose went to Park Ridge on Sunday to be guests of Mr. and Mrs. Willis Mueller and to celebrate young Billy's sixth birthday. Mr. and Mrs. George Johnson of Park Ridge also were present at the family party.

Miss Anna Dittrich is a patient in the St. Francis hospital in Evanston.

Mrs. B. A. Noyes attended a reciprocity program in Wicker Park on Tuesday, as guest of the Wicker Park Woman's club.

Mrs. Godfrey of Stonegate entertained a group of friends for dessert and cards last Friday evening. Mrs. Charles Scherf was high for the evening.

Mr. and Mrs. Charles Lipps have gone south to Florida to spend the next few weeks, and are lucky to avoid the wintry weather of the past few days.

Mr. and Mrs. Arthur McElhose were Sunday guests of Mr. and Mrs. Reuben Middleborn in Chicago, where they helped celebrate four family birthdays. Miss Laura McElhose also was a guest of the Middleborns.

Mr. and Mrs. Paul Collins were hosts to their bridge club at a dinner party on Friday evening.

Mr. and Mrs. Alfred Sanders are parents of a baby boy born at Elmhurst hospital on January 14. The baby checked in at 6 lbs. 14 oz. and has been named Allan.

The B. T. B. club met for a supper party on Monday evening at the home of Irma Windheim.

Mrs. Alfred Jasper entertained a few friends at a one o'clock luncheon on Friday afternoon in honor of the birthday of Mrs. Albert Bauer. Following the luncheon which was complete with a birthday cake, the guests enjoyed a social afternoon. The party was also in the form of a farewell for Mrs. Chatlien who leaves soon for a visit with relatives on the west coast.

CAMP FIRE GIRLS

Torch Bearers Plan Trips

The girls who are working for the rank of Torch bearer are busily planning their summer trips. They have studied folders on all the National Parks and forest and chosen two to visit.

One is going by plane to California to visit Yosemite, then by Clipper plane to Hawaii.

Two are going to Yellowstone, one to Acadia, in Maine.

In order to pass the rank of Torchbearer they must plan the route to and from the park, with all expense figures as well as a list of what they expect to learn in nature lore and conservation.

Of course the trips may not be taken this summer, but who knows—at least they are ready to go at a moments notice, and half of the enjoyment of a trip is in planning it.

Wood Gatherers Have Pot-Luck Supper

The Wood Gatherers group enjoyed a pot-luck supper on Tuesday evening at the home of Patsy Collins.

Register For Homemaking Class Now

The Home making class sponsored by the local P.-T. A. will open February 4, in the North school at 1:15 p. m. and all those interested who did not register at P.-T. A meeting on Tuesday evening are asked to call the chairman, Mrs. Guy Baxter, for the class is limited to 25 members.

The class will be given help on all kinds of sewing, making bound button holes, making over garments for children and adults, the use of patterns, and help in crocheting and knitting.

The class will continue for six weeks, meeting on Tuesday afternoons from 1:15 to 3:30 and Thursday mornings from 9 a. m. to 11:30 a. m. and is open to any one in the community. A small registration fee of 25c is the only charge for the entire period.

Father-Son Banquet

The Friendly Circle of the St. John's Evangelical church are giving their annual Father and Son banquet on February 5th, when dinner will be served in the new diining room at 6:30 p. m.

A program will follow the banquet, with Rev. Robert C. Kienle the speaker for the evening. Music and other entertainment will also be included on the program. Arrangements for the banquet are in charge of Mrs. Clarence Othmer and tickets are on sale at 50c a plate.

Dorcas Aid Plan Birthday Luncheon On February 5th

The Dorcas Aid society of the St. Peter's Lutheran church are giving a birthday luncheon on the afternoon of Feb. 5. The luncheon will be served at one p. m. and tickets are 35c each. The luncheon will be followed by cards and other games. Tickets may be purchased from any member of the society. Mrs. Elbert Russell is president of this society.

In response to the notice of the wandering pie plates belonging to the Ladies of the St. John's church, which was published last week, one pie plate has found its rightful owner and once again has fulfilled its purpose in life. However the ladies still would like to use the remaining ones that have not found their way home and ask any person having one on their pantry shelf to please call Mrs. Bernie Runge, tel. 599-M. or to bring it to the St. John's church.

Red Cross Sewing At Different Hours

Red Cross War Relief Sewing hours at the Arlington Heights field house have been changed as follows:

Monday, 12 noon to 3:30 p. m.
Thursday 10 a. m. to 3:30 p. m.

Any and all ladies are welcome to come for any portion of this time, or preferred you may take garments to be made at your own home.

Knitting materials may be obtained at the field house on sewing days or at the home of the Red Cross production chairman, Mrs. Paul Carroll, 116 W. Eucled, any other day, or any evening.

"Interest in Red Cross production work has noticeably increased but it is assumed that there are many who simply are waiting to be asked personally," states Mrs. Carroll. "Won't you all promote your own group and come down. This is a community project and is open to all individuals and organizations."

Friendly Class Luncheon Next Week

The Friendly class of the Presbyterian church is sponsoring a luncheon on January 29th, which will be given by the Robert Oake Meat Packers Co. of Chicago. The luncheon will be served at one p. m. at 25c a plate and will be followed by a talk on meat, and an afternoon of cards. Any one desiring tickets may secure them by calling the president of the Friendly class, Mrs. Neimeyer, telephone 229-R. Table prizes will be awarded by the Robert Oake Co.

Farmers are invited to bring their entire family. There is no charge and splendid entertainment.

Obituaries

Charles Bolsinger

Mr. Charles Bolsinger was called to his heavenly home late Thursday evening, Jan. 17 at his home on Walter Ave., Northbrook.

He was the father of Joseph Bolsinger who preceded his father in death only 11 weeks ago.

Funeral services were held on Monday morning at 9 o'clock, to St. Norbert's church, with burial at St. Mary's Cemetery, Techny, Ill., beside his wife, Katherine, who preceded him 8 years ago.

He was the grandfather of Joseph, Dorothy and Bernice Bolsinger and a friend to all who knew him.

Frank William Welflin

Frank Welflin was born Sept. 21, 1886, in Wheeling, the son of Mr. and Mrs. Christian Welflin. He graduated from Wheeling public school and was baptized in young manhood by the Rev. Oltman B. Oltmans of the Presbyterian church.

His entire life was spent in Wheeling, with the exception of a few years when he made his home in Chicago, while employed at the A. C. McClurg stationery house.

He was united in marriage with Miss Ella Sandberg, of Fox River Grove, Wisconsin, on December 27, 1916.

He purchased the Chicago House from the Welflin estate and operated the same for ten years. Sixteen years ago he sold the property of the Chicago House and purchased the home on Dundee rd. where he resided since.

Mr. Welflin was one of the founders of the Wheeling State Bank and served as one of its directors. He served several terms as township school trustee, having retired from that office at the last township election. He was a member of the village board, having served in that capacity for the past six years.

Although he was under the doctor's care for several years, he was able to be out until the very end. On Monday, January 13 he performed several errands in the village, took care of his usual tasks about the home and retired immediately after supper.

Noticing a sudden change in his condition, his wife called in relatives and a physician and he passed away within an hour, at the age of 54 years and 4 months.

Funeral services were held on Thursday afternoon from the Haben funeral home at Skokie, to the Wheeling Presbyterian church, the Rev. D. C. Morrison officiating. Interment was in Wheeling cemetery. Many beautiful floral pieces were the silent tribute of relatives and friends.

He is survived by his wife, Ella Welflin, his half-brother and sister, Charles Armbuster and Anna Armbuster of Chicago, his brother Edward J. Welflin, his siters Mrs. Charles Balling of Wheeling and Mrs. Harry Flesch of Chicago.

Mrs. Carrie Toppel

Mrs. Caroline Stetz Toppel, wife of Henry C. Toppel, 281 Villa Pl., Elgin, died Sunday morning at St. Joseph's hospital.

She was born in Austria on Jan. 13, 1898 and when 15 years old came to America and to Palatine, Ill. For the last 22 years she had made her home in Elgin.

She was a member of St. Joseph's Catholic church.

Funeral services were held Wednesday morning at 9:30 from Wait-Ross-Allanson funeral parlors and at 10:00 from St. Joseph's church.

Cook County Farmers Mutual Insurance Co. To Meet Saturday

The twenty-second annual meeting of the Cook County Farmers Mutual Insurance company will be held in the Jefferson Masonic hall, Milwaukee ave., and Gale st., Chicago, Saturday afternoon at 1:30 o'clock.

Annual reports of officers, election of board members and other routine matters will be taken care of and all members of this company are urged to come and learn what they are doing and plan to do for their protection.

National Forum Of Womens Clubs In 2-Day Session

When the National Forum, the newest project of the IFWC, gets under way at the Sherman hotel next Wednesday and Thursday, the 7th district will be well represented.

The forum which is being conducted by the IFWC., in conjunction with some of the educational institutions in the Chicago area will have "Americanism" as its keynote.

At the opening session at 10 a. m. Wednesday, "Other Philosophies of Government," will be discussed.

"Understanding the American Way," will be the topic of the afternoon. Cultural background, people, development of government and family will be presented.

The subject for the evening will be "Defense of the American Way," and will include American foreign policy, isolation, intervention, military, labor, industry and education.

Thursday, the morning session will be devoted to youth and "Youth aid the Americans" will be presented in panel discussions conducted by young people.

The role of education and religion, defense for social security and preparation for peace, will be the theme of the address, "Whither America," at the final session of the forum Thursday afternoon.

Mrs. Charles R. Holton, 7th district president, is chairman of the hostess committee which consists of officers of the Illinois Federation and presidents of the congressional districts.

Other 7th district members who are working on committees are:

Door: Mrs. Burton A. Noyes, 7th dist. 1st v.-pres., and Mrs. Oliver O. Olson.

Reservations for the luncheon Wednesday, Jan. 29, may be made with Mrs. O. N. Jensen, Kild. 2663. A buffet luncheon will be served on Thursday.

The general public is invited to attend the Forum. A registration fee of 25c will entitle one to any or all five sessions.

Mrs. Ollie Lake Heads Honolulu Studio Orchestra

Mrs. Ollie Lake, 803 N. Chestnut street, Arlington Heights, was elected president of the Honolulu Studio orchestra at the annual election held in Des Plaines last Wednesday evening. She replaces Mrs. Agnes Kolling, also of Arlington Heights, who was president last year.

The Honolulu studio orchestra is one of the various groups under the direction of Elmer D. Herrick, local guitar and accordion teacher, which compose the Northwestern Federation of guitar and accordion clubs. These combined organizations present a concert twice each year and the various groups also perform for various programs during the year. The studio orchestra consists mostly of adult players and is limited entirely to string instruments.

A number of other Arlington Heights residents belong to the club which is now preparing for the annual spring concert to be held at Park Ridge sometime in late April this year. Their last appearance was in the concert at the Lutheran School hall here in Arlington last November.

Kehoe Is Appointed Division Vice-President In Public Service Co.

JOSEPH W. KEHOE

Joseph W. Kehoe, division manager of the Public Service Company of Northern Illinois, has been appointed division vice-president, according to an announcement this week by Britton I. Budd, president of the company.

Creation of the new position recognizes the continuing growth of the company's business in its divisional territories and designates the chief divisional officer with full responsibility for rendering the highest possible type of service for the 109 communities in the northern division, the thousands of farms, stores, business establishments and industries, including the new requirements for power brought on by the national defense program.

Mr. Kehoe began his service in the utility business in 1909 at Waukegan as a meater tester for the North Shore Electric Company, one of the predecessor companies of the Public Service Company of Northern Illinois. In 1918 he was transferred to Joliet as meter foreman where he served for three years. In 1921 he returned to Waukegan as chief clerk of the Waukegan headquarters where he remained until his election as secretary and assistant treasurer of the Company in 1927. He has been division manager of the Company since 1928, with offices at the Company's Northern Division Headquarters on Skokie highway, Northbrook.

Mr. Kehoe has been a director of the Evanston Chamber of Commerce and has served as chairman of a number of the Chamber's committees. He has also been active in the Evanston Community Chest.

He is married, has three children, and lives in Evanston.

CARD OF THANKS

We wish to express appreciation for the many kindnesses and acts of sympathy extended us by friends and neighbors during our recent bereavement.

Obituaries

Charles Bolsinger

Mr. Charles Bolsinger was called to his heavenly home late Thursday evening, Jan. 17 at his home on Walter Ave., Northbrook.

He was the father of Joseph Bolsinger who preceded his father in death only 11 weeks ago.

Funeral services were held on Monday morning at 9 o'clock, to St. Norbert's church, with burial at St. Mary's Cemetery, Techny, Ill., beside his wife, Katherine, who preceded him 8 years ago.

He was the grandfather of Joseph, Dorothy and Bernice Bolsinger and a friend to all who knew him.

Frank William Welflin

Frank Welflin was born Sept. 21, 1886, in Wheeling, the son of Mr. and Mrs. Christian Welflin. He graduated from Wheeling public school and was baptized in young manhood by the Rev. Oltman B. Oltmans of the Presbyterian church.

His entire life was spent in Wheeling, with the exception of a few years when he made his home in Chicago, while employed at the A. C. McClurg stationery house.

He was united in marriage with Miss Ella Sandberg, of Fox River Grove, Wisconsin, on December 27, 1916.

He purchased the Chicago House from the Welflin estate and operated the same for ten years. Sixteen years ago he sold the property of the Chicago House and purchased the home on Dundee rd. where he resided since.

Mr. Welflin was one of the founders of the Wheeling State Bank and served as one of its directors. He served several terms as township school trustee, having retired from that office at the last township election. He was a member of the village board, having served in that capacity for the past six years.

Although he was under the doctor's care for several years, he was able to be out until the very end. On Monday, January 13 he performed several errands in the village, took care of his usual tasks about the home and retired immediately after supper.

Noticing a sudden change in his condition, his wife called in relatives and a physician and he passed away within an hour, at the age of 54 years and 4 months.

Funeral services were held on Thursday afternoon from the Haben funeral home at Skokie, to the Wheeling Presbyterian church, the Rev. D. C. Morrison officiating. Interment was in Wheeling cemetery. Many beautiful floral pieces were the silent tribute of relatives and friends.

He is survived by his wife, Ella Welflin, his half-brother and sister, Charles Armbuster and Anna Armbuster of Chicago, his brother Edward J. Welflin, his siters Mrs. Charles Balling of Wheeling and Mrs. Harry Flesch of Chicago.

Mrs. Carrie Toppel

Mrs. Caroline Stetz Toppel, wife of Henry C. Toppel, 281 Villa Pl., Elgin, died Sunday morning at St. Joseph's hospital.

She was born in Austria on Jan. 13, 1898 and when 15 years old came to America and to Palatine, Ill. For the last 22 years she had made her home in Elgin.

She was a member of St. Joseph's Catholic church.

Funeral services were held Wednesday morning at 9:30 from Wait-Ross-Allanson funeral parlors and at 10:00 from St. Joseph's church.

BASKETBALL NEWS

The Smith & Dawson Cage team will meet the Park Ridge team next Thursday evening at the Arlington Heights high school gym at 8 o'clock. There will be two games played, the above mentioned being the "heavies" and a game by the "lights", though the team they are to play has not been definitely decided upon. The gate fee is 25 cents, and your're sure to get your money's worth, even if you do get a little hoarse rooting our boys on to victory.

District 28 of the Parent-Teachers Association of Illinois, will hold their regular meeting, Feb. 19, at 9:30 a. m., at the Lighting Institute auditorium, in the Chicago Civic Opera Building. All are cordially invited to attend and hear a resume of all local reports, and the various guest speakers prior to the State Convention which will be held in Belleville, some time in April. This meeting will be of great interest to all members and especially so to the chairmen of the various committees and the officers of our association.

Parliamentary Law Class At Des Plaines

Mrs. Hendricks State Chairman of the Parent-Teachers Association of Illinois will direct a class in Parliamentary Law, next Wednesday, January 29, at the North School in Des Plaines, and all members of the Wheeling Center Parent-Teachers association are cordially invited to attend this session.

Class will start promptly at 9:45 a. m. and will adjourn for luncheon at 12 o'clock. This luncheon will be served in the Cafeteria of the North school for 25c, and all reservations must be made prior to the date of the classes. This can be done by calling Mrs. J. Burch, president of the Wheeling Center P.-T. A. Classes will be resumed at 1 o'clock sharp, and adjournment of the class will be at 2:30 o'clock.

Mrs. Hendricks is an expert of Parliamentary law and is also a very able teacher, so this should be a most interesting class and well worth your while to attend. For transportation please get in touch with Mrs. Burch who will also make arrangements for the same.

Mrs. Anna P. Nelson drove into Chicago with her husband early Wednesday morning, visited and enjoyed lunch with her cousin, Mrs. Malmquist. Later Wednesday afternoon Anna P. attended her regular birthday club at the home of Mrs. Ingram.

Friday, Mrs. Nelson had a grand time with Mrs. Opdal shopping in the loop. Later Mr. Nelson joined his wife at the Opdal home and enjoyed dinner with them.

Mrs. W. E. Abbs attended her Bridge club last Wednesday afternoon at the home of Mrs. Stauder in Chicago.

Sunday afternoon Mr. and Mrs. Abbs and their two children drove over to the Hausam's in Arlington Heights, and helped Mr. Abbs' dad, Mr. W. F. Abbs, celebrate his birthday.

Mr. and Mrs. John Burch and daughter, Jacqueline were dinner guest Sunday at the home of Mrs. Burch's cousins, Mr. and Mrs. Herbert Meyer.

Mr. and Mrs. Jim Jackson were dinner guests last Monday at the Nielsen home. Saturday evening Mr. and Mrs. Fred Schneider were dinner guests of the Nielsen's and later the folks enjoyed playing Ann's favorite card game, pinochle.

Friday evening Mr. Homer Torreyson attended his Mathematic Club Banquet and meeting in Chicago.

Mr. and Mrs. August Hartke enjoyed the week-end visiting their son and his family, Mr. and Mrs. Roy Hartke and did the Hartke children have a grand time with Grandpa playing in the snow.

Mrs. Margie Lhotsky has been suffering from a very bad cold during the past week or so. At this writing we hear that Marge is able to be out, and we certainly hope that she will continue to improve, and suffer no more colds or sickness.

Misses Marion and Elaine Rowader suffered a slight attack of stomach flu during the past part of the week. We hope that they will soon be over their illness, and wish them a speedy recovery. Mrs. Rowader has also been on the sick list, but like all mothers she is up taking care of the other sick members of her family.

Tonight Is The Night Of P.-T. A. Movie Party

Yes, folks, tonight's the night when the Indians will do their stuff on the screen at the Wheeling Center school. The P.-T. A. who is sponsoring this movie party, are happy to announce that the sale of the tickets have been going over big, but do not let this keep you away if you have not already purchased yours. Yes, adults tickets are 35c and children 10c. The show will start promptly at 8:00 o'clock, and there will be one showing of "The Last of the Mohicans" starring Randolph Scott and Binnie Barnes, a short feature with Shirley Temple, when she was the dimpled darling of every movie goer, called "Dora's Dunking Donuts," a clever cartoon for the little ones and a Patriotic feature called the "March of Freedom." This is a splendid program so we hope to see a large turnout, personal advice, "Get there early for the best seats." See you tonight! Don't forget there will be a candy sale, for all you sweetooths prior to the movie showing.

LOCAL NEWS

Quite a number of folks from Prospect Heights enjoyed the Milk fund show sponsored by the Arlington Heights Lions Club at the Arlington Heights high school gym on Friday and Saturday evenings. It was most interesting to see the various scenes and places of business which so many of us know personally. It was particularly fun picking out some of our own Prospect Heights children who attend the St. James school and also our young folks who attend the high. A humorous story mingled with advertising of the local business people made this a most interesting program as well as a profitable one for the Lions' worthy cause.

We're happy to report that Mrs. Campbell of Olive St. who is confined to the Ravenswood hospital, is coming along very nicely, and we hope she will be home very soon.

Mrs. A. Lohr is again on the sick list, and we hope that it won't be too long before she is up and around again.

Sgt. Ayers is much about the same and we hope that he too will be back home in Prospect Heights very soon.

Mr. Dan Robertson was home ill a few days, guess it was one of those flu bugs that got him too, but he's now back to work and feeling much better.

Congratulations are in order for Mr. and Mrs. A. Allord. of our local Royal Blue Store. Mrs. Allord presented the proud father with a bouncing baby boy last Friday, and at present everyone including father is doing quite well. By the way the cigars were good, though this is only from hearsay as I never indulge in same myself, but the cookie I swiped for the same reason was very good too. It's going to be quite convenient to have two more butchers in the family when Prospect Heights has grown to its full size, but no doubt our hamlet will have grown faster than your two boys by the time additional help will be necessary. Any way folks, congratulations.

Mr. and Mrs. Thoman of Marion Ave., have or will be leaving shortly to take up residence in Denver, Colorado, where Mr. Thoman's business takes them. We're sorry to see you go folks.

Mr. and Mrs. Harry Steele had the honor of being attendants at the wedding of their old friend, Mr. Edward Dowling of Chicago, and known to many of the old residents of Prospect Heights. We who know Eddie certainly wish him and his new bride lots of luck and happiness.

Wednesday afternoon Mrs. Marion Shepherd enjoyed lunch with her friend, Mrs. A. Jost, at Villa Park.

Mr. and Mrs. Vincent Shepherd entertained Mr. and Mrs. Winthrop Rockwell, from Minneapolis, Minn., Mr. and Mrs. Walker of Chicago, also Babe and Harry Gardner, their daughter and husband, Saturday evening at dinner.

Saturday evening Mr. and Mrs. G. Gunderson, of Chicago enjoyed a very pleasant time playing pinochle and visiting with their friends, Mr. and Mrs. William Danielson.

Sunday, Mr. Rowader and Mr. Barbour drove up to Cary to witness the ski jumping. The men folks were accompanied by Miss Marion Rowader, and the two Rowader boys. To say that everyone had an exciting time, would be putting it mildly.

Congratulations to Mr. and Mrs. Edward Sobwick, who celebrated their 11th wedding anniversary, on Wednesday, January 15.

Mr. and Mrs. Charles Godfroy visited at the Rauen home on Tuesday evening, and on Friday evening Mr. Godfroy, and Mr. Joseph Peltier drove out from Chicago, and enjoyed visiting with Ed, who is still confined to bed. Saturday forenoon Mr. Rudolph Deschauer, of Arlington Heights drove in for a short visit with Ed, and Mother Rauen and Lillian visited during Saturday afternoon. At this time Ed is confined to bed but is progressing as well as can be expected. We hope to see you up and around real soon Ed.

Install Officers Of Wheeling Camp Of Royal Neighbors

Wheeling Camp Royal Neighbors of America held their annual installation of officers Thursday evening, Jan. 16. The installing officer was Supervisor Carrie Krueger and she was assisted by Neighbors Valeness and Deutscher of Logan Square Camp, who served as ceremonial marshall and chancellor, and Neighbor Amanda Gieske of Wheeling camp who served as installing sentinel. Miss Etta May Somsel was the musician. The following corps of officers were installed:

Oracle, Marie Schultz.
Vice-Oracle, Lucile Schneider.
Chancellor, Alice Utpadel.
Recorder, Adeline Schneider.
Receiver, Elsie Grewe.
Marshall, Hazel Willis.
Asst. Marshall, Edna Dueball.
Inner Sentinel, Hattie Cokenower.
Outer Sentinel, Mabel Sessous.
Manager, Bernice Day.
Musician, Agnes Becker.
Faith, Mildred Johnson.
Courage, Betty Schmidt.
Modesty, Bernice Cokenower.
Unselfishness, Irene Scanlon.
Endurance, Lenora Saunders.
Flag Bearer, Myrtle Wesolek.
Juvenile Director, Irene Scanlon.
Past Oracle, Sophia Allison.

Following the installation ceremony a social hour was spent in playing cards and refreshments were served.

Change Meeting Dates Of P.-T. A.

The monthly meeting of the Wheeling P. T. A. was held on Monday evening. Among the more important items of business the group decided to change the meetings from the 3rd to the 4th Monday of each month. They also voted to purchase ten copies of the American Boy Scout magazine for members of the troop which they sponsor.

The speaker that was scheduled for the evening was unable to be present and the program committee was fortunate in securing a speaker locally, in the person of Mr. L. Phillip Denoyer.

Mr. Denoyer gave a very interesting talk on "Maps and the making of maps," in which field he is an authority. As president of the Denoyer-Geppert Map company, he has had a wide exeprience in that field, covering other continents as well as our own.

Now is the time to be assembling your costume for the Masquerade party coming next month. The Wheeling Recreation club are the sponsors. A good time is assured to all on Saturday evening, Feb. 15 at the Wheeling gym.

Mr. and Mrs. Bruno Schulz are away on a month's vacation trip which they are spending in California. They are making their headquarters in Los Angeles and will make numerous trips to other points of interest in the state.

Miss Lonabelle Ackerman of Woodstock spent the week-end here with her friend Miss Virginia Gieske.

Mrs. William Krueger Sr. is improving satisfactorily from her recent illness and hopes to be permitted to return to her home soon.

Mr. and Mrs. Harold Utpadel spent Sunday with Mrs. Utpadel's parents the Wahls of Chicago.

A project of inter-school friendliness has been progressing happily, the past few weeks, since the upper grade pupils of Wheeling school together with their teacher Miss Bertha Keith decided to invite the 7th and 8th grade pupils of the Prospect Heights school to share their basketball periods in the Wheeling gym. Last week five boys with their teacher came from Prospect Heights for several such periods. The games were not competing between the schools but teams were chosen with the boys from both schools on each team. This week the girls of both schools were planning to meet in the same way and the boys planned to repeat.

Friends of Edmund J. Galitz are glad to learn that he has improved from his recent serious illness and is able to sit up for part of the day.

Mrs. Henry Grandt, Jr. entertained a group of immediate relatives at dinner last Saturday evening honoring the 83rd birthday of her father, Mr. Henry Grandt, Sr. After dinner the party adjourned to the home of Mr. Grandt's daughter, Mrs. Fred Utpadel, where sixty guests assembled to enjoy the birthday celebration by playing a variety of games and visiting.

Taking advantage of the closeness of his home, Sailor Bud Miller has been coming home on his twelve hour leaves from his post at Great Lakes. On Sunday he brought two fellow gobs, George Marshall, of Kentucky, and Dan Lacey, of Kansas, to enjoy the day with him. Bud is still "sold" on the navy as much as when he first chose that branch of the service. He expects to be home for a nine night boot-leave soon, after which he will probably leave for distant waters.

Alfred Krueger and W. James Utpadel, who enrolled for service in the U. S. Marines some time ago, were called to enter training this week. The boys left for the coast on Tuesday. On Monday evening Jim's father, Mr. Otto Utpadel gave the boys a farewell treat, taking them and Alfred's father, Mr. Wm. Krueger into Chicago, for dinner and a show.

A. F. & A. M. Installation

The installation ceremonies of Vitruvious lodge No. 81 A. F. and A. M. were held on Saturday evening, Jan. 11 in the Masonic hall. Installing officers were Worshipful Master Bro. Frank Kottrasch, Marshall Bro. Lynn Jordan, Chaplain Bro. Summer Sprague, Secretary Bro. Chester Wolf. Officers for the year 1941 are:

Wor. Master, Arthur C. Fallscher.
Senior Warden, John H. Forke.
Junior Warden, Harold J. Forke.
Treasurer, Robert Utpadel.
Secretary, Oliver Wolf.
Chaplain, Emil Geest.
Senior Deacon, Arthur Laurance.
Junior Deacon, Henry Eggert.
Senior Steward, William Herrick
Junior Steward, R. B. Hallen.
Marshall, Frank Utpadel.
Organist, Edward Wesolek.
Tyler, Wallace Meyer.

Refreshments were served following the installation program.

Twenty-five relatives and friends gathered at the Fred Lemke home on Sunday evening to help Mrs. Lemke celebrate her birthday.

BASKETBALL NEWS

The Smith & Dawson Cage team will meet the Park Ridge team next Thursday evening at the Arlington Heights high school gym at 8 o'clock. There will be two games played, the above mentioned being the "heavies" and a game by the "lights", though the team they are to play has not been definitely decided upon. The gate fee is 25 cents, and your're sure to get your money's worth, even if you do get a little hoarse rooting our boys on to victory.

District 28 of the Parent-Teachers Association of Illinois, will hold their regular meeting, Feb. 19, at 9:30 a. m., at the Lighting Institute auditorium, in the Chicago Civic Opera Building. All are cordially invited to attend and hear a resume of all local reports, and the various guest speakers prior to the State Convention which will be held in Belleville, some time in April. This meeting will be of great interest to all members and especially so to the chairmen of the various committees and the officers of our association.

Parliamentary Law Class At Des Plaines

Mrs. Hendricks State Chairman of the Parent-Teachers Association of Illinois will direct a class in Parliamentary Law, next Wednesday, January 29, at the North School in Des Plaines, and all members of the Wheeling Center Parent-Teachers association are cordially invited to attend this session.

Class will start promptly at 9:45 a. m. and will adjourn for luncheon at 12 o'clock. This luncheon will be served in the Cafeteria of the North school for 25c, and all reservations must be made prior to the date of the classes. This can be done by calling Mrs. J. Burch, president of the Wheeling Center P.-T. A. Classes will be resumed at 1 o'clock sharp, and adjournment of the class will be at 2:30 o'clock.

Mrs. Hendricks is an expert of Parliamentary law and is also a very able teacher, so this should be a most interesting class and well worth your while to attend. For transportation please get in touch with Mrs. Burch who will also make arrangements for the same.

Mrs. Anna P. Nelson drove into Chicago with her husband early Wednesday morning, visited and enjoyed lunch with her cousin, Mrs. Malmquist. Later Wednesday afternoon Anna P. attended her regular birthday club at the home of Mrs. Ingram.

Friday, Mrs. Nelson had a grand time with Mrs. Opdal shopping in the loop. Later Mr. Nelson joined his wife at the Opdal home and enjoyed dinner with them.

Mrs. W. E. Abbs attended her Bridge club last Wednesday afternoon at the home of Mrs. Stauder in Chicago.

Sunday afternoon Mr. and Mrs. Abbs and their two children drove over to the Hausam's in Arlington Heights, and helped Mr. Abbs' dad, Mr. W. F. Abbs, celebrate his birthday.

Mr. and Mrs. John Burch and daughter, Jacqueline were dinner guest Sunday at the home of Mrs. Burch's cousins, Mr. and Mrs. Herbert Meyer.

Mr. and Mrs. Jim Jackson were dinner guests last Monday at the Nielsen home. Saturday evening Mr. and Mrs. Fred Schneider were dinner guests of the Nielsen's and later the folks enjoyed playing Ann's favorite card game, pinochle.

Friday evening Mr. Homer Torreyson attended his Mathematic Club Banquet and meeting in Chicago.

Mr. and Mrs. August Hartke enjoyed the week-end visiting their son and his family, Mr. and Mrs. Roy Hartke and did the Hartke children have a grand time with Grandpa playing in the snow.

Mrs. Margie Lhotsky has been suffering from a very bad cold during the past week or so. At this writing we hear that Marge is able to be out, and we certainly hope that she will continue to improve, and suffer no more colds or sickness.

Misses Marion and Elaine Rowader suffered a slight attack of stomach flu during the past part of the week. We hope that they will soon be over their illness, and wish them a speedy recovery. Mrs. Rowader has also been on the sick list, but like all mothers she is up taking care of the other sick members of her family.

Tonight Is The Night Of P.-T. A. Movie Party

Yes, folks, tonight's the night when the Indians will do their stuff on the screen at the Wheeling Center school. The P.-T. A. who is sponsoring this movie party, are happy to announce that the sale of the tickets have been going over big, but do not let this keep you away if you have not already purchased yours. Yes, adults tickets are 35c and children 10c. The show will start promptly at 8:00 o'clock, and there will be one showing of "The Last of the Mohicans" starring Randolph Scott and Binnie Barnes, a short feature with Shirley Temple, when she was the dimpled darling of every movie goer, called "Dora's Dunking Donuts," a clever cartoon for the little ones and a Patriotic feature called the "March of Freedom." This is a splendid program so we hope to see a large turnout, personal advice, "Get there early for the best seats." See you tonight! Don't forget there will be a candy sale, for all you sweetooths prior to the movie showing.

LOCAL NEWS

Quite a number of folks from Prospect Heights enjoyed the Milk fund show sponsored by the Arlington Heights Lions Club at the Arlington Heights high school gym on Friday and Saturday evenings. It was most interesting to see the various scenes and places of business which so many of us know personally. It was particularly fun picking out some of our own Prospect Heights children who attend the St. James school and also our young folks who attend the high. A humorous story mingled with advertising of the local business people made this a most interesting program as well as a profitable one for the Lions' worthy cause.

We're happy to report that Mrs. Campbell of Olive St. who is confined to the Ravenswood hospital, is coming along very nicely, and we hope she will be home very soon.

Mrs. A. Lohr is again on the sick list, and we hope that it won't be too long before she is up and around again.

Sgt. Ayers is much about the same and we hope that he too will be back home in Prospect Heights very soon.

Mr. Dan Robertson was home ill a few days, guess it was one of those flu bugs that got him too, but he's now back to work and feeling much better.

Congratulations are in order for Mr. and Mrs. A. Allord. of our local Royal Blue Store. Mrs. Allord presented the proud father with a bouncing baby boy last Friday, and at present everyone including father is doing quite well. By the way the cigars were good, though this is only from hearsay as I never indulge in same myself, but the cookie I swiped for the same reason was very good too. It's going to be quite convenient to have two more butchers in the family when Prospect Heights has grown to its full size, but no doubt our hamlet will have grown faster than your two boys by the time additional help will be necessary. Any way folks, congratulations.

Mr. and Mrs. Thoman of Marion Ave., have or will be leaving shortly to take up residence in Denver, Colorado, where Mr. Thoman's business takes them. We're sorry to see you go folks.

Mr. and Mrs. Harry Steele had the honor of being attendants at the wedding of their old friend, Mr. Edward Dowling of Chicago, and known to many of the old residents of Prospect Heights. We who know Eddie certainly wish him and his new bride lots of luck and happiness.

Wednesday afternoon Mrs. Marion Shepherd enjoyed lunch with her friend, Mrs. A. Jost, at Villa Park.

Mr. and Mrs. Vincent Shepherd entertained Mr. and Mrs. Winthrop Rockwell, from Minneapolis, Minn., Mr. and Mrs. Walker of Chicago, also Babe and Harry Gardner, their daughter and husband, Saturday evening at dinner.

Saturday evening Mr. and Mrs. G. Gunderson, of Chicago enjoyed a very pleasant time playing pinochle and visiting with their friends, Mr. and Mrs. William Danielson.

Sunday, Mr. Rowader and Mr. Barbour drove up to Cary to witness the ski jumping. The men folks were accompanied by Miss Marion Rowader, and the two Rowader boys. To say that everyone had an exciting time, would be putting it mildly.

Congratulations to Mr. and Mrs. Edward Sobwick, who celebrated their 11th wedding anniversary, on Wednesday, January 15.

Mr. and Mrs. Charles Godfroy visited at the Rauen home on Tuesday evening, and on Friday evening Mr. Godfroy, and Mr. Joseph Peltier drove out from Chicago, and enjoyed visiting with Ed, who is still confined to bed. Saturday forenoon Mr. Rudolph Deschauer, of Arlington Heights drove in for a short visit with Ed. and Mother Rauen and Lillian visited during Saturday afternoon. At this time Ed is confined to bed but is progressing as well as can be expected. We hope to see you up and around real soon Ed.

Livestock Man Lauds Protein Concentrates

"New knowledge of nutrition, together with an earlier maturing type of animal as developed by breeders, has made it possible for the livestock and meat industries better to serve consumers," Paul Gerlaugh, chief of animal industry at Ohio State University, told persons attending a stockman's banquet Tuesday night. The banquet was a part of annual Farm and Home Week at the University of Illinois College of Agriculture.

"The development and use of protein concentrates have made possible the fattening of younger and lighter-weight animals," explained Gerlaugh. "Who heard or knew of baby beef before the coming of the protein concentrate? Who has been able to produce a steer weighing less than 1,000 lbs. that would dress 60 % or better without the use of a protein concentrate?

"Lighter weight animals of today must carry maximum finish for their weight in order to obtain the judge's nod or the buyer's top figure.

"To the men who hace moulded type in the breeding herds of this country goes the credit for developing present-day types that have made these changes possible. You, who are being honored tonight, are responsible for present-day developments and those of the near future," he concluded.

Contracts for the purchase of land—Prior to the time a deed is issued by the seller or any payments are made by the purchaser of farm land, a contract should be drawn up and signed by seller and buyer. Among other things, this contract should:

1. Specify the amount of the purchase price and how and when it is to be paid.
2. Specify that insurance policies in force on the property shall be transferred to the buyer.
3. Designate whether crops not yet harvested or divided, agricultural conservation payments not yet paid or cash rent not yet due are to go to the buyer, or if they are to be handled differently. Obviously these provisions will depend upon the time of year the farm is sold.
4. Designate by whom current taxes, assessments and insurance premiums shall be paid. These may be apportioned between the buyer and seller, depending upon the amount of the current term for each item that has elapsed. Sometimes the buyer simply agrees to pay all future installments. As a general rule taxes occurring during the current year are paid by the one who gets the crops.
5. Provide that the seller shall pay all past assessments, taxes or obligations of any kind against the land, prior to final settlement.
6. Require the seller to provide an abstract containing all entries up to the present transaction and showing a clear and merchantable title.
7. Provide for the delivery of a warranty deed free of exceptions or conditions, at the time final settlement is made with the seller.
8. Provide for any special things which the seller agrees to do before delivery of possession, such as repairing a building or well, etc.

Before entering such a contract the buyer, if he borrows money to purchase a farm, should make an agreement with the lending agency specifying:

1. The amount borrowed.
2. The interest rate.
3. The period for repayment.
4. The number, amount and date of annual installments.
5. Repayment privileges, particularly with respect to the amount of principal that can be repaid in any one year.
6. Appraisal fees or other loan service charges.
7. Any special provisions in case of default in repayment of the loan.

Fence Viewers — In connection with laws on division fences the state legislature has created a local body known as "fence viewers," whose duties are as follows:

1. To determine the value of a division fence in cases where adjoining owners can not agree on the contribution which should be made from one to the other for building the fence.
2. In case of dispute to determine what proportion of a division fence should be maintained by each owner.
3. On complaint by one owner that an adjoining owner has refused to make necessary repairs, the viewers may examine the fence and, if they determine that repairs are necessary, order the delinquent party to make them within a reasonable, specified time.

In counties under township organization, the town assessor and commissioners of highways are ex-officio fence viewers—that is, they are such because of the office they hold. In counties not under township organization, the county board appoints, for a term of one year, three viewers for each precinct.

In addition to other powers and duties, fence viewers may determine, for their town or precinct, what is the equivalent of a legal fence as defined by law and may compel testimony when considering a fence dispute.

Their decisions must be reduced to writing and filed with the town clerk, or in counties not under township organization, with the county clerk. Viewers are by law entitled to $1.50 each a day for time necessarily spent in performing their duties. This amount is to be paid initially by the party requesting their services. However, he is entitled to a proportionate contribution from the other owner. In case one party is in default, such person must pay the whole cost of the view.

Laws relating to fence viewers are in Chapter 54 of the Illinois Revised Statutes.

Procedures ordinarily involved in buying a farm:

Assuming that an adequate appraisal of the soil, improvements and farm management possibilities has been made and that a farm can be purchased for what it is worth, the following steps are in most cases essential:

1. Find a credit agency that can finance the purchase of the farm and reach an agreement on the terms and conditions of the loan.
2. A contract should be drawn up and signed by the seller and buyer.
3. A warranty deed should be executed by the seller and placed in the hands of an escrow agent at the time the contract is made. The lending agency frequently acts as an escrow agent. The deed should specify in whom the title is to vest, for example in "John Jones" or in "John Jones and Nellie Jones, his wife, as joint tenants and not as tenants in common."
4. The buyer should have the abstract examined by a competent attorney.
5. Any defects in the title should be cleared by the seller before making a financial settlement.
6. When the deed has been received it should be recorded.
7. When the deed is recorded a mortgage is isued to the lending agency to secure the notes given for the amount advanced to pay for the farm. The mortgage and notes should be in accord with the original agreement relative to the terms of the loan. Frequently a trust deed is used in place of a mortgage.
8. Other points to consider:

A. Who is now occupying the farm you are buying? If a tenant, what are his rights? Does he have a written lease? When can his term be terminated and you take possession? What are his rights in crops and improvements now on the land? (He may own hog houses, hen houses, brooders, temporary fencing—the buyer should find out.)

B. If the farm is bought thru a real estate firm and the firm offers to find a loan, get the title examined, draw up the contract with the seller or place insurance for the buyer the latter should be sure he is getting competent service in all these things, that he is dealing with companies or individuals as reliable as he could pick for him and that costs are not out of line with those from companies or individuals which might be selected by the buyer to perform these services.

C. Be sure there are no valid liens, judgments or other obligations not appearing in the abstract.

D. Find out if anyone has an easement to the use of any of the land as a roadway or for other purposes.

Good Methods Of Dairy Production are Re-emphasized

Getting the highest net returns from the dairy herd this fall and winter in the face of large production will require re-emphasis of good feeding and management practices, caution C. S. Rhode and J. G. Cash, of the dairy department, University of Illinois College of Agriculture.

However, present indications point toward a satisfactory year for dairymen who give serious consideration to the factors necessary for efficient production, the specialists say.

"In the fact of unusually large dairy production, prices have improved during the year, owing to heavy consumption brought about by a higher level of employment and bigger payrolls. While production during the fall and winter is likely to be above average, it also seems probable that consumer demand will average higher than during the safe period a year ago. Therefore, supplies are not likely to become burdensome."

To build a money-making dairy program this fall and winter, the place to start is the feeding plan, according to Rhode and Cash. "Inventory the feed supply. Be sure the cost of the grain mixture is as low as possible in keeping with good feeding practices and that it is balanced to fit the kind and quality of roughage available. Feed grain according to production and give careful attention to cows at calving time. Always supply plenty of salt and add some bone meal when needed.

"Another way efficient production may be assured is by close culling of low producers. Since the net return from each cow is largely dependent upon the level of production, diseased animals, shy breeders and poor producers should be disposed of before herds are put in winter quarters."

Eavesdrop

Eavesdrop had its origin from the word eavesdrip, an old Saxon law which forbade a man to build a house closer than two feet from another's property, so that water from the eaves would not drop on his neighbor's land. Thus a person who approached close to another to overhear what he says came to be known as an eavesdropper.

Good Father-Son Relations Needed On Illinois Farms

One of the greatest opportunities for developing Illinois agriculture and better rural communities is through father-son business relationships, annual Farm and Home Week visitors at the University of Illinois College of Agriculture were told this afternoon by H. C. M. Case, head of the College's agricultural economics department.

Prof. Case named four reasons why young men should stay on the farm.

First, farming at its best in Illinois will more surely provide sufficient income for a satisfactory living for the farm family than any other line of work a man might undertake. Farming, as the best farmers farm, pays from $10 to $20 an acre more annual returns than is found on other farms in the same community where a poor job of farming is carried on.

Second, farming as a tenant is a normal way for many young people to start. From 30 to 40 per cent of the tenants in many counties are related to the owners of the land they operate. Under these conditions, tenancy frequently represents a satisfactory means of passing land on from one generation to the next.

Third, young people with limited capital can get a larger return out of that capital by investing it in operating equipment than they can by buying land.

Finally, Case says tenants on many Illinois farms have a larger total investment than owners of land invested when they started farming 40 to 50 years ago. Modern equipment makes for larger total investment, which makes it more difficult for the young man to begin.

Proper father-son business relationships are one of the best means of developing a strong, stable community life with the same family remaining on the same farm from generation to generation, Case concluded.

More Attention Should Be Given Farm Buildings

"Too often farmers are confronted with the spectacle of the big red barn with a big white mortgage," visitors attending the opening session of annual Farm and Home Week at the University of Illinois College of Agriculture were told today by Kirk Fox, Des Moines, Ia., editor of Successful Farming magazine.

Discussing changing styles and needs in farm building before the opening general session of the week, Fox said, "The economic approach to farm buildings must get attention in the future because insurance companies find that the major cause of farmers losing their farms has been unwise and too heavy investment in buildings. We have not only a need for modernized buildings, but a need for a better understanding of modern materials and where they are best adapted.

"The majority of homes date back beyond 40 years, when electricity was a luxury in the finest city home and running water consisted mostly of the kind you ran after yourself with a pail. Within five years, thousands of Illinois farms have received the blessings of electricity, running water and central heating plants. Never built to house such conveniences, these antiquated homes are making it extremely difficult for their owners to reap the full benefits of modern conveniences."

Fox said that in 90 cases out of 100, new homes being built on farms today were being designed for special farm use, and that there is a lot of difference between the functions of a farm house and a city house.

Lots of Operations

Eight hundred eighty-eight operations are required to make a shotgun shell which retails for four cents.

Only 2 Soybean Products Affect Soybean Prices

Only two soybean products, soybean meal and soybean oil, are of sufficient commercial importance to influence the price of soybeans, L. J. Norton, agricultural economist of the University of Illinois College of Agriculture, told a Farm and Home Week audience today.

Since both products must face the competition of a number of alternative products in the market, the demand for and the price of soybeans are influenced by both the prices and supplies of other products, Norton said.

Soybean meal must compete indirectly with all feedstuffs—most directly with the high-protein feedstuffs, chiefly the oil feeds. Norton states that the estimated total production of these was about 4 million tons in 1940, the largest on record, and one-third more than the 1928-32 average. This increase in production of high-protein feedstuffs as a group has lowered their prices relative to the prices of feed grains. Of these 4 million tons, cottonseed represents about 50 per cent, soybean meal 32 per cent and linseed-meal about 12 per cent. The tonnage of soybean meal is large enough to be a price leader along with cottonseed meal. Soybean meal has gone ahead of linseed meal in this respect in the last ten years.

Although soybean oil as a semi-drying oil can be used as a partial substitute for more expensive drying oils in such industrial uses as paint, and core oils, soybean oil is now used principally as a food oil in the manufacture of cooking compounds and margarine. In these uses it is most directly competitive with cottonseed oil and indirectly with lard, Norton explained.

Livestock Man Lauds Protein Concentrates

"New knowledge of nutrition, together with an earlier maturing type of animal as developed by breeders, has made it possible for the livestock and meat industries better to serve consumers," Paul Gerlaugh, chief of animal industry at Ohio State University, told persons attending a stockman's banquet Tuesday night. The banquet was a part of annual Farm and Home Week at the University of Illinois College of Agriculture.

"The development and use of protein concentrates have made possible the fattening of younger and lighter-weight animals," explained Gerlaugh. "Who heard or knew of baby beef before the coming of the protein concentrate? Who has been able to produce a steer weighing less than 1,000 lbs. that would dress 60 % or better without the use of a protein concentrate?

"Lighter weight animals of today must carry maximum finish for their weight in order to obtain the judge's nod or the buyer's top figure.

"To the men who hace moulded type in the breeding herds of this country goes the credit for developing present-day types that have made these changes possible. You, who are being honored tonight, are responsible for present-day developments and those of the near future," he concluded.

Contracts for the purchase of land—Prior to the time a deed is issued by the seller or any payments are made by the purchaser of farm land, a contract should be drawn up and signed by seller and buyer. Among other things, this contract should:

1. Specify the amount of the purchase price and how and when it is to be paid.
2. Specify that insurance policies in force on the property shall be transferred to the buyer.
3. Designate whether crops not yet harvested or divided, agricultural conservation payments not yet paid or cash rent not yet due are to go to the buyer, or if they are to be handled differently. Obviously these provisions will depend upon the time of year the farm is sold.
4. Designate by whom current taxes, assessments and insurance premiums shall be paid. These may be apportioned between the buyer and seller, depending upon the amount of the current term for each item that has elapsed. Sometimes the buyer simply agrees to pay all future installments. As a general rule taxes occurring during the current year are paid by the one who gets the crops.
5. Provide that the seller shall pay all past assessments, taxes or obligations of any kind against the land, prior to final settlement.
6. Require the seller to provide an abstract containing all entries up to the present transaction and showing a clear and merchantable title.
7. Provide for the delivery of a warranty deed free of exceptions or conditions, at the time final settlement is made with the seller.
8. Provide for any special things which the seller agrees to do before delivery of possession, such as repairing a building or well, etc.

Before entering such a contract the buyer, if he borrows money to purchase a farm, should make an agreement with the lending agency specifying:

1. The amount borrowed.
2. The interest rate.
3. The period for repayment.
4. The number, amount and date of annual installments.
5. Repayment privileges, particularly with respect to the amount of principal that can be repaid in any one year.
6. Appraisal fees or other loan service charges.
7. Any special provisions in case of default in repayment of the loan.

Fence Viewers — In connection with laws on division fences the state legislature has created a local body known as "fence viewers," whose duties are as follows:

1. To determine the value of a division fence in cases where adjoining owners can not agree on the contribution which should be made from one to the other for building the fence.
2. In case of dispute to determine what proportion of a division fence should be maintained by each owner.
3. On complaint by one owner that an adjoining owner has refused to make necessary repairs, the viewers may examine the fence and, if they determine that repairs are necessary, order the delinquent party to make them within a reasonable, specified time.

In counties under township organization, the town assessor and commissioners of highways are ex-officio fence viewers—that is, they are such because of the office they hold. In counties not under township organization, the county board appoints, for a term of one year, three viewers for each precinct.

In addition to other powers and duties, fence viewers may determine, for their town or precinct, what is the equivalent of a legal fence as defined by law and may compel testimony when considering a fence dispute.

Their decisions must be reduced to writing and filed with the town clerk, or in counties not under township organization, with the county clerk. Viewers are by law entitled to $1.50 each a day for time necessarily spent in performing their duties. This amount is to be paid initially by the party requesting their services. However, he is entitled to a proportionate contribution from the other owner. In case one party is in default, such person must pay the whole cost of the view.

Laws relating to fence viewers are in Chapter 54 of the Illinois Revised Statutes.

Procedures ordinarily involved in buying a farm:

Assuming that an adequate appraisal of the soil, improvements and farm management possibilities has been made and that a farm can be purchased for what it is worth, the following steps are in most cases essential:

1. Find a credit agency that can finance the purchase of the farm and reach an agreement on the terms and conditions of the loan.
2. A contract should be drawn up and signed by the seller and buyer.
3. A warranty deed should be executed by the seller and placed in the hands of an escrow agent at the time the contract is made. The lending agency frequently acts as an escrow agent. The deed should specify in whom the title is to vest, for example in "John Jones" or in "John Jones and Nellie Jones, his wife, as joint tenants and not as tenants in common."
4. The buyer should have the abstract examined by a competent attorney.
5. Any defects in the title should be cleared by the seller before making a financial settlement.
6. When the deed has been received it should be recorded.
7. When the deed is recorded a mortgage is isued to the lending agency to secure the notes given for the amount advanced to pay for the farm. The mortgage and notes should be in accord with the original agreement relative to the terms of the loan. Frequently a trust deed is used in place of a mortgage.
8. Other points to consider:

A. Who is now occupying the farm you are buying? If a tenant, what are his rights? Does he have a written lease? When can his term be terminated and you take possession? What are his rights in crops and improvements now on the land? (He may own hog houses, hen houses, brooders, temporary fencing—the buyer should find out.)

B. If the farm is bought thru a real estate firm and the firm offers to find a loan, get the title examined, draw up the contract with the seller or place insurance for the buyer the latter should be sure he is getting competent service in all these things, that he is dealing with companies or individuals as reliable as he could pick for him and that costs are not out of line with those from companies or individuals which might be selected by the buyer to perform these services.

C. Be sure there are no valid liens, judgments or other obligations not appearing in the abstract.

D. Find out if anyone has an easement to the use of any of the land as a roadway or for other purposes.

Good Methods Of Dairy Production are Re-emphasized

Getting the highest net returns from the dairy herd this fall and winter in the face of large production will require re-emphasis of good feeding and management practices, caution C. S. Rhode and J. G. Cash, of the dairy department, University of Illinois College of Agriculture.

However, present indications point toward a satisfactory year for dairymen who give serious consideration to the factors necessary for efficient production, the specialists say.

"In the fact of unusually large dairy production, prices have improved during the year, owing to heavy consumption brought about by a higher level of employment and bigger payrolls. While production during the fall and winter is likely to be above average, it also seems probable that consumer demand will average higher than during the safe period a year ago. Therefore, supplies are not likely to become burdensome."

To build a money-making dairy program this fall and winter, the place to start is the feeding plan, according to Rhode and Cash. "Inventory the feed supply. Be sure the cost of the grain mixture is as low as possible in keeping with good feeding practices and that it is balanced to fit the kind and quality of roughage available. Feed grain according to production and give careful attention to cows at calving time. Always supply plenty of salt and add some bone meal when needed.

"Another way efficient production may be assured is by close culling of low producers. Since the net return from each cow is largely dependent upon the level of production, diseased animals, shy breeders and poor producers should be disposed of before herds are put in winter quarters."

Eavesdrop

Eavesdrop had its origin from the word eavesdrip, an old Saxon law which forbade a man to build a house closer than two feet from another's property, so that water from the eaves would not drop on his neighbor's land. Thus a person who approached close to another to overhear what he says came to be known as an eavesdropper.

Good Father-Son Relations Needed On Illinois Farms

One of the greatest opportunities for developing Illinois agriculture and better rural communities is through father-son business relationships, annual Farm and Home Week visitors at the University of Illinois College of Agriculture were told this afternoon by H. C. M. Case, head of the College's agricultural economics department.

Prof. Case named four reasons why young men should stay on the farm.

First, farming at its best in Illinois will more surely provide sufficient income for a satisfactory living for the farm family than any other line of work a man might undertake. Farming, as the best farmers farm, pays from $10 to $20 an acre more annual returns than is found on other farms in the same community where a poor job of farming is carried on.

Second, farming as a tenant is a normal way for many young people to start. From 30 to 40 per cent of the tenants in many counties are related to the owners of the land they operate. Under these conditions, tenancy frequently represents a satisfactory means of passing land on from one generation to the next.

Third, young people with limited capital can get a larger return out of that capital by investing it in operating equipment than they can by buying land.

Finally Case says tenants on many Illinois farms have a larger total investment than owners of land invested when they started farming 40 to 50 years ago. Modern equipment makes for larger total investment, which makes it more difficult for the young man to begin.

Proper father-son business relationships are one of the best means of developing a strong, stable community life with the same family remaining on the same farm from generation to generation, Case concluded.

More Attention Should Be Given Farm Buildings

"Too often farmers are confronted with the spectacle of the big red barn with a big white mortgage," visitors attending the opening session of annual Farm and Home Week at the University of Illinois College of Agriculture were told today by Kirk Fox, Des Moines, Ia., editor of Successful Farming magazine.

Discussing changing styles and needs in farm building before the opening general session of the week, Fox said, "The economic approach to farm buildings must get attention in the future because insurance companies find that the major cause of farmers losing their farms has been unwise and too heavy investment in buildings. We have not only a need for modernized buildings, but a need for a better understanding of modern materials and where they are best adapted.

"The majority of homes date back beyond 40 years, when electricity was a luxury in the finest city home and running water consisted mostly of the kind you ran after yourself with a pail. Within five years, thousands of Illinois farms have received the blessings of electricity, running water and central heating plants. Never built to house such conveniences, these antiquated homes are making it extremely difficult for their owners to reap the full benefits of modern conveniences."

Fox said that in 90 cases out of 100, new homes being built on farms today were being designed for special farm use, and that there is a lot of difference between the functions of a farm house and a city house.

Lots of Operations

Eight hundred eighty-eight operations are required to make a shotgun shell which retails for four cents.

Only 2 Soybean Products Affect Soybean Prices

Only two soybean products, soybean meal and soybean oil, are of sufficient commercial importance to influence the price of soybeans, L. J. Norton, agricultural economist of the University of Illinois College of Agriculture, told a Farm and Home Week audience today.

Since both products must face the competition of a number of alternative products in the market, the demand for and the price of soybeans are influenced by both the prices and supplies of other products, Norton said.

Soybean meal must compete indirectly with all feedstuffs—most directly with the high-protein feedstuffs, chiefly the oil feeds. Norton states that the estimated total production of these was about 4 million tons in 1940, the largest on record, and one-third more than the 1928-32 average. This increase in production of high-protein feedstuffs as a group has lowered their prices relative to the prices of feed grains. Of these 4 million tons, cottonseed represents about 50 per cent, soybean meal 32 per cent and linseed meal about 12 per cent. The tonnage of soybean meal is large enough to be a price leader along with cottonseed meal. Soybean meal has gone ahead of linseed meal in this respect in the last ten years.

Although soybean oil as a semi-drying oil can be used as a partial substitute for more expensive drying oils in such industrial uses as paint, and core oils, soybean oil is now used principally as a food oil in the manufacture of cooking compounds and margarine. In these uses it is most directly competitive with cottonseed oil and indirectly with lard, Norton explained.

Cleaning Waxed Floors

Hardwood floors which are waxcoated should be cleaned with a mop or soft brush which is free from oil, as oil has a tendency to soften wax. A cloth wrung from warm, soapy water should suffice to remove the surface dirt. There are certain cleaners which are recommended for removing spots or discolorations from floors before refinishing. Consult your paint dealer. A rag moistened with turpentine or mineral spirits will also remove wax.

The Sarong Marches On!

The sarong, the exotic South Sea garb popularized by lovely Dorothy Lamour, has become contagious! Not content with its influence on feminine styles, Dottie has put the outfit on her two new boy friends, Bing Crosby and Bob Hope, in the threesome's picture together, "Road to Singapore." Paramount song-filled — and sarong-filled — comedy opens Sunday at the Palatine Theatre, Palatine, for a 3-day engagement co-featured with Dick Powell and Ellen Drew in "Christmas in July," a comedy feature showing Sunday through Tuesday, making a great double bill.

Movie News.

Cagney and Sheridan Are Co-Stars Of Des Plaines Sunday Show

James Cagney and Ann Sheridan the torrid team of "Torrid Zone" again share co-starring honors in the dynamic new film, "City of Conquest" opening Sunday at the Des Plaines theatre for a three day run. Frank Craven, Donald Crisp and Frank McHugh are also prominently cast in the film. "One Night in the Tropics" completes the double bill opening Sunday. This gay musical-comedy romance features such well-known players as Alan Jones, Nancy Kelly, the fun team of Abbott and Costello, Leo Carillo and many others in its large cast.

The current program, closing its run on Saturday night, consists of "A Little Bit of Heaven" starring Gloria Jean, the twelve-year old singing sensation of "The Underpup." Completing the double feature is "East of the River" with John Garfield, Brenda Marshall and Marjorie Rambeau. The final chapter of the Dead End Kids serial "Junior G-Men," and the latest issue of Paramount News are added attractions on the current program.

Southwest's Wildest Era Recreated In Epic Film

Ellen Drew co-stars with Dick Powell in Preston Sturges' latest Paramount farce "Christmas in July," which plays Sunday, Monday and Tuesday at the Palatine theatre with "Road to Singapore." Their trials and tribulations to win a national slogan contest and get married makes one of the season's brightest comedies. Raymond Walburn, Ernest Truex, William Demarest, Alexander Carr and Franklin Panghorn are featured in the cast.

"Cherokee Strip"—the name itself suggests color and adventure! It's the land where the Daltons rode—the land where the Cimarron River flows—the land where General Custer's troops were based. It's the land where the famous Texas Cattle Trail wound its way through Indian Country to the famous Dodge City — and where countless boom towns arose overnight, flourished, and vanished.

The "Cherokee Strip" has been setting for many a famous motion picture; but now for the first time the turbulent "Strip" itself becomes the subject for a film epic. The picture is "Cherokee Strip," starring Richard Dix, and it plays next Wednesday, Thursday, Friday and Saturday at the Palatine theatre.

What goes on behind the scenes of a Broadway stage hit is hilariously divulged in "No Time For Comedy," the James Stewart-Rosalind Russell starring picture which also plays next Wed., Thurs., Fri., and Sat.

Baby Sandy Adopted By Firemen For Mascot

Baby Sandy, currently appearing in Universal's "Sandy Gets Her Man," at the Catlow theatre on Friday and Saturday is not only Hollywood's youngest screen star but also the youngest "fireman" in the country.

In recognition of Sandy's role in the picture, which shows firemen making thrilling rescues from blazing buildings. Fire Chief John Smith of the South Pasadena Fire Department named the young star official mascot and "junior member" of his department.

Double featured on Friday and Saturday with "Sandy Gets Her Man," is "A Night at Earl Carroll's," produced by Earl Carroll, and featuring the most beautiful girls in the world! Ken Murray and Lillian Cornell are the leading players.

A comedy melodrama interspersed with the personality and music of America's Number One band organization, headed by Kay Kyser, "You'll Find Out," scheduled for the Catlow Theatre Sunday and Monday. is heralded as a really unique film.

Deftly combining hair-raising comedy, tender romance and sweet-and-swing music, the RKO Radio film presents in supporting roles such notable players as Peter Lorre, Boris Karloff, Bela Lugosi, Helen Parrish, Dennis O'Keefe and Alma Kruger, in addition to Kyser's featured artists, Ginny Simms, Harry Babbit, Ish Kabibble and Sully Mason.

Dealing with the romance between a daring Hollywood stuntflyer and an imperious screen star, RKO Radio's "I'm Still Alive," featuring Kent Taylor and Linda Hayes, is the second show on the double feature bill at the Catlow Theatre Tuesday.

So realistic were the storm scenes for John Ford's dramatic picturization of the Eugene O'Neill sea drama, "The Long Voyage Home," that John Wayne and Jack Pennick, two players most active in them, were sent to the hospital with broken ribs after the first battle with the waves, before the cameras. "The Long Voyage Home," featuring a cast of brilliant stage and screen celebreties, is scheduled to open at the Catlow theatre on Wednesday, for 3 days. It was produced at the Walter Wanger studios and is being released thru United Artists. Dudley Nichols wrote the screenplay.

WALTHER LEAGUE

Northern Illinois District

News items for this department should be mailed not later than Monday to Arlene Nagel, publicity chairman, 804 N. Douglas St., Arlington Heights.

Yesterday was Rally Day for 153 young people of this vicinity at Des Plaines—at least, that is the number there for the business session. Of course there were more for the supper and the evening's entertainment.

The business session was opened at 3:00 with a prayer and Scripture reading led by Rev. Fedder. Then followed words of welcome by the host League, Norma Meyer, with Walter Fill, vice-president of the zone, responding.

Walter Bloethner, Christian Knowledge chairman, reported that he is still waiting for some responses from some of the Leagues on their knowledge blanks. Please, if you haven't turned yours in, please do so now or see to it that the responsible person does.

Glen Bees, Cultural Activities chairman, then told of the plans in his department which include another Cultural Activities evening, this time on February 23 at Des Plaines with Rev. A. R. Kretzmann giving a talk on art featuring the Lenten season. For the following month, we would probably have a discussion on music as this phase of culture was one of the most popular divisions as shown by the Locators.

Harvey Rohlwing, Leadership training chairman, announced that there would be three meetings with some district representative leading us in discussion. Many helpful suggestions then come from the floor as have a model business meeting, with an officer from each society taking a specific office, performing that office and explaining the reasons for each job. Harvey, we're sure, will plan some of these meetings soon from which we should all benefit. More on that later.

Erna Meyer, Christian Service chairman, explained her tract box once more and asked that each society chairman make an effort to make one and put one in a conspicuous spot. She suggested that each League have a Lenten display. Much discussion followed on the price, materials, etc., but it was promised that each society would be furnished with a bulletin the District is putting out early in March.

Bill Wodell, zone photography chairman, gave his report, announcing the dates of the photography salon to be held at the Stevens hotel and also said that anyone interested in photography should get in touch with him.

Rev. John Streit then explained more fully about the operetta that our zone will sponsor. The dates have been selected — May 16 and 18; the operetta, "A Dreamer's Waltz," one of Strauss' beautiful waltzes. A meeting of all those expecting to participate was held after the evening program, but again there was a definite lack of men. Surely, we don't want to go to some other Zone for our men talent. We do need tenors and bass, so please turn out next Sunday at Des Plaines at 3:00. Our entire zone would be put to shame if we did have to have outside talent. Let's avoid it.

Annetta Bicknase, Publication chairman was next with her report of the activities of the League with their Messenger-Cresset campaign.

Then came the feature of the afternoon. Walter Gerth displayed just a few of his many, many fascinating handicraft articles. One of the most interesting to us, was a basket made of apple seeds. Then there were belts, buckles, buttons, soap carvings, pot holders, name plates, etc. Many of them can be made without any tools at all, some with scissors and needles, and some with a block. He invited any group to come out to his school some Friday night for some preliminary work. Why not take advantage of this?

Eddie Raack then gave his athletic report about bowling, pingpong, basketball, and a possibility of a winter carnival. The latter sounds very interesting, and we do hope something will materialize.

Yours truly then gave her publicity report, announcing that Art Streit has officially been appointed assistant, and then telling of the publicity sent out on the C. A. evenings, the rally, and the operetta. She again urged everyone to send in news for the Leaguer each month even though you aren't chairman of that department. Also, please send any clippings you may find in your papers on Lutheran activities to either her or Art for preparation for the District files.

Next Wally Fill reported on the progress of the G. A. F. program stating that he still has some folders to be handed out, and urged every society to get its quota in as soon as possible.

Of course, all through these reports, jokes and comments were injected to prevent the meeting from being dry.

We were indeed privileged to have with us Northern Illinois District president Bill Zeiter who took the place of the vice-president, Hugo Malte. Mr. Zeiter spoke about the publication, the Wheat Ridge seals, our new business manager, Leo Buehring; the completion on the G. A. F. by next May, the membership cards. He then announced the reunion service and banquet for all Cisco friends and any who would like to come anyway. It will be held at Concordia College on February 15. The price for the dinner will be 75c but reservations must be made early.

After a few announcements and instructions had been made, the meeting was adjourned until the meal was served. We might say that the meal was really delicious and capably served.

After that, the evening's entertainment took place. I think I'm safe in saying that it was one of the best we have seen in a long, long time. It was the Hour of Enchantment, divided into four parts. The first was a girl's trio who very entertainingly sang several popular songs. Then came an interesting talk and exhibition of radio sound effects. Really, you can't imagine what makes some of the sounds you hear over the air. The third part was a soprano soloist who rendered several numbers.

The fourth and most important part was the portrayal of the request and answer "Lord, teach us to pray." The stage was very attractively set with only seven sets of lighted candles on the walls, the Des Plaines choir dressed in their black, white, and red gowns. Then Rev. Fedder read the Scriptures pertaining to the request made by the disciples and Jesus' answer, giving them "The Lord's Prayer." After each division a character depicting one of the disciples came on the stage and acted that part. Then the choir very beautifully sang a song pertaining to that one petition. At the close the soprano soloist sang "The Lord's Prayer," and Rev. Fedder gave several conclusive reasons why this prayer is the best and most important prayer. Truly, it was soul-stirring and one of the best performances we have ever seen. Thanks, Des Plaines. That ended the winter rally.

The spring rally will be held in Norwood Park some time in May or June.

A word to Arlington Seniors, Juniors and Freshmen. Remember this Thursday, January 23 is the date we have with the Barrington and Fairfield Leagues to go skating at Higgins-Canfield.

Remember the meeting of the prospective members of the operetta cast at Des Plaines at 3:00 Sunday. Even if you don't want a solo part; come any way and show them you want to be in the chorus. We need a lot of people in the chorus, too, you know to make it a success.

'Veteran' Department

A farmer in Atlanta, Ga., was looking for the "veteran's" department, in the state capitol, recently. He didn't care whether it was "Confederate or World war veterans—he had a sick cow and wanted to do something about it."

Why A Lump-Sum Payment Was Made to His Parents After A Young Worker Died

Not so long ago a river boat capsized and a young man was drowned. Now this young man (to be known herein as "X" had worked off and on, in a machine shop; and during the past three years contributed one per cent of his wages to the old-age and survivors insurance fund. But when he died he left neither wife nor child; and his middle aged parents who survive him were not dependent upon him for support, at the time of his death. Therefore, no one is entitled to monthly benefits as a result of his participation in the old-age and survivors insurance system. However, in such cases the law provides for a death payment to certain survivors. So this young man's father was advised to file claim for a lump-sum death payment of Federal insurance.

Examination of his wage record (which has been kept by the Social Security Board) showed that he worked in a job covered by old-age and survivors insurance provisions during 8 calendar quarters since the law went into operation (January 1, 1937). Calculations indicated that his wages averaged around $100 per month. The primary insurance benefit based on an average wage of $100 is $25.75. That means that his parents together would have been paid $25.75 every month, had they been 65 years old and dependent upon their son for support. But such was not the case. So, instead of monthly benefits, which ordinarily would have gone to dependents, had there been any entitled to such payments, these parents received one Government check for $154.50 — or six times his primary insurance benefits.

Had it been shown that they were dependent upon "X" at the time of his death his middle aged parents would have received the lump sum death payment of $154.50; then, as each parent reached the age of 65 he or she would have received an insurance benefit check for $12.37 every month thereafter.

The law provides that in case of the death of an insured worker who leaves no widow and no child entitled to benefits, monthly payments of survivors insurance amounting to one-half of the deceased wage earner's primary insurance shall go to each parent, provided that parent has reached the age of 65 and was actually dependent upon the deceased at the time of his death.

Further information about old-age and survivors insurance may be obtained at the 1045 Lawrence ave. office of the Chicago Social Security Board.

Homes And Churches Is America's Best Defense, Says Maier

America's strongest defense would be a nation of homes and churches in which Jesus Christ is constantly exalted, Dr. Walter A. Maier of Concordia Seminary declared today in his coast-to-coast Lutheran Hour broadcast. The theologian announced the addition of Uruguay to the growing number of foreign countries in which the Lutheran Hour is broadcast by electrical transcription.

Dr. Maier called for the restoration of the home as a center of Christian worship, pointing out that house-to-house religious training gave the first century Christian church the strength to resist the assaults of Paganism. Christians in European countries whose churches have been damaged or destroyed by bombs are finding spiritual strength in enforced home worship, he added.

Asserting the breakdown in domestic morals in American lives can be traced largely to a breakdown in Gospel preaching, the noted evangelist urged a program embracing stronger marriage and divorce laws, financial aid for the marriage of needy young people, a counter-movement against birth control, subsidies for children, and a check on immoral pictures, books, plays and other matter.

"Above all things," the evangelist concluded, "American homes need the pervading spirit of the Lord Jesus Christ to strengthen the faithfulness of man and wife, to insure proper respect for parents, to provide a loving and constructive influence for children, and to maintain a stabilizing influence in every problem the family meets."

Cleaning Waxed Floors

Hardwood floors which are waxcoated should be cleaned with a mop or soft brush which is free from oil, as oil has a tendency to soften wax. A cloth wrung from warm, soapy water should suffice to remove the surface dirt. There are certain cleaners which are recommended for removing spots or discolorations from floors before refinishing. Consult your paint dealer. A rag moistened with turpentine or mineral spirits will also remove wax.

The Sarong Marches On!

The sarong, the exotic South Sea garb popularized by lovely Dorothy Lamour, has become contagious! Not content with its influence on feminine styles, Dottie has put the outfit on her two new boy friends, Bing Crosby and Bob Hope, in the threesome's picture together, "Road to Singapore." Paramount song-filled — and sarong-filled — comedy opens Sunday at the Palatine Theatre, Palatine, for a 3-day engagement co-featured with Dick Powell and Ellen Drew in "Christmas in July," a comedy feature showing Sunday through Tuesday, making a great double bill.

Movie News.

Cagney and Sheridan Are Co-Stars Of Des Plaines Sunday Show

James Cagney and Ann Sheridan the torrid team of "Torrid Zone" again share co-starring honors in the dynamic new film, "City of Conquest" opening Sunday at the Des Plaines theatre for a three day run. Frank Craven, Donald Crisp and Frank McHugh are also prominently cast in the film. "One Night in the Tropics" completes the double bill opening Sunday. This gay musical-comedy romance features such well-known players as Alan Jones, Nancy Kelly, the fun team of Abbott and Costello, Leo Carillo and many others in its large cast.

The current program, closing its run on Saturday night, consists of "A Little Bit of Heaven" starring Gloria Jean, the twelve-year old singing sensation of "The Underpup." Completing the double feature is "East of the River" with John Garfield, Brenda Marshall and Marjorie Rambeau. The final chapter of the Dead End Kids serial "Junior G-Men," and the latest issue of Paramount News are added attractions on the current program.

Southwest's Wildest Era Recreated In Epic Film

Ellen Drew co-stars with Dick Powell in Preston Sturges' latest Paramount farce "Christmas in July," which plays Sunday, Monday and Tuesday at the Palatine theatre with "Road to Singapore." Their trials and tribulations to win a national slogan contest and get married makes one of the season's brightest comedies. Raymond Walburn, Ernest Truex, William Demarest, Alexander Carr and Franklin Panghorn are featured in the cast.

"Cherokee Strip"—the name itself suggests color and adventure! It's the land where the Daltons rode—the land where the Cimarron River flows—the land where General Custer's troops were based. It's the land where the famous Texas Cattle Trail wound its way through Indian Country to the famous Dodge City — and where countless boom towns arose overnight, flourished, and vanished.

The "Cherokee Strip" has been setting for many a famous motion picture; but now for the first time the turbulent "Strip" itself becomes the subject for a film epic. The picture is "Cherokee Strip," starring Richard Dix, and it plays next Wednesday, Thursday, Friday and Saturday at the Palatine theatre.

What goes on behind the scenes of a Broadway stage hit is hilariously divulged in "No Time For Comedy," the James Stewart-Rosalind Russell starring picture which also plays next Wed., Thurs., Fri., and Sat.

Baby Sandy Adopted By Firemen For Mascot

Baby Sandy, currently appearing in Universal's "Sandy Gets Her Man," at the Catlow theatre on Friday and Saturday is not only Hollywood's youngest screen star but also the youngest "fireman" in the country.

In recognition of Sandy's role in the picture, which shows firemen making thrilling rescues from blazing buildings, Fire Chief John Smith of the South Pasadena Fire Department named the young star official mascot and "junior member" of his department.

Double featured on Friday and Saturday with "Sandy Gets Her Man," is "A Night at Earl Carroll's," produced by Earl Carroll, and featuring the most beautiful girls in the world! Ken Murray and Lillian Cornell are the leading players.

A comedy melodrama interspersed with the personality and music of America's Number One band organization, headed by Kay Kyser, "You'll Find Out," scheduled for the Catlow Theatre Sunday and Monday, is heralded as a really unique film.

Deftly combining hair-raising comedy, tender romance and sweet-and-swing music, the RKO Radio film presents in supporting roles such notable players as Peter Lorre, Boris Karloff, Bela Lugosi, Helen Parrish, Dennis O'Keefe and Alma Kruger, in addition to Kyser's featured artists, Ginny Simms, Harry Babbit, Ish Kabibble and Sully Mason.

Dealing with the romance between a daring Hollywood stuntflyer and an imperious screen star, RKO Radio's "I'm Still Alive," featuring Kent Taylor and Linda Hayes, is the second show on the double feature bill at the Catlow Theatre Tuesday.

So realistic were the storm scenes for John Ford's dramatic picturization of the Eugene O'Neill sea drama, "The Long Voyage Home," that John Wayne and Jack Pennick, two players most active in them, were sent to the hospital with broken ribs after the first battle with the waves, before the cameras. "The Long Voyage Home," featuring a cast of brilliant stage and screen celebreties, is scheduled to open at the Catlow theatre on Wednesday, for 3 days. It was produced at the Walter Wanger studios and is being released thru United Artists. Dudley Nichols wrote the screenplay.

WALTHER LEAGUE

Northern Illinois District

News items for this department should be mailed not later than Monday to Arlene Nagel, publicity chairman, 804 N. Douglas St., Arlington Heights.

Yesterday was Rally Day for 153 young people of this vicinity at Des Plaines—at least, that is the number there for the business session. Of course there were more for the supper and the evening's entertainment.

The business session was opened at 3:00 with a prayer and Scripture reading led by Rev. Fedder. Then followed words of welcome by the host League, Norma Meyer, with Walter Fill, vice-president of the zone, responding.

Walter Bloethner, Christian Knowledge chairman, reported that he is still waiting for some responses from some of the Leagues on their knowledge blanks. Please, if you haven't turned yours in, please do so now or see to it that the responsible person does.

Glen Bees, Cultural Activities chairman, then told of the plans in his department which include another Cultural Activities evening, this time on February 23 at Des Plaines with Rev. A. R. Kretzmann giving a talk on art featuring the Lenten season. For the following month, we would probably have a discussion on music as this phase of culture was one of the most popular divisions as shown by the Locators.

Harvey Rohlwing, Leadership training chairman, announced that there would be three meetings with some district representative leading us in discussion. Many helpful suggestions then come from the floor as have a model business meeting, with an officer from each society taking a specific office, performing that office and explaining the reasons for each job. Harvey, we're sure, will plan some of these meetings soon from which we should all benefit. More on that later.

Erna Meyer, Christian Service chairman, explained her tract box once more and asked that each society chairman make an effort to make one and put one in a conspicuous spot. She suggested that each League have a Lenten display. Much discussion followed on the price, materials, etc., but it was promised that each society would be furnished with a bulletin the District is putting out early in March.

Bill Wodell, zone photography chairman, gave his report, announcing the dates of the photography salon to be held at the Stevens hotel and also said that anyone interested in photography should get in touch with him.

Rev. John Streit then explained more fully about the operetta that our zone will sponsor. The dates have been selected — May 16 and 18; the operetta, "A Dreamer's Waltz," one of Strauss' beautiful waltzes. A meeting of all those expecting to participate was held after the evening program, but again there was a definite lack of men. Surely, we don't want to go to some other Zone for our men talent. We do need tenors and bass, so please turn out next Sunday at Des Plaines at 3:00. Our entire zone would be put to shame if we did have to have outside talent. Let's avoid it.

Annetta Bicknase, Publication chairman was next with her report of the activities of the League with their Messenger-Cresset campaign.

Then came the feature of the afternoon. Walter Gerth displayed just a few of his many, many fascinating handicraft articles. One of the most interesting to us, was a basket made of apple seeds. Then there were belts, buckles, buttons, soap carvings, pot holders, name plates, etc. Many of them can be made without any tools at all, some with scissors and needles, and some with a block. He invited any group to come out to his school some Friday night for some preliminary work. Why not take advantage of this?

Eddie Raack then gave his athletic report about bowling, ping-pong, basketball, and a possibility of a winter carnival. The latter sounds very interesting, and we do hope something will materialize.

Yours truly then gave her publicity report, announcing that Art Streit has officially been appointed assistant, and then telling of the publicity sent out on the C. A. evenings, the rally, and the operetta. She again urged everyone to send in news for the Leaguer each month even though you aren't chairman of that department. Also, please send any clippings you may find in your papers on Lutheran activities to either her or Art for preparation for the District files.

Next Wally Fill reported on the progress of the G. A. F. program stating that he still has some folders to be handed out, and urged every society to get its quota in as soon as possible.

Of course, all through these reports, jokes and comments were injected to prevent the meeting from being dry.

We were indeed privileged to have with us Northern Illinois District president Bill Zeiter who took the place of the vice-president, Hugo Malte. Mr. Zeiter spoke about the publication, the Wheat Ridge seals, our new business manager, Leo Buehring; the completion on the G. A. F. by next May, the membership cards. He then announced the reunion service and banquet for all Cisco friends and any who would like to come anyway. It will be held at Concordia College on February 15. The price for the dinner will be 75c but reservations must be made early.

After a few announcements and instructions had been made, the meeting was adjourned until the meal was served. We might say that the meal was really delicious and capably served.

After that, the evening's entertainment took place. I think I'm safe in saying that it was one of the best we have seen in a long, long time. It was the Hour of Enchantment, divided into four parts. The first was a girl's trio who very entertainingly sang several popular songs. Then came an interesting talk and exhibition of radio sound effects. Really, you can't imagine what makes some of the sounds you hear over the air. The third part was a soprano soloist who rendered several numbers.

The fourth and most important part was the portrayal of the request and answer "Lord, teach us to pray." The stage was very attractively set with only seven sets of lighted candles on the walls, the Des Plaines choir dressed in their black, white, and red gowns. Then Rev. Fedder read the Scriptures pertaining to the request made by the disciples and Jesus' answer, giving them "The Lord's Prayer." After each division a character depicting one of the disciples came on the stage and acted that part. Then the choir very beautifully sang a song pertaining to that one petition. At the close the soprano soloist sang "The Lord's Prayer," and Rev. Fedder gave several conclusive reasons why this prayer is the best and most important prayer. Truly, it was soul-stirring and one of the best performances we have ever seen. Thanks, Des Plaines. That ended the winter rally.

The spring rally will be held in Norwood Park some time in May or June.

A word to Arlington Seniors, Juniors and Freshmen. Remember this Thursday, January 23 is the date we have with the Barrington and Fairfield Leagues to go skating at Higgins-Canfield.

Remember the meeting of the prospective members of the operetta cast at Des Plaines at 3:00 Sunday. Even if you don't want a solo part; come any way and show them you want to be in the chorus. We need a lot of people in the chorus, too, you know to make it a success.

Why A Lump-Sum Payment Was Made to His Parents After A Young Worker Died

Homes And Churches Is America's Best Defense, Says Maier

America's strongest defense would be a nation of homes and churches in which Jesus Christ is constantly exalted, Dr. Walter A. Maier of Concordia Seminary declared today in his coast-to-coast Lutheran Hour broadcast. The theologian announced the addition of Uruguay to the growing number of foreign countries in which the Lutheran Hour is broadcast by electrical transcription.

Dr. Maier called for the restoration of the home as a center of Christian worship, pointing out that house-to-house religious training gave the first century Christian church the strength to resist the assaults of Paganism. Christians in European countries whose churches have been damaged or destroyed by bombs are finding spiritual strength in enforced home worship, he added.

Asserting the breakdown in domestic morals in American lives can be traced largely to a breakdown in Gospel preaching, the noted evangelist urged a program embracing stronger marriage and divorce laws, financial aid for the marriage of needy young people, a counter-movement against birth control, subsidies for children, and a check on immoral pictures, books, plays and other matter.

"Above all things," the evangelist concluded, "American homes need the pervading spirit of the Lord Jesus Christ to strengthen the faithfulness of man and wife, to insure proper respect for parents, to provide a loving and constructive influence for children, and to maintain a stabilizing influence in every problem the family meets."

Not so long ago a river boat capsized and a young man was drowned. Now this young man (to be known herein as "X" had worked off and on, in a machine shop; and during the past three years contributed one per cent of his wages to the old-age and survivors insurance fund. But when he died he left neither wife nor child; and his middle aged parents who survive him were not dependent upon him for support, at the time of his death. Therefore, no one is entitled to monthly benefits as a result of his participation in the old-age and survivors insurance system. However, in such cases the law provides for a death payment to certain survivors. So this young man's father was advised to file claim for a lump-sum death payment of Federal insurance.

Examination of his wage record (which has been kept by the Social Security Board) showed that he worked in a job covered by old-age and survivors insurance provisions during 8 calendar quarters since the law went into operation (January 1, 1937). Calculations indicated that his wages averaged around $100 per month. The primary insurance benefit based on an average wage of $100 is $25.75. That means that his parents together would have been paid $25.75 every month, had they been 65 years old and dependent upon their son for support. But such was not the case. So, instead of monthly benefits, which ordinarily would have gone to dependents, had there been any entitled to such payments, these parents received one Government check for $154.50 — or six times his primary insurance benefits.

Had it been shown that they were dependent upon "X" at the time of his death his middle aged parents would have received the lump sum death payment of $154.50; then, as each parent reached the age of 65 he or she would have received an insurance benefit check for $12.37 every month thereafter.

The law provides that in case of the death of an insured worker who leaves no widow and no child entitled to benefits, monthly payments of survivors insurance amounting to one-half of the deceased wage earner's primary insurance shall go to each parent, provided that parent has reached the age of 65 and was actually dependent upon the deceased at the time of his death.

Further information about old-age and survivors insurance may be obtained at the 1045 Lawrence ave. office of the Chicago Social Security Board.

CAUCUS SYSTEM FOR ELECTIONS IS STUDIED BY GLENVIEW, SKOKIE

A caucus system of nominating village officers is under consideration on the part of Glenview and Skokie officials this week.

The system, proved successful in Winnetka and other communities, was suggested to the Glenview board by a resident of the town, who emphasized that such action would end the factional battles of past years in the village.

The present activity in this direction is due to 1941 being an election year with most of the village officials to be selected in April.

DISCUSSION OF SKOKIE SCHOOL MERGER CONTINUED

The discussion of the future merger of the Lincoln and Fairview schools, Skokie, was again discussed in a recent meeting of the South Park group of Skokie.

Henry Stark, principal of the Niles public school, was the latest speaker as he spoke of consolidation in general. The February meeting of the group has Raymond C. Klehm, township school treasurer, scheduled to speak of the financial part of the deal. J. W. Slater will discuss the legal aspects of the case at the March meeting.

PALATINE AUTOIST STRIKES TREE ON MILWAUKEE AVE.

Albert Linneman, Rand and Wilke Rd., Palatine, fell asleep at the wheel early last Tuesday morning while driving north on Milwaukee ave. just north of Lake ave. and struck a tree. Linneman's car had swung across the pavement and struck the tree on the west side of the road.

AUTO, ICE, SKID, STORE, POLE, 10 BARRELS OF FLOUR

These nine words are the best for a telegraphic description of what happened Thursday morning to the front of Tegtmeier's store on Milwaukee ave. north of Ballard rd.

Sam Barraco, Chicago, skidded on the ice while traveling north, ran into the front of the store and then struck a telephone pole just behind the store front. Ten barrels of flour and $100 worth of groceries constitutes the damage to the Tegtmeier property. Considerable damage was also suffered by the vehicle while the pole held up pretty well.

BOY INJURED AFTER ALIGHTING FROM BUS

Richard Centnarowicz, Greenwood ave., was injured last Tuesday afternoon when he alighted from a bus on Greenwood ave. between Oakton and Dempster and ran into a passing car.

Elizabeth Conley of Park Ridge was traveling north on Greenwood ave. and was passing the bus that had stopped to discharge passengers. The boy, who was riding with his mother, ran around the bus and into the side of the moving auto.

Conley took Richard and his mother to a doctor in Park Ridge where he was found to be suffering from no serious injury.

NORTHBROOK MOTORIST INVOLVED ON ICY PAVEMENT

Gust Haroldson of Northbrook, was involved last Tuesday afternoon in an accident on Dundee rd. west of Skokie rd., but suffered no body injury.

Haroldson was traveling west on Dundee and turned into a drive in front of the eastbound car of Bob Clarkson of Highland Park. The latter attempted to stop but was unable to avoid hitting the Northbrook vehicle because of the ice. Damage was confined to the two autos.

DES PLAINES CHURCH ANNOUNCES NEW PASTOR

The First Congregational church of Des Plaines has announced the coming of its new pastor, Mr. Brehm, from Dubuque, Iowa. Rev. Brehm takes the place of Dr. Barwick, who recently accepted an appointment at Cheyenne, Wyo.

ONE INJURED WHEN CAR CRASHES TREE

One person was injured when the car in which he was riding Friday afternoon along Milwaukee ave. a half mile north of Glenview rd. skidded into the ditch and hit a tree.

James Kluper, young son of G. Kluper, Chicago, who was riding with his dad, mother, and sister, was the person hurt when the above accident occurred. James was taken to the Condell hospital in Libertyville.

FUNERAL RITES FOR MORTON GROVE TRUSTEE HELD LAST TUESDAY

Funeral rites were held last Tuesday for Walter Poehlmann, Morton Grove trustee, from the Meyer funeral home to the public school where Masonic services were conducted. The American Legion also honored the deceased after which cremation at Acacia cemetery followed. Mr. Poehlmann spent his life in Morton Grove, the last six years as a village trustee.

SEEKS $10,000 DAMAGES

Howard M. Dancer has filed suit in Superior court for himself and as administrator of the estate of his late wife, Elizabeth Dancer, against John J. Allin for $10,000 damages for causing her death in an automobile accident Feb. 7 at Des Plaines and Golf roads. He alleges Allin failed to stop at Des Plaines road when driving at high speed on Golf road, thus causing a fatal collision. Damages are asked for her estate and for her husband.

TRIES TO COLLECT JUDGMENT

C. H. Albers as receiver of Des Plaines State bank has filed suit in Superior court against Roger Kilby and Gordon Quinn and their wives to recover $1,155 balance due the bank on a loan on which judgment had previously been secured. It is now desired to learn what if any property they have that may satisfy the judgment.

It Happened Here

He came out of the dark one winter night and hired out as a farm hand, to become for many years thereafter the hired man on the little farm up on the hill. No one knew what his thoughts and feelings were that night, a stranger in a strange land, far from home and barely able to speak the language of this new country. "From Toledo by Ohio," he said he had just come, seeking a farm job. He was short, stout and swart and a Swede, in spite of his dark coloring, and his name was Anders Nielson. That was Andy, Andy who coped with the chores, the milking, the haying and harvesting, all the activities of the farm, who became such a familiar figure that pictures of him rise to mind at every turn; Andy cutting ice with the boys, Andy with Flossy and Vick, the team he had helped to break and to which he was much attached, Andy in the long winter evening poring over his geography while the children did their lessons around the table, tho he seemed to stick at Toledo, Andy on Christmas morning, a smile on his broad, good humored face when his gifts came to light, Andy when the barn was burned and Andy sober and sympathetic in the first great sorrow to visit his adopted home. He had no other interests or pleasures save those which the humble home afforded him and he spent nothing on himself except for necessary clothing; he had no desire to see more of his adopted country nor to learn its ways; only enough to keep his job; with phlegmatic and stoic determination he kept one aim in view; to save enough to buy a farmstead of his own in Sweden and he "a big man among his own people." When his savings sufficed, he returned and realized an ambition of which he had dreamed as a boy. He was a type of trustworthy, decent and hard-working help and he was also an example of a Scandinavian quality that no attrition of war or invasion can wholly wear down. Multiply Anders Nielson by thousands and you have a well-nigh invincible nation. There may be a bit of indigestible smorgas bord for Europe.

CAUCUS SYSTEM FOR ELECTIONS IS STUDIED BY GLENVIEW, SKOKIE

A caucus system of nominating village officers is under consideration on the part of Glenview and Skokie officials this week.

The system, proved successful in Winnetka and other communities, was suggested to the Glenview board by a resident of the town, who emphasized that such action would end the factional battles of past years in the village.

The present activity in this direction is due to 1941 being an election year with most of the village officials to be selected in April.

DISCUSSION OF SKOKIE SCHOOL MERGER CONTINUED

The discussion of the future merger of the Lincoln and Fairview schools, Skokie, was again discussed in a recent meeting of the South Park group of Skokie.

Henry Stark, principal of the Niles public school, was the latest speaker as he spoke of consolidation in general. The February meeting of the group has Raymond C. Klehm, township school treasurer, scheduled to speak of the financial part of the deal. J. W. Slater will discuss the legal aspects of the case at the March meeting.

PALATINE AUTOIST STRIKES TREE ON MILWAUKEE AVE.

Albert Linneman, Rand and Wilke Rd., Palatine, fell asleep at the wheel early last Tuesday morning while driving north on Milwaukee ave. just north of Lake ave. and struck a tree. Linneman's car had swung across the pavement and struck the tree on the west side of the road.

AUTO, ICE, SKID, STORE, POLE, 10 BARRELS OF FLOUR

These nine words are the best for a telegraphic description of what happened Thursday morning to the front of Tegtmeier's store on Milwaukee ave. north of Ballard rd.

Sam Barraco, Chicago, skidded on the ice while traveling north, ran into the front of the store and then struck a telephone pole just behind the store front. Ten barrels of flour and $100 worth of groceries constitutes the damage to the Tegtmeier property. Considerable damage was also suffered by the vehicle while the pole held up pretty well.

BOY INJURED AFTER ALIGHTING FROM BUS

Richard Centnarowicz, Greenwood ave., was injured last Tuesday afternoon when he alighted from a bus on Greenwood ave. between Oakton and Dempster and ran into a passing car.

Elizabeth Conley of Park Ridge was traveling north on Greenwood ave. and was passing the bus that had stopped to discharge passengers. The boy, who was riding with his mother, ran around the bus and into the side of the moving auto.

Conley took Richard and his mother to a doctor in Park Ridge where he was found to be suffering from no serious injury.

NORTHBROOK MOTORIST INVOLVED ON ICY PAVEMENT

Gust Haroldson of Northbrook, was involved last Tuesday afternoon in an accident on Dundee rd. west of Skokie rd., but suffered no body injury.

Haroldson was traveling west on Dundee and turned into a drive in front of the eastbound car of Bob Clarkson of Highland Park. The latter attempted to stop but was unable to avoid hitting the Northbrook vehicle because of the ice. Damage was confined to the two autos.

DES PLAINES CHURCH ANNOUNCES NEW PASTOR

The First Congregational church of Des Plaines has announced the coming of its new pastor, Mr. Brehm, from Dubuque, Iowa. Rev. Brehm takes the place of Dr. Barwick, who recently accepted an appointment at Cheyenne, Wyo.

ONE INJURED WHEN CAR CRASHES TREE

One person was injured when the car in which he was riding Friday afternoon along Milwaukee ave. a half mile north of Glenview rd. skidded into the ditch and hit a tree.

James Kluper, young son of G. Kluper, Chicago, who was riding with his dad, mother, and sister, was the person hurt when the above accident occurred. James was taken to the Condell hospital in Libertyville.

FUNERAL RITES FOR MORTON GROVE TRUSTEE HELD LAST TUESDAY

Funeral rites were held last Tuesday for Walter Poehlmann, Morton Grove trustee, from the Meyer funeral home to the public school where Masonic services were conducted. The American Legion also honored the deceased after which cremation at Acacia cemetery followed. Mr. Poehlmann spent his life in Morton Grove, the last six years as a village trustee.

PATENTS GRANTED

The following patents have just been granted in Washington:

Walter J. Zenner, Des Plaines, printing telegraph apparatus.

Silas Crabb, Glenview, vacuum cleaner.

Glen Kiner, Park Ridge, telephone system.

SEEKS $10,000 DAMAGES

Howard M. Dancer has filed suit in Superior court for himself and as administrator of the estate of his late wife, Elizabeth Dancer, against John J. Allin for $10,000 damages for causing her death in an automobile accident Feb. 7 at Des Plaines and Golf roads. He alleges Allin failed to stop at Des Plaines road when driving at high speed on Golf road, thus causing a fatal collision. Damages are asked for her estate and for her husband.

TRIES TO COLLECT JUDGMENT

C. H. Albers as receiver of Des Plaines State bank has filed suit in Superior court against Roger Kilby and Gordon Quinn and their wives to recover $1,155 balance due the bank on a loan on which judgment had previously been secured. It is now desired to learn what if any property they have that may satisfy the judgment.

A Roughneck Grows Up—The Movie Comes of Age

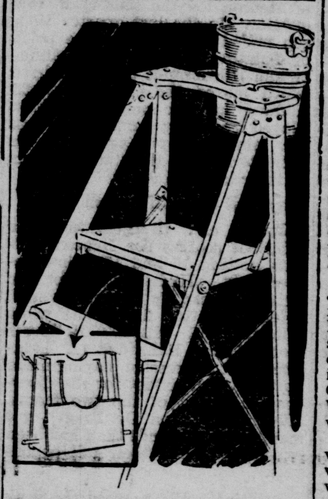

GLAMOUR and motion pictures haven't always been synonomous. And Hollywood hasn't always been the cinema citadel.

Movies, as we know them today, spent their infancy in the singularly unromantic town of Fort Lee, New Jersey. As reported by Rex Beach in the February Cosmopolitan Magazine, they outgrew their side street nicelodeons and moved into better quarters. "The guttersnipe grew into long pants," he writes, "but with them it put on the sweater and cap of a hoodlum. No one dreamed then that it would ever mend its ways and turn decent, much less that it would become a member of the smart set, possess a string of polo ponies and dunk in its own Pompeian swimming pool."

An outfit called Sam Goldwyn Pictures was shooting a picture at the time called "Laughing Bill Hyde." The title role called for some one shy, awkward, whimsical, with a western drawl. And they found their man—a trick roper and cowboy monologuist in the current Ziegfeld Follies, who hardly knew what a camera looked like.

When the picture was finished he turned out beautifully. He was natural, sincere, utterly unaffected and not in the least camera-conscious. At the death of his buddy he wept like a schoolgirl. Oddly enough, the greatest comic of our times was introduced to the screen through the medium of tears. His name was Will Rogers.

WHAT NEXT? THE MERCHANDISE MART

The program to reduce accidents in the home has an ally in the ladder shown above. Distinguishing features are a heavy wire loop which holds a bucket, a working platform, "non-slip" treads on steps, and rubber-footed legs. Aside from the safety feature of the working platform, its underside accommodates the detachable wire loop when not in use as well as brushes and wiping cloth. The ladder folds compactly.

Dorothy Killgallen Defies Jinx On Girl Reporters

ONE of the favorite dreams of American youth, both male and female, is of themselves as illustrious members of the working press, in other words, as reporters. That few of the thousands who have such dreams ever get inside a city room, much less rise above run-of-the-mill work, seems to be no deterrent at all. They dream on. Once in a while there is an exception and such an exception is Dorothy Killgallen, the Voice of Broadway on the New York Journal-American and the only girl Broadway columnist.

Miss Killgallen has been in "the racket" a scant ten years. Daughter of the famous reporter Jimmy Killgallen, she got her first break one June day ten years ago when she went to work on the New York Evening Journal for $20 a week. Louis Sobol, writer of Manhattan Cavalcade, tells the story of her career in the February issue of Cosmopolitan Magazine. He remembers:

"The boys in the city room of the Journal when she first went to work for the paper nicknamed her Mickey Mouse. . . . When she brought in two startling news beats on successive days, someone nicknamed her, half in derision, half in admiration, the Girl Wonder. She has been the Girl Wonder in the opinion of her fellow workers ever since."

Miss Killgallen started the hard way by "covering" the morgue and within two years was competing with the country's best journalists on straight news. At twenty-three she competed in an around-the-world race with two other reporters and became the first woman to fly across the Pacific in a passenger plane and the first woman to fly around the world.

In her ten years, Miss Killgallen has risen from an average yearly wage of $1,000 a year to approximately $20,000. She goes to work in a chauffered limousine and has a private secretary and a personal office boy.

Used as Substitute

A substitute for egg whites is a protein powder extracted from whey, by-product of the cheese industry. It can be whipped with salt and used as the substitute, according to Industrial and Engineering Chemistry.

The program to reduce accidents in the home has an ally in the ladder shown above. Distinguishing features are a heavy wire loop which holds a bucket, a working platform, "non-slip" treads on steps, and rubber-footed legs. Aside from the safety feature of the working platform, its underside accommodates the detachable wire loop when not in use as well as brushes and wiping cloth. The ladder folds compactly.

Dorothy Killgallen Defies Jinx On Girl Reporters

ONE of the favorite dreams of American youth, both male and female, is of themselves as illustrious members of the working press, in other words, as reporters. That few of the thousands who have such dreams ever get inside a city room, much less rise above run-of-the-mill work, seems to be no deterrent at all. They dream on. Once in a while there is an exception and such an exception is Dorothy Killgallen, the Voice of Broadway on the New York Journal-American and the only girl Broadway columnist.

Miss Killgallen has been in "the racket" a scant ten years. Daughter of the famous reporter Jimmy Killgallen, she got her first break one June day ten years ago when she went to work on the New York Evening Journal for $20 a week. Louis Sobol, writer of Manhattan Cavalcade, tells the story of her career in the February issue of Cosmopolitan Magazine. He remembers:

"The boys in the city room of the Journal when she first went to work for the paper nicknamed her Mickey Mouse. . . . When she brought in two startling news beats on successive days, someone nicknamed her, half in derision, half in admiration, the Girl Wonder. She has been the Girl Wonder in the opinion of her fellow workers ever since."

Miss Killgallen started the hard way by "covering" the morgue and within two years was competing with the country's best journalists on straight news. At twenty-three she competed in an around-the-world race with two other reporters and became the first woman to fly across the Pacific in a passenger plane and the first woman to fly around the world.

In her ten years, Miss Killgallen has risen from an average yearly wage of $1,000 a year to approximately $20,000. She goes to work in a chauffered limousine and has a private secretary and a personal office boy.

Mac Says-

by GERALD A. MC ELROY

If Palatine has any basketball fans who were not on hand last Saturday night, it was because they were business men and had to keep their estbalishments open. People were there who were seeing their first game in years and all went away with a feeling that they had seen some of the best games ever played in the Palatine gym. Hebron lived up to all advance notices and the Palatine quintet even surprised some of its most ardent supporters by the brand of playing displayed.

Was Fourteenth Victory

Saturday's game was Palatine's victory number 14 in 16 games. The defeat was Hebron's third in 17 tilts. Palatine lost to Waterman 29-28 and to Niles 41-37. Hebron had been beaten by Waterman 34-33 and by Dundee 25-23. The game Saturday upheld a statement we made earlier in the season that four of the outstanding teams in Northern Illinois are in small schools and must play in district tournaments. The four are Waterman, Wheaton, Hebron and Palatine.

CARDS VS. PIRATES FEB. 11

The way Arlington has been going lately it looks like that game they have scheduled with Palatine for February 11 ought to bring in plenty of revenue for the Cardinals' athletic treasury. Palatine fans are sure to follow the team to Heights and Arlington will be out in force hoping that their favorites may be hitting as they were in the Warren and Libertyville games. If they are the Cardinals may stage an upset over their neighboring rivals of other years.

KROPP & McNALLY TIED

Scoring leaders in the Northwest Conference are McNally of Grant and Kropp of Ela with 68 points apiece in six games. Right behind are Hildebrandt and Hahnfeldt of Palatine with 63 and 62. Kropp suffered a broken finger a few weeks ago and saw little action in the Barrington game or he no doubt would be out in front.

LEYDEN ON THE SPOT

Leyden, the team we picked to win the Northeast title, has slipped badly but still has a chance to gain a tie for the championship. Friday they meet the unbeaten Woodstock quintet on the small court at Franklin Park where fast breaking tactics do not work so well. If they can whip Zimmerman's pace setters and then Niles can also humble the Blue Streaks, the race might end in a three way tie. This is possible but not probable for Woodstock seems to be playing a brand of ball that makes the chances of their losing both of their remaining tough games rather remote.

Also on Friday Niles, unbeaten lights tangle with one of their toughest rivals, Crystal Lake. While the Niles lights lead the league by two games, their position seems safe but they have no set-ups in Crystal Lake, Woodstock and Arlington among those left to play.

MAY CLINCH TITLE NEXT WEEK

In the Northwest Conference, Palatine, leading by two games with four to go, plays second place Northbrook this week and next week goes to Antioch to meet the other second position rival. If Palatine can dispose of the next two, they have an undisputed title in the bag two weeks before the season closes. The Pirate lights are also in a favorable position. Three of the remaining four games are with second division teams and only Barrington appears to be really tough and we do mean tough.

WE GUESS AGAIN

This week we are inclined to pick Palatine over Northbrook in the second toughest conference game to date, Barrington to trim Bensenville in a close one, Wauconda to beat Ela, and Grant to beat Antioch in Northwest games. In the Northeast we pick Woodstock, Warren, Arlington and Niles to beat Leyden, Lake Forest, Libertyville and Crystal Lake. There are plenty of chances to go wrong in that list.

TOURNAMENTS COMING

Teams from this area will play in the same tournaments as last year. Palatine starts out in the Wauconda district, Bensenville competes in the Wheaton district, and Arlington Heights has again been assigned to the Woodstock regional. From our viewpoint that Woodstock regional will be the toughest in the state just as was the one at Crystal Lake last year. With Elgin, Dundee, Hebron and Woodstock in the same tournament you really have class. Arlington and Harvard are no setups either and might just as likely upset one of the favorites.

DISTRICTS OPEN FEB. 26

The district tournaments start February 26, followed by regionals, sectionals, state quarter finals and state finals. Quite a long series for a few lucky teams. It takes a combination of playing class, great physical condition, and plenty of breaks for any team to travel very far down that long series of tournament games.

Fishing Most Popular

Fishing, according to the National Wildlife federation, is the most popular of all sports in the United States, having a larger active following than any other form of recreation. A number of states are catering to feminine anglers by establishing lower license fees for them. The grand dowager of the whole angling clan in the United States is believed to be Mrs. Sarah Ross, of Welston, Ohio, who at the age of 96 cherishes a cane pole outfit next to a well-seasoned corn-cob pipe.

Pirates Down Dundee, 32-29

Palatine traveled to Dundee Tuesday afternoon for a practice game of basketball and came home the victor 32-29. It was the first time a Palatine team ever outscored a Dundee varsity quintet. Coming three days after whipping Hebron it appears that the Pirates have greatly improved and are one of the leading teams in northern Illinois.

The Pirates game with Dundee was of regulation length and found both teams missing numerous baskets. Dundee led 14-12 at the half and Palatine was in front 26-22 at the third quarter. The Pirates won the game on free throws hitting eight out of 10 while Dundee made three out of eight.

Palatine's scoring was evenly divided. Hildebrandt scored eight points while the other four players, Hahnfeldt, Hollinger, Snyder and De Berge each collected six. For Dundee, Schumacher made 13 points but other players were held to four or less. Palatine's shifting man for man defense and their rebounding appeared to have improved most since the teams met before. Dundee took two earlier decisions at Palatine 51-38 and 35-27.

Palatine's second five lost to Dundee Tuesday in an abbreviated game of three periods 31-17. Bill Godknecht played best for the Pirate seconds.

Northbrook Hangs On To Second Place By Beating Barrington

Northbrook remained in second place in the Northwest standings by defeating Barrington 26-21 last Friday. It was the second league victory for the Viking varsity over the Bronchos. Barrington took the lightweight game easily 34-14 to stay on the heels of the league leading Palatine quintet.

Howard Strause had a big night in the varsity game by scoring 20 of his team's 26 points before leaving the game on fouls.

League Leaders Rally To Beat Arlington Five

Cardinals Lose 40-28 From Woodstock In Last Quarter

Woodstock's league-leading basketball team rallied in the fourth quarter to win from Arlington's Cardinals, Friday, by a score of 40 to 28. Woodstock took a six point lead in the first quarter, saw it whittled to one point at the half and trailed at the third quarter by a point.

Seagrist and O'Brien went "hot" in the fourth period to pull the game out of the fire. Woodstock also took the preliminary game in the same fashion, coming from behind in the last four minutes.

John Seagrist, who towers six feet, four inches from the floor, took the first tip-off but Arlington opened the scoring on John Harth's free throw. Dibler tied it with a free throw and put Woodstock ahead with a basket. Seagrist dropped in a free toss and Becker hit for Arlington. The score was 5-3. Seagrist hit a free-throw and a pivot shot while Harth was collecting a rebound shot. Dibler and Schimmel each scored to put Woodstock out in front 11-5 at the quarter.

Harth dominated the ball game in the second quarter as he smothered the opposing center, Seagrist, around whom the Woodstock attack was revolving. Mueller hit a one-hand shot in a flurry of Arlington rebound efforts. Harth shoved one through after a good fake. Dibler broke through for a drive-in for Woodstock.

Seagrist fouled Harth and big Johnny made both points. Harth hooked Seagrist and the Woodstock Johnny cashed one of two. Millay cut through the Woodstock front line for a shot which missed, but he scored on the rebound. The half ended 14-13, Woodstock, with Arlington definitely in command of the play. The Woodstock attack had been thoroughly bottled up and Arlington was controlling the ball steadily.

Ed Mueller took over the burden of Arlington's attack in the first few minutes of the second half. His two free throws and a basket gave the Cardinals a momentary lead which Schimmel and O'Brien recaptured with a basket each. O'Brien and Dibler hit free throws to widen the margin but Millay came back for the Cards with a one-hander from the side and a set shot from out in front.

Seagrist put Woodstock back in front with a rebound and Jarvis promptly sank a forty foot shot to give Arlington a 23-22 lead at the close to the third period. Seagrist had three personal fouls now and Woodstock stood in danger of losing both him and the ball game.

In the first four minutes of the last period Dibler and Seagrist hit baskets and Carlson scored a free throw. Jarvis crashed another long one from the center circle. Millay hit a free throw for the Cardinals and O'Brien drove through for a basket. The score stood 29-25 with four minutes to go. Fortunately for Woodstock, Seagrist escaped unscathed from several close scrapes with the law.

Woodstock, which had a shooting record of ten baskets in forty-nine shots, suddenly began to hit. O'Brien and Seagrist took ten shots in the remaining four minutes and hit six. Two of them were easy tries. Mueller bombarded the basket for Arlington but was only close. He made two free throws out of four as Dibler fouled out on hacking offenses. The final score was 40-28.

Arlington dropped back from its good shooting in the two preceding games and hit seventeen per cent. Woodstock's blazing finish gave them a record of twenty-seven per cent. The game was an exhibition of first class basketball with no unnecessary roughness and with fine spirit on both sides. The teams deserve credit for their self-control in the face of the loosest kind of officiating.

Woodstock goes to Leyden for a return match with Leyden's Eagles, whom they beat 66-48 last week on Tuesday. Arlington journeys to Libertyville, whose Wildcats were beaten 47-34 at Arlington recently. Both games promise to be warm encounters.

Lights Lose, 29-25

Friday night at the new Woodstock gymnasium, the Arlington lightweights lost a close decision 29-25. After a great third quarter when the Green Tornadoes dropped in ten points to their opponents three points to take a 24-20 lead, the locals cooled off and were held to a single free throw the fourth quarter while Woodstock scored nine points to take the ball game.

Hank Dorband dropped in two beautiful long shots while Merrill, Morici and Coleman each scored on set-ups in the third quarter to change the complexion of the ball game in Arlington's favor. The hosts were not to be outdone though, and rallied in the last quarter with nine points to sew up the ball game. Arlington defense collapsed and the offensive passing was very bad in the last period. These two factors cost a ball game.

Niles Trojans Cop Pair of Thrillers From Libertyville

by TOMMY KOUZMANOFF

Les Galitz's band of Trojan cagers, defeated but once in seven northeast starts, retained their firm grip on second place by turning back Art Bergstrom's Libertyville Wildcats in both encounters on the Skokie floor last Friday, Niles' lights taking the opener 32-29 and the home heavies outscoring the 'Cats, 37-33.

Niles' juniors, coached by Norman Kent, in hanging up their seventh consecutive triumph staged a great second half rally. Libertyville led 19-11 at half time. Weiskopf of the visitors was high scorer with 11 points.

The feature tilt kept the crowd of five hundred on its feet from start to finish with bits and dashes of dazzling floor play and sensational "Madison Square Garden" style one-handed push shots from all distances and angles. Strand of Libertyville was easily the individual scoring star with five baskets and as many conversions from the charity lane. Williams' ability to control most of the rebounds spelled victory for the Trojans.

Antioch Overpowers Ela By 46-35 Score

Antioch displayed plenty of scoring power Friday to overpower Ela 46-35. The Sequoits led all the way with a half time lead of 20-12. Ela rallied to win the lightweight game 27-18.

Kropp of Ela was back in action and scored 16 points. Buchta had 14 and Barnstable 13 for the winning Antiock five.

Pirates Still Cling To Both Conference Flags

Bensenville Fives Victims Once More

Both Palatine teams remained undefeated in conference play as they defeated Bensenville on the Bisons' home court by scores of 27-23 in the lightweight game and 52-24 in the varsity engagement.

Winning the lightweight game was a long step toward the conference title as Bensenville has one of the three strongest junior teams in the league. It was a big third period which won for Palatine after a 10 all tie at the half. Howes paced the third quarter rally with seven points to give Palatine a 21-15 lead. Harris who sank 12 points to top both teams kept Palatine in the lead with three field goals in the final quarter. South and Miller were the leading performers for a smooth working Bensenville lightweight team which had a better shooting percentage but fewer shots than their opponents.

Lead at Half 30-8

The Palatine varsity rolled up a 30-8 half time lead and with reserves holding down most of the positions continued to hold the edge on Bensenville during the second half. The Pirates played slow deliberate basketball most of the game. Their opponents were allowed to get set in their zone defense and then the Pirates worked the ball in for short shots by fast passing. On the basis of all 'round play it was Palatine's best conference performance this season. Palatine had one of their lowest shooting percentages with 22.7 while Bensenville hit 25 per cent.

Subs See Action

Bob Hollinger who still needs a special brace for his knee forgot to take it along and Coach McElroy kept him out of the game rather than risk an injury. Chuck Snyder shifted to Hollinger's forward spot and scored 16 points as well as doing a lot of clever passing. Hahnfeldt likewise hit for 16 counters. Both boys saw about 20 minutes service. Birks and Godknecht paired at guards for more than half the game and turned in creditable performances as did McCombs at forward where he scored six points. DeBerge and Hildebrandt got plenty of rest for their battle Saturday night with Hebron's giants after playing thru the first half.

For Bensenville Jack Thomas, Newman and Buman each scored three baskets while Gutnik was the Bisons' main defense.

Grant Gives Wauconda Third Licking In Row

Grant handed Wauconda their third straight defeat Friday 31-27 and knocked Herrman's team out of a second place tie in the conference standings. The box score would seem to indicate that Grant's chief defense was personal fouls inas much as they were charged with 28 infractions while Wauconda could cash in on only 11 out of 31 attempts from the free throw line. Grant lost five players on fouls and a sixth for unnecessary roughness.

Oswald and Porten scored 10 points apiece for Wauconda while Zeigler and Gerstein, who played with the lights the previous week, had seven each for Grant. McNally, leading conference scorer, made but four points. Earlier in the season Wauconda beat Grant 40-24.

Grant's lights pulled away in the ecnd half to whip Wauconda 21 11.

Palatine Victorious Over Outstanding Hebron Five

Six Footers Fail To Stop Pirates' Fast Accurate Shooting

Before the record crowd of the season Palatine defeated the famous Green Giants of Hebron Saturday night 44-41 in one of the best basketball games ever seen on the Palatine court. Both teams hit an unusual percentage of shots but it was the balanced scoring of the Pirates and their ability to sink shots over the Hebron zone defense which kept them in the lead. The Palatine lights made it a double victory by winning 15-14.

Pirates Lead 15-11 at Quarter

Hebron was off to a 4-2 lead in the first two minutes of play on a basket by Judson and free throws by Kjellstrom and Voltz, but the Pirates soon passed them and were never headed thereafter. At the quarter Palatine was in front 15-11 due to three consecutive hits by Hollinger from the corner, four points apiece by Hahnfeldt and Hildebrandt, and De Berge's free throw.

After making six goals in 17 shots in the first period the Pirate shooting fell to three out of 13 in the second quarter while Hebron was making three out of nine plus two free throws. Palatine had a seven point lead two minutes before the half due to Snyder's shooting, but Hebron cut it to 22-19 at the intermission.

Hebron Rallies At Finish

Palatine sank five out of 14 shots while Hebron dumped in four out of nine in the third period as Palatine increased their lead to 32-27. Hahnfeldt of Palatine and Burgett of Hebron led the scoring in this quarter. In the last quarter Hebron pulled up to within one point of Palatine at 34-33 but Hollinger and Hildebrandt put on a drive which moved the count to 40-33 midway in the period. Hebron played a rushing game in the last few minutes to pull up almost on even terms as they scored four of their last five shots.

Play Best Game of Season

Judson and Burgett were the principal scorers for Hebron's giants getting 15 and 12 points respectively. Hildebrandt kept the Hebron center, Voltz, well covered, holding him to five points while collecting 12 himself. Hollinger scored 14 and Hahnfeldt 11. Palatine's fast aggressive playing made up to a great extent for the dicerence in height of the two teams. Hildebrandt and De Berge got many more rebounds than had been expected against their tall opponents.

Palatine really reached the peak of their playing for the season in this game. The Pirates caged 19 baskets in 56 attempts for 34 per cent while Hebron, getting closer shots due to their height, rang up 18 goals in 43 tries for 42 per cent.

Palatine Lights Win 15-14

In a slow cautiously played lightweight game in which both teams played tight zone defenses, Palatine emerged victorious 15-14. The junior Pirates led most of the game but had to score in the final two minutes to overcome a Hebron one point lead.

State Tourney Schedule Is Announced

Pirates, Bisons At Wauconda, Wheaton As Arlington Draws Bye

The state office has announced the placing of teams in district and regional tournaments. Wauconda will again be the site of the district tournament of the Waukegan region. Hebron will hold a district meet in the Woodstock region. Wheaton will haev the preliminary tourney in the Glenbard region.

Teams assigned to Wauconda are the same as last year with the exception that Barrington competes in place of Zion-Benton. The latter is sent direct to the Waukegan region due to its large enrollment. The teams competing at Wauconda starting February 26 are Warren and Lake Forest from the Northeast conference and Palatine, Wauconda, Northbrook, Grant, Ela and Barrington from the Northwest loop. The winner and runnerup advance to the Waukegan meet the following week along with the six teams sent there direct. These six are Maine of Des Plaines, New Trier of Winnetka, Waukegan, Niles, Libertyville, and Zion.

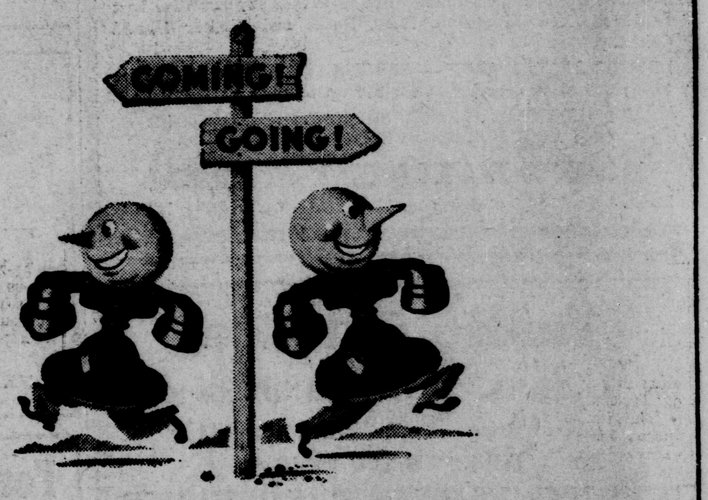

Teams at the Hebron district are Antioch, Capron, Hebron, Richmond, McHenry, Plato Center, and Huntley. At the Woodstock regional Arlington, Elgin, Dundee, Harvard, Crystal Lake and Woodstock will compete along with two from the Hebron preliminary tourney.

At Wheaton the host school along with Argo, Leyden of Franklin Park, Lemont, Hinsdale, Riverside, West Chicago, Lockport, and Bensenville will compete for the chance to enter the regional at Glenbard. In the latter tourney the teams who advance automatically are York of Elmhurst, Glenbard of Glen Ellyn, Morton of Cicero, Proviso of Maywood, Downers Grove and La Grange.

Mac Says-

by GERALD A. MC ELROY

If Palatine has any basketball fans who were not on hand last Saturday night, it was because they were business men and had to keep their estbalishments open. People were there who were seeing their first game in years and all went away with a feeling that they had seen some of the best games ever played in the Palatine gym. Hebron lived up to all advance notices and the Palatine quintet even surprised some of its most ardent supporters by the brand of playing displayed.

Was Fourteenth Victory

Saturday's game was Palatine's victory number 14 in 16 games. The defeat was Hebron's third in 17 tilts. Palatine lost to Waterman 29-23 and to Niles 41-37. Hebron had been beaten by Waterman 34-33 and by Dundee 25-23. The game Saturday upheld a statement we made earlier in the season that four of the outstanding teams in Northern Illinois are in small schools and must play in district tournaments. The four are Waterman, Wheaton, Hebron and Palatine.

CARDS VS. PIRATES FEB. 11

The way Arlington has been going lately it looks like that game they have scheduled with Palatine for February 11 ought to bring in plenty of revenue for the Cardinals' athletic treasury. Palatine fans are sure to follow the team to Heights and Arlington will be out in force hoping that their favorites may be hitting as they were in the Warren and Libertyville games. If they are the Cardinals may stage an upset over their neighboring rivals of other years.

KROPP & McNALLY TIED

Scoring leaders in the Northwest Conference are McNally of Grant and Kropp of Ela with 68 points apiece in six games. Right behind are Hildebrandt and Hahnfeldt of Palatine with 63 and 62. Kropp suffered a broken finger a few weeks ago and saw little action in the Barrington game or he no doubt would be out in front.

LEYDEN ON THE SPOT

Leyden, the team we picked to win the Northeast title, has slipped badly but still has a chance to gain a tie for the championship. Friday they meet the unbeaten Woodstock quintet on the small court at Franklin Park where fast breaking tactics do not work so well. If they can whip Zimmerman's pace setters and then Niles can also humble the Blue Streaks, the race might end in a three way tie. This is possible but not probable for Woodstock seems to be playing a brand of ball that makes the chances of their losing both of their remaining tough games rather remote.

Also on Friday Niles, unbeaten lights tangle with one of their toughest rivals, Crystal Lake. While the Niles lights lead the league by two games, their position seems safe but they have no set-ups in Crystal Lake, Woodstock and Arlington among those left to play.

MAY CLINCH TITLE NEXT WEEK

In the Northwest Conference, Palatine, leading by two games with four to go, plays second place Northbrook this week and next week goes to Antioch to meet the other second position rival. If Palatine can dispose of the next two, they have an undisputed title in the bag two weeks before the season closes. The Pirate lights are also in a favorable position. Three of the remaining four games are with second division teams and only Barrington appears to be really tough and we do mean tough.

WE GUESS AGAIN

This week we are inclined to pick Palatine over Northbrook in the second toughest conference game to date, Barrington to trim Bensenville in a close one, Wauconda to beat Ela, and Grant to beat Antioch in Northwest games. In the Northeast we pick Woodstock, Warren, Arlington and Niles to beat Leyden, Lake Forest, Libertyville and Crystal Lake. There are plenty of chances to go wrong in that list.

TOURNAMENTS COMING

Teams from this area will play in the same tournaments as last year. Palatine starts out in the Wauconda district, Bensenville competes in the Wheaton district, and Arlington Heights has again been assigned to the Woodstock regional. From our viewpoint that Woodstock regional will be the toughest in the state just as was the one at Crystal Lake last year. With Elgin, Dundee, Hebron and Woodstock in the same tournament you really have class. Arlington and Harvard are no setups either and might just as likely upset one of the favorites.

DISTRICTS OPEN FEB. 26

The district tournaments start February 26, followed by regionals, sectionals, state quarter finals and state finals. Quite a long series for a few lucky teams. It takes a combination of playing class, great physical condition, and plenty of breaks for any team to travel very far down that long series of tournament games.

Fishing Most Popular

Fishing, according to the National Wildlife federation, is the most popular of all sports in the United States, having a larger active following than any other form of recreation. A number of states are catering to feminine anglers by establishing lower license fees for them. The grand dowager of the whole angling clan in the United States is believed to be Mrs. Sarah Ross, of Welston, Ohio, who at the age of 96 cherishes a cane pole outfit next to a well-seasoned corn-cob pipe.

Pirates Down Dundee, 32-29

Palatine traveled to Dundee Tuesday afternoon for a practice game of basketball and came home the victor 32-29. It was the first time a Palatine team ever outscored a Dundee varsity quintet. Coming three days after whipping Hebron it appears that the Pirates have greatly improved and are one of the leading teams in northern Illinois.

The Pirates game with Dundee was of regulation length and found both teams missing numerous baskets. Dundee led 14-12 at the half and Palatine was in front 26-22 at the third quarter. The Pirates won the game on free throws hitting eight out of 10 while Dundee made three out of eight.

Palatine's scoring was evenly divided. Hildebrandt scored eight points while the other four players, Hahnfeldt, Hollinger, Snyder and De Berge each collected six. For Dundee, Schumacher made 13 points but other players were held to four or less. Palatine's shifting man for man defense and their rebounding appeared to have improved most since the teams met before. Dundee took two earlier decisions at Palatine 51-38 and 35-27.

Palatine's second five lost to Dundee Tuesday in an abbreviated game of three periods 31-17. Bill Godknecht played best for the Pirate seconds.

Northbrook Hangs On To Second Place By Beating Barrington

Northbrook remained in second place in the Northwest standings by defeating Barrington 26-21 last Friday. It was the second league victory for the Viking varsity over the Bronchos. Barrington took the lightweight game easily 34-14 to stay on the heels of the league leading Palatine quintet.

Howard Strause had a big night in the varsity game by scoring 20 of his team's 26 points before leaving the game on fouls.

League Leaders Rally To Beat Arlington Five

Cardinals Lose 40-28 From Woodstock In Last Quarter

Woodstock's league-leading basketball team rallied in the fourth quarter to win from Arlington's Cardinals, Friday, by a score of 40 to 28. Woodstock took a six point lead in the first quarter, saw it whittled to one point at the half and trailed at the third quarter by a point.

Seagrist and O'Brien went "hot" in the fourth period to pull the game out of the fire. Woodstock also took the preliminary game in the same fashion, coming from behind in the last four minutes.

John Seagrist, who towers six feet, four inches from the floor, took the first tip-off but Arlington opened the scoring on John Harth's free throw. Dibler tied it with a free throw and put Woodstock ahead with a basket. Seagrist dropped in a free toss and Becker hit for Arlington. The score was 5-3. Seagrist hit a free-throw and a pivot shot while Harth was collecting a rebound shot. Dibler and Schimmel each scored to put Woodstock out in front 11-5 at the quarter.

Harth dominated the ball game in the second quarter as he smothered the opposing center, Seagrist, around whom the Woodstock attack was revolving. Mueller hit a one-hand shot in a flurry of Arlington rebound efforts. Harth shoved one through after a good fake. Dibler broke through for a drive-in for Woodstock.

Seagrist fouled Harth and big Johnny made both points. Harth hooked Seagrist and the Woodstock Johnny cashed one of two. Millay cut through the Woodstock front line for a shot which missed, but he scored on the rebound. The half ended 14-13, Woodstock, with Arlington definitely in command of the play. The Woodstock attack had been thoroughly bottled up and Arlington was controlling the ball steadily.

Ed Mueller took over the burden of Arlington's attack in the first few minutes of the second half. His two free throws and a basket gave the Cardinals a momentary lead which Schimmel and O'Brien recaptured with a basket each. O'Brien and Dibler hit free throws to widen the margin but Millay came back for the Cards with a one-hander from the side and a set shot from out in front.

Seagrist put Woodstock back in front with a rebound and Jarvis promptly sank a forty foot shot to give Arlington a 23-22 lead at the close to the third period. Seagrist had three personal fouls now and Woodstock stood in danger of losing both him and the ball game.

In the first four minutes of the last period Dibler and Seagrist hit baskets and Carlson scored a free throw. Jarvis crashed another long one from the center circle. Millay hit a free throw for the Cardinals and O'Brien drove through for a basket. The score stood 29-25 with four minutes to go. Fortunately for Woodstock, Seagrist escaped unscathed from several close scrapes with the law.

Woodstock, which had a shooting record of ten baskets in forty-nine shots, suddenly began to hit. O'Brien and Seagrist took ten shots in the remaining four minutes and hit six. Two of them were easy tries. Mueller bombarded the basket for Arlington but was only close. He made two free throws out of four as Dibler fouled out on hacking offenses. The final score was 40-28.

Arlington dropped back from its good shooting in the two preceding games and hit seventeen per cent. Woodstock's blazing finish gave them a record of twenty-seven per cent. The game was an exhibition of first class basketball with no unnecessary roughness and with fine spirit on both sides. The teams deserve credit for their self-control in the face of the loosest kind of officiating.

Woodstock goes to Leyden for a return match with Leyden's Eagles, whom they beat 66-48 last week on Tuesday. Arlington journeys to Libertyville, whose Wildcats were beaten 47-34 at Arlington recently. Both games promise to be warm encounters.

Lights Lose, 29-25

Friday night at the new Woodstock gymnasium, the Arlington lightweights lost a close decision 29-25. After a great third quarter when the Green Tornadoes dropped in ten points to their opponents three points to take a 24-20 lead, the locals cooled off and were held to a single free throw the fourth quarter while Woodstock scored nine points to take the ball game.

Hank Dorband dropped in two beautiful long shots while Merrill, Morici and Coleman each scored on set-ups in the third quarter to change the complexion of the ball game in Arlington's favor. The hosts were not to be outdone though, and rallied in the last quarter with nine points to sew up the ball game. Arlington defense collapsed and the offensive passing was very bad in the last period. These two factors cost a ball game.

Niles Trojans Cop Pair of Thrillers From Libertyville

by TOMMY KOUZMANOFF

Les Galitz's band of Trojan cagers, defeated but once in seven northeast starts, retained their firm grip on second place by turning back Art Bergstrom's Libertyville Wildcats in both encounters on the Skokie floor last Friday, Niles' lights taking the opener 32-29 and the home heavies outscoring the 'Cats, 37-33.

Niles' juniors, coached by Norman Kent, in hanging up their seventh consecutive triumph staged a great second half rally. Libertyville led 19-11 at half time. Weiskopf of the visitors was high scorer with 11 points.

The feature tilt kept the crowd of five hundred on its feet from start to finish with bits and dashes of dazzling floor play and sensational "Madison Square Garden" style one-handed push shots from all distances and angles. Strand of Libertyville was easily the individual scoring star with five baskets and as many conversions from the charity lane. Williams' ability to control most of the rebounds spelled victory for the Trojans.

Antioch Overpowers Ela By 46-35 Score

Antioch displayed plenty of scoring power Friday to overpower Ela 46-35. The Sequoits led all the way with a half time lead of 20-12. Ela rallied to win the lightweight game 27-18.

Kropp of Ela was back in action and scored 16 points. Buchta had 14 and Barnstable 13 for the winning Antiock five.

Pirates Still Cling To Both Conference Flags

Bensenville Fives Victims Once More

Both Palatine teams remained undefeated in conference play as they defeated Bensenville on the Bisons' home court by scores of 27-23 in the lightweight game and 52-24 in the varsity engagement.

Winning the lightweight game was a long step toward the conference title as Bensenville has one of the three strongest junior teams in the league. It was a big third period which won for Palatine after a 10 all tie at the half. Howes paced the third quarter rally with seven points to give Palatine a 21-15 lead. Harris who sank 12 points to top both teams kept Palatine in the lead with three field goals in the final quarter. South and Miller were the leading performers for a smooth working Bensenville lightweight team which had a better shooting percentage but fewer shots than their opponents.

Lead at Half 30-8

The Palatine varsity rolled up a 30-8 half time lead and with reserves holding down most of the positions continued to hold the edge on Bensenville during the second half. The Pirates played slow deliberate basketball most of the game. Their opponents were allowed to get set in their zone defense and then the Pirates worked the ball in for short shots by fast passing. On the basis of all 'round play it was Palatine's best conference performance this season. Palatine had one of their lowest shooting percentages with 22.7 while Bensenville hit 25 per cent.

Subs See Action

Bob Hollinger who still needs a special brace for his knee forgot to take it along and Coach McElroy kept him out of the game rather than risk an injury. Chuck Snyder shifted to Hollinger's forward spot and scored 16 points as well as doing a lot of clever passing. Hahnfeldt likewise hit for 16 counters. Both boys saw about 20 minutes service. Birks and Godknecht paired at guards for more than half the game and turned in creditable performances as did McCombs at forward where he scored six points. DeBerge and Hildebrandt got plenty of rest for their battle Saturday night with Hebron's giants after playing thru the first half.

For Bensenville Jack Thomas, Newman and Buman each scored three baskets while Gutnik was the Bisons' main defense.

Grant Gives Wauconda Third Licking In Row

Grant handed Wauconda their third straight defeat Friday 31-27 and knocked Herrman's team out of a second place tie in the conference standings. The box score would seem to indicate that Grant's chief defense was personal fouls inasmuch as they were charged with 28 infractions while Wauconda could cash in on only 11 out of 31 attempts from the free throw line. Grant lost five players on fouls and a sixth for unnecessary roughness.

Oswald and Porten scored 10 points apiece for Wauconda while Zeigler and Gerstein, who played with the lights the previous week, had seven each for Grant. McNally, leading conference scorer, made but four points. Earlier in the season Wauconda beat Grant 40-24.

Grant's lights pulled away in the econd half to whip Wauconda 21 11.

Palatine Victorious Over Outstanding Hebron Five

Six Footers Fail To Stop Pirates' Fast Accurate Shooting

Before the record crowd of the season Palatine defeated the famous Green Giants of Hebron Saturday night 44-41 in one of the best basketball games ever seen on the Palatine court. Both teams hit an unusual percentage of shots but it was the balanced scoring of the Pirates and their ability to sink shots over the Hebron zone defense which kept them in the lead. The Palatine lights made it a double victory by winning 15-14.

Pirates Lead 15-11 at Quarter

Hebron was off to a 4-2 lead in the first two minutes of play on a basket by Judson and free throws by Kjellstrom and Voltz, but the Pirates soon passed them and were never headed thereafter. At the quarter Palatine was in front 15-11 due to three consecutive hits by Hollinger from the corner, four points apiece by Hahnfeldt and Hildebrandt, and De Berge's free throw.

After making six goals in 17 shots in the first period the Pirate shooting fell to three out of 13 in the second quarter while Hebron was making three out of nine plus two free throws. Palatine had a seven point lead two minutes before the half due to Snyder's shooting, but Hebron cut it to 22-19 at the intermission.

Hebron Rallies At Finish

Palatine sank five out of 14 shots while Hebron dumped in four out of nine in the third period as Palatine increased their lead to 32-27. Hahnfeldt of Palatine and Burgett of Hebron led the scoring in this quarter. In the last quarter Hebron pulled up to within one point of Palatine at 34-33 but Hollinger and Hildebrandt put on a drive which moved the count to 40-33 midway in the period. Hebron played a rushing game in the last few minutes to pull up almost on even terms as they scored four of their last five shots.

Play Best Game of Season

Judson and Burgett were the principal scorers for Hebron's giants getting 15 and 12 points respectively. Hildebrandt kept the Hebron center, Voltz, well covered, holding him to five points while collecting 12 himself. Hollinger scored 14 and Hahnfeldt 11. Palatine's fast aggressive playing made up to a great extent for the diference in height of the two teams. Hildebrandt and De Berge got many more rebounds than had been expected against their tall opponents.

Palatine really reached the peak of their playing for the season in this game. The Pirates caged 19 baskets in 56 attempts for 34 per cent while Hebron, getting closer shots due to their height, rang up 18 goals in 43 tries for 42 per cent.

Palatine Lights Win 15-14

In a slow cautiously played lightweight game in which both teams played tight zone defenses, Palatine emerged victorious 15-14. The junior Pirates led most of the game but had to score in the final two minutes to overcome a Hebron one point lead.

State Tourney Schedule Is Announced

Pirates, Bisons At Wauconda, Wheaton As Arlington Draws Bye

The state office has announced the placing of teams in district and regional tournaments. Wauconda will again be the site of the district tournament of the Waugegan region. Hebron will hold a district meet in the Woodstock region. Wheaton will haev the preliminary tourney in the Glenbard region.

Teams assigned to Wauconda are the same as last year with the exception that Barrington competes in place of Zion-Benton. The latter is sent direct to the Waukegan region due to its large enrollment. The teams competing at Wauconda starting February 26 are Warren and Lake Forest from the Northeast conference and Palatine, Wauconda, Northbrook, Grant, Ela and Barrington from the Northwest loop. The winner and runnerup advance to the Waukegan meet the following week along with the six teams sent there direct. These six are Maine of Des Plaines, New Trier of Winnetka, Waukegan, Niles, Libertyville, and Zion.

Teams at the Hebron district are Antioch, Capron, Hebron, Richmond, McHenry, Plato Center, and Huntley. At the Woodstock regional Arlington, Elgin, Dundee, Harvard, Crystal Lake and Woodstock will compete along with two from the Hebron preliminary tourney.

At Wheaton the host school along with Argo, Leyden of Franklin Park, Lemont, Hinsdale, Riverside, West Chicago, Lockport, and Bensenville will compete for the chance to enter the regional at Glenbard. In the latter tourney the teams who advance automatically are York of Elmhurst, Glenbard of Glen Ellyn, Morton of Cicero, Proviso of Maywood, Downers Grove and La Grange.

Remember—your telephone works both ways

● You use the telephone so often to call some one else that you may not realize how often others use it to call you. Actually, much of the value to you in "having a telephone" lies in those incoming calls. Surveys show that many families receive more calls than they make.

REMEMBER? . . . last night the Browns telephoned—so you're going over there tonight for bridge . . . then Betty's friend called to straighten out a school assignment . . . and Aunt Helen talked to you from Ohio to say Uncle Jack is much better . . . and a neighbor rang up to discuss plans for the next club meeting. All incoming calls—and all important!

When you stop to figure how much your telephone helps to make life more pleasant, add the calls you *receive* to those you make—to get a full appreciation of its value.

It is the constant aim of your company to provide the finest possible telephone service at the lowest possible cost to you. . . . Illinois Bell Telephone Company.
